Dear Sir:

I am in receipt of a memorandum from the Surveys & Engineering Branch in which they state that Mr. Webb has recommended a new well at the Tsartlip Indian Day School.

It has been suggested that the appropriation for Indian education be responsible for the pump and well cover the estimated cost of which is \$50.00. You may, therefore, incur an expenditure to the amount stated above and the account should reach the Department before the 31st instant.

Yours truly,

Mr. Phelan. It has occurred to me that there would not be sufficient time to get a transfer of funds through to the Surveys and Engineering Branch, and that if the well at the Tsarlip Day School is required Indian Agent Moore could be authorized to purchase the pump and well cover as it's cost is \$50.00.

Memorandum:

Mr. Wardle.

Re: Water Supply Saanich Indian Reserves No 1, 2, 3, and 4.

A recent letter from Mr. Webb stated that the work authorized for these reserves had been completed at a cost of \$516.83 leaving a balance of \$25.17. He also forwarded a copy of a letter from Indian Agent Moore asking that surplus funds be expended on the purchase of 30 bags of cement to line a well on the Indian Reserve No 2 to be dug by certain Indians and lined by them, and the purchase and installation of a new pump and well cover at Tsarlip Indian Day School. The cost of cement at Saanich Reserves is \$1.35 per bag and the estimated cost of pump and well cover is given by Mr. Moore as \$50.00.

There is available in 71-60-119 an amount of \$53.33 provided for work at Morley which will not be undertaken and enough of this can be transferred to 71-60-152 to enable either one of these items to be undertaken. If this transfer is approved, it is recommended that Mr. Webb be authorized to consult Mr. Indian Commissioner MacKay and to undertake whichever one of the two items is considered to be the more important, as the funds available are not sufficient for both. An early decision will be appreciated as the work, if undertaken, will have to be done this month.

Respectfully submitted,

Chief Engineer T.S. Mills.

Note: Surveys and Engineering have been instructed to purchase the 30 bags of cement for the well on Saanich No 2 Reserve.

Dear Sir:

I beg to advise that Mr. Indian Agent Moore has applied for authority to expend the sum of approximately \$30.00 on improvements to the interior of the Tsartlip Indian Day School. These improvements consist of kalsomining the walls and ceiling of the class room, other minor improvements, and varnishing the school desks.

An item was included in the current year's estimates to cover this expenditure and, if funds are available, I would recommend that the application be approved. An early reply would be appreciated.

Yours faithfully,

October 15th. 1941.

Sir:-

I would respectfully refer to your letter of November 13th. 1940. File No. 152-14-5 wherein you were good enough to authorise the purchase of cocoa, milk and sugar for the pupils of the Tsartlip Indian Day School to an amount not to exceed \$3.00 per month as from November 15th. until March 31st. to be used to augment the midday lunch of these children.

I would ask the Department to be good enough to continue this service again this year because it worked out quite well during last winter, and according to the report of the Teacher, it was, "a decided factor towards keeping the children healthy and contributed to their regular attendance at school".

I feel that if it helps the health of the children at all and encourages their attendance at school it will be money well spent. The total expenditure for the season will not exceed \$15.00. An early reply will be appreciated.

Yours obediently;

The Secretary;
Indian Affairs Branch,
Mines & Resources.

Dear Sir:-

I respectfully submit the following
estimate for work to be done at the Indian School, Brentwood.

Interior:

"Walls and ceiling will be kalsomined in
the classroom and outer hall.

"All seats (26) will be varnished.

The above mentioned work will be done in a
clean and workmanlike manner for the sum of twenty eight
dollars. (\$28.00)

"All the woodwork will be cleaned and also
the floors, and the school will be left ready for occupancy.

I trust this Estimate will meet with your
approval and can assure you of my personal attention to your
instructions at all times.

December 2, 1941

Dear Sir:

In explanation of the attached Voucher No. 588 amounting to \$4.25 in favour of Mrs. Mary Ormond, 931 Southgate St., Victoria, for emergency supplies and repairs to the playground equipment at the Tsartlip School, I wish to advise that the eye bolts and lap links were purchased to repair the swings as the other bolts and links had worn thin and were dangerous for the children while playing. I might say in this regard that I authorized those repairs myself.

With reference to the football bladders and the repairs to the football, Mrs. Ormond got those herself without any reference to me but, as it would appear that they were necessary, I am sending the accounts forward in the usual way in the hope that the account may be paid.

Obediently yours,

Duncan, B. C.

September 13th. 1943.

Indian Affairs Branch, Mines & Resources. Ottawa.

I beg to request authority to purchase materials for a hot drink for the pupils of Tsartlip Indian Day School commencing October 1st. next and ending March 31st. 1944. amounting to \$4.50. monthly.

In explanation of the extra amount asked for, I might say that the pupilage at this school this year is considerably increased and then on account of higher prices the money does not go so far.

With reference to the present set-up of teaching at this school, I might say that under date of the 3rd. instant I made quite a lengthy report to the Indian Commissioner stating the improved conditions there and the splendid spirit which now exists over what we found previously, in fact ever since I came to the Agency. The Sister in charge, (Sister Maureen Regan) has done an excellent job in the short time she has been there and the attendance-even at this early date-has been much higher than at any time during the past year. I feel extremely confident that the future of the school is most promising and since I came here I never found the children so clean, attentive, well managed and happy as they were the day I visited. Altogether, I believe that-insofar as this school is concerned-the Department made a wise move to engage the Sister, particularly one so well qualified as Sister Maureen Regan is. This particular school, pupils and teachers alike, have been a headache to me for years and I really feel now that we will make progress. In my opinion at least the teacher deserves every encouragement from the Department and so far as I personally am concerned, I intend to go out of my way to help her in every way I possibly can.

Mr. R. H. Moore, Indian Agent, Duncan, B. C.

I desire to acknowledge receipt of your letter of the 13th instant and to state that you are authorized to purchase the supplies necessary to provide a hot drink for the pupils in attendance at the Tsartlip Indian Day School. It is noted that these hot drinks will be provided during the period October 1 to March 31 and that the cost will amount to approximately \$4.50 a month. Your report on the work that is being accomplished at this school is very much appreciated.

Major D.M. MacKay, Indian Commissioner for B. C. Vancouver.

In reply to your letter above noted and further to mine of the 3rd. instant, I beg to attach hereto, in duplicate, a list of materials required for the proposed building for use at the Tsartlip school as a storeroom and toilet.

You will please note that the total cost will amount to \$83.59 inclusive of a charge of \$36.00 for labor in erection, which is at the rate of \$8.00 per day. This building is urgently needed and I would recommend that the authority be granted as soon as possible.

The attendance at this school has been 100% since the day it opened and the children are as happy and contented as the flowers in June, all of which goes to show that if they like the teacher they will attend. I certainly feel that every assistance and encouragement should be given to this school and the Teacher as she is doing a grand job of work there.

Duncan, B. C.
September 3, 1943.

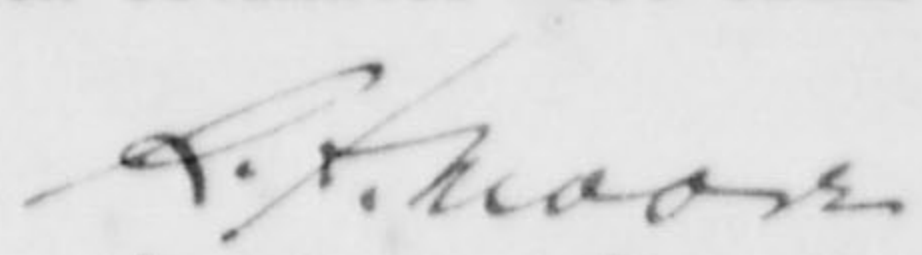

Major D. M. MacKay, Indian Commissioner for B.C., Vancouver, B. C.

I wish to advise that I have just returned from a visit to the Tsartlip Indian Day School and met the Reverend Sister Maureen Regan and her co-teacher Reverend Sister Elizabeth Ann. It appears that there will be two teachers there in fact, while officially just one. The latter sister is teaching the primary class, using the entrance hall as a class room. This hall is the only store room we have in this school and it is piled up with garden and manual training supplies and tools, paper towels, toilet paper, janitor's brushes and supplies, school supplies and other impedimenta such as wash basins, pails etc. etc. all of which will show you how unsuitable it is for a class room. I should mention that it is only during certain subjects that the hall is being used, the rest of the time the pupils are in the class room with the other pupils.

I found that there was an attendance of 16 pupils each day since the school reopened and I have never seen the children so happy, clean and well behaved since I first visited that school and never found so large an attendance on any one day during the past year. My first impression of the Teachers is particularly good and I feel extremely confident of what the future of this school holds for the pupils and the Department regarding increased benefits. These two teachers appear particularly well qualified and seem to have the knack of handling children, although this is their first attempt at teaching Indians.

Sister Regan asked me about a separate toilet for the teachers and a small storeroom for the supplies at present piled in the hall of the school building, and I feel that the request should receive favourable consideration.

I wish to recommend that we erect a small building approximately 9 feet long, 6 feet wide and 7 feet high with a shed roof, which would act as a combined storeroom and toilet with a partition between them and which could be put up near the small woodshed and kept locked. No windows would be required, other than a small ventilator on the toilet side, and three ply roofing could be used instead of shingles. I think a building such as this could be put up for approximately \$70.00 including the labor. If this recommendation receives favourable consideration by you I can get particulars of materials and labor costs. Please understand that this expenditure could not have been foreseen as the appointment of Sister Maureen Regan was not anticipated when estimates were submitted.

I enclose herewith Mr. Indian Agent Moore's letters of the 3rd and 24th ultimo requesting authority to expend \$83.59 for the provision of a building for use as a store room and outbuilding at Tsartlip Indian Day School.

It will be noted that while the Department approved of the appointment of Sister Maureen Regan as teacher of the school, that she is accompanied by Sister Elizabeth Ann which appears to be, in part, the reason for the provision of this building in order that the small store room in the school can be used as an extra classroom.

OK
In view of Mr. Moore's recommendation, I would recommend approval of the application if funds could be provided for this purpose. If the expenditure is approved, I would request advice in the matter by air mail as the uncertain state of the lumber market makes it imperative to accept quotations as early as possible if price changes are to be avoided.

I beg to submit herewith a Requisition for school material and one for general supplies for the Tsartlip Indian Day School which I trust will be found in order and which can be filled at an early date. For your information I might say that at the moment and for the past ten days we have had thirty or more pupils attending this school, which is about twice as many as there is accommodation for. I am trying to arrange to get the use of another building near there for the junior classes at this school, and of which you will be advised in a few days.

AIR MAIL

Indian Affairs Branch, Department of Mines and Resources,
Ottawa, Ontario.

Additional seating accommodation is urgently required for the Tsartlip Indian Day School. While in the Cowichan Agency recently I called at this little school and was gratified to find thirty pupils present out of an enrollment of thirty-four. Much credit is due to the new teacher, Sister Maureen Regan, for the increased attendance and the keen interest being displayed by the Indian parents in the school.

4 52/03
The school is much too small for present and future requirements and should be replaced by a new school as soon as funds can be provided. Provision was made for this purpose in the post-war program of new construction submitted to the Department some time ago. In the meantime, it is suggested that long desks be constructed at the back of the classroom to accommodate six to eight pupils now sharing single desks with other pupils, the available space being too small for eight complete single desks. A quotation on what is required is enclosed, together with copy of a covering letter from Mr. Indian Agent Moore. The cost seems high but is in line with prevailing rates both for material and labour. It would be preferable, of course, to furnish new regulation desks but in addition to lack of space to accommodate them supplies are not available, at least in this Province.

If funds are available, I would recommend that construction of the desks required be approved.

Major D.M.MacKay, Indian Commissioner for B.C. Vancouver.

You will please remember the verbal instructions issued by you-during your recent visit to this Agency- to the undersigned with respect to getting a quotation for carpenter made wooden desks for the Tsartlip school. Well after some difficulty I finally managed to get the carpenter-cabinetmaker from Mitchell & Anderson to go to the school with me and make the necessary measurements of the size and structure of the desks required. I have now received a list of the materials deemed necessary, plus an estimate of the price of construction, which I attach hereto in duplicate and which amounts to \$52.03 delivered at the school.

Duncan, B. C.

January 31st. 1944.

Indian Affairs Branch, Mines & Resources. Ottawa.

I beg to submit herewith, two requisitions-one of which is in duplicate- received today from the Teacher of the Tsartlip School.

The pupilage of this school now stands at 34 and the little room is jammed to the door, which you can readily understand when you consider that the room was originally built intended to accomodate 16 pupils. These extra pupils have put an extra drain on all school supplies and makes a lot more work for the Teacher who finds that she needs a duplicator for getting out the work for the various classes as she has not got the time to put the work for each class on the board, nor in fact has she got the board space. I would therefore recommend that this be supplied.

The other requisition is for general supplies and it is noted that the prices were got from the Clarke & Stuart Co. catalogue as the only one available, I suppose, to the teacher. However, I think we can get the supplies in Victoria from one of the wholesale house for even less.

I beg to forward herewith Application for
Special Gasoline Ration for Sister Maureen Regan, teacher
of the Tsartlip Indian Day School, Cowichan Agency.

It will be noted that this Application has
been refused by the Oil Controller although Certificate
No. 2 was completed by the Postmaster. It is essential
that Sister Regan have transportation to and from the
School and, as the signature of any one other than the
Chief Executive Assistant is not acceptable to the Oil
Controller, I would recommend that Certificate No. 1 be
signed by Mr. Jackson.

Memorandum:

Purchasing Agent

I enclose herewith Special Category Application for gasoline for Rev. Sister Maureen Regan, teacher of the Tsartlip Indian Day School, Cowichan Agency, B.C.

This application was returned to the Agent and he was advised to have it signed by someone having a personal knowledge of the facts deposed to on page 1. The form was signed by the Postmaster but the Oil Controller refuses to accept the signature of any other than the Chief Executive Assistant.

The Agent recommends that the form be signed as this is the only means of transportation to and from the School for Sister Regan.

This case is similar to that of Mrs. Ruth M. Miller, teacher at Koksilah Indian Day School, whose application was signed by Mr. Jackson.

I would request the necessary authority to enable me to purchase supplies for hot drinks for the mid-day lunch to pupils of the Tsartlip School, junior room.

The pupils will be too far from their homes to allow them to go home for lunch, and as they are all juniors I would recommend that an amount of \$4.00 per month be approved for this purpose.

An early reply would be appreciated.

re: Tsartlip School Jr. Room:

I wish to refer to previous correspondence regarding the opening of the above school room and to advise that so far I have not received any authority covering the rental of \$10.00 per month, which apparently was discussed with someone by the Church authorities. If you will refer to the correspondence you will find that no definite authority was ever received for this expenditure by this Office, and I would be obliged to know just what the situation is, because if I am to be responsible I wish something definite.

With further reference to the opening of the new class room of the Tsartlip school, I wish to advise that the area on which will be used as a playground for the children and which lies between the Hall and the Church will have to have a coat of gravel on it before the wet weather starts. This particular piece of grounds is quite rough owing to the fact that wheel barrow loads of earth were dumped there and left in heaps, which will mean levelling before the gravel is put on.

The gravel will cost \$1.00 per yard and it will cost another \$6.00 to have the ground levelled beforehand. Kindly authorise this expenditure as soon as possible.

I enclose herewith Mr. Indian Agent Moore's letters of the 25th and 30th of August, with reference to the grounds surrounding the church building which is being prepared for use as a second class room at the Tsartlip School. It will be noted that Mr. Moore recommends that the grounds be leveled and graveled at an approximate cost of \$21.00.

In estimating the cost of preparing this building for use as a school room this expenditure was not taken into consideration and consequently was not provided for. Please advise if funds are available for this work.

For your information I enclose herewith two photos of the building in question.

EX'D.
A.

Major D. M. MacKay, Indian Commissioner for B. C.,
Box 70, Vancouver, B. C.

I have for acknowledgment your letter of the 2nd instant, in which you intimate that an expenditure of approximately \$21.00 is necessary for the levelling of the playgrounds at the Tsartlip Indian Day School.

It would be appreciated if the steps necessary to have this work started and completed were undertaken at the earliest possible date. It appears highly desirable that the gravelling should be completed before the start of the wet season.

R. A. Hoey,
Supt. of Welfare & Training.

Mr. R.H. Moore, Indian Agent, Duncan, B.C.

In your letter of August 24 you requested authority for an expenditure of \$4 to purchase supplies for hot drinks for pupils of the junior room at the Tsartlip School. This expenditure was authorized in official letter of August 31. We are now in receipt of your voucher No. 462 and apparently you purchased supplies for a hot drink at both the senior and junior rooms. We are paying this account, but we would like to know why you exceeded the authority given you in official letter of August 31.

Your File No. 152-14-5

Oct. 31/44

In reference to your above noted letter, I would advise that \$4.00 per month was authorized by Departmental letter of August 31 last File No. 152-14-5, covering supplies for hot drink for the Tsartlip Junior School, just opened this Fall. Then under dated of September 2nd, 1944, File No. 152-22-5 authority was granted covering an expenditure of \$3.50 per month for the lunch supplies for Tsartlip (Senior) School, and it will be noted that both authorities were quoted on the voucher submitted.

The total amount authorized for the month was exceeded by .20¢, and I would explain this by the fact that when buying in bulk lots, it is sometimes difficult to keep it to the exact amount, and I trust that the 20¢ over the amount authorized, will be thus explained.

Dear Mr Phelan :-

Father Lauzon advises me that as yet no rental has been received for the parish hall at West Saanichton which as was arranged with the department has been used as a school since last September. The cheque covering same should be sent to Rev X Lauzon, Catholic Rectory, Saanichton B.C. I believe we agreed that the same amount assigned to me for the use of the East Saanichton Church building would be satisfactory namely 20.00 per month during the school year.

I am in receipt of a letter from Bishop Cody, requesting payment of rent for the second classroom opened last Fall at the Tsartlip School. In this connection I would refer you to my letter of August 7, last - our File 152-14-1. You will note, in the last paragraph, it was stated that a rental of \$10.00 a month would be allowed. However, we have not received any voucher. I am having a voucher prepared here for the period September 1 to December 31, 1944, so as not to delay any further the payment to Father Lauzon. Please notify Indian Agent Moore to issue a voucher for the amount due at the above rate each quarter, in future.

Dear Bishop Cody:

With reference to your letter of the 4th instant, Indian Commissioner MacKay was written on August 7, last, that we would allow an expenditure of approximately \$200.00 for minor repairs to the parish hall to which you refer, also a nominal rent of \$10.00 a month. These sums are the same as those requested in your letter to Indian Commissioner MacKay dated July 24, 1944. However, for some reason or other, no voucher has been submitted, and I am arranging to have a voucher prepared and cheque forwarded to Father Lauzon.

Major D.M. MacKay, Indian Commissioner for B.C. Vancouver.

I beg to submit herewith a quotation on material and labor for the erection of two swings and two teeter-totters at the Tsartlip School, Junior Rm. amounting to \$52.15.

As there is no playground equipment at all for the children of this school and as they are all pupils of the lower grades who are too small to play football, baseball or softball, the swings etc. are about the only means of recreation they will have. I would recommend that the necessary authority be given for this expenditure. You will please note that I mentioned in one of my first letters in connection with this school that equipment of this nature would be required.

February 16th. 1945.

Major D.M.MacKay, Indian Commissioner for B.C. Vancouver.

I beg to attach herewith a quotation on the building of a suitable cupboard for the Tsartlip Indian Day School, Senior Room, to keep the Science equipment in.

As you know there is not a cupboard or place of any kind in that building where articles of this nature can be kept and which the pupils can not get into.

This particular equipment is made to fit in one corner of the school room which is the only available place for it and will be fitted complete with locks etc. I would recommend that authority for this be granted as soon as possible for at the present time I have asked the teacher not to unpack the science supplies until we get somewhere to put them that will be safe.

voucher No. 874 in favour of Reverend Father
X Lauzon, in the amount of \$20.00, covering
the cost of electric light supplied to the
junior room of the Tsartlip Indian Day School
during the period November, 1944 to March, 1945,
inclusive. It will be noted that the charges
are estimated from previous accounts, this
procedure being necessary as the rectory, church
and hall are all on the same meter.

The account as submitted is recommended
for payment but I am writing to Mr. Moore to
ascertain if it would not be feasible to instal
a separate meter for the classroom.

APR 18 1945

Indian Affairs Branch, Mines & Resources. Ottawa.

I beg to acknowledge receipt of your letter of the 10th. instant returning the application for special gasoline category for Rev. Sister Maureen Regan submitted by me under cover of letter of April 7th.

It would seem as if we are starting all over again this year where we left off last, and in this regard I would respectfully direct your attention to previous correspondence, listed below:

My letter to Department, March 30th. 1944. with enclosure.
Dr. McGill's letter to me, April 3rd. 1944, File:152-14-5.
My letter to Major MacKay, dated April 21st.
Major MacKay's letter to Dept. dated April 25th. File:3-11-2.
Dr. McGill's letter to me of May 10th. 1944. File: 152-14-5.

If you will please refer to the above correspondence you will note why the special category is requested and necessary. The conditions are exactly the same this year as last and I would request that the Department be good enough to give this further consideration, as I don't wish to return the application to the Rev. Sister until I am sure that I can not get assistance from the Department. In closing I would like to point out that every Rural school teacher in this Province who has to use a car to get to and from their school automatically receives a special gasoline category for this purpose, and it would appear as if Sister Maureen is in this class of employment. She has no other means of transportation and there is none available and 30 miles per day is too much to expect her to cycle. The form with dashboard licence slip is returned herewith.

Sister Regan's application has been submitted for signature by Mr. Jackson, the certificate having been amended for the purpose.

This application is not in the category of those that require Mr. Jackson's signature, which comprises only Department cars and trucks, and cars personally owned and operated on a mileage basis by employees. It is obvious that this office is not in possession of any record that would warrant the signing of certificate No. 2.

The Regional Oil Controller should be informed of this as he is probably under the impression that Sister Regan is one of those for whom it has been arranged that the Chief Executive Assistant would sign certificate No. 2. Any responsible local resident conversant with the facts may sign the certificate which applies to her case, and the Oil Controller will act upon such if he is informed as above.

Your reference to last years correspondence is noted. At that time the clerk who attends to these matters was in hospital and the matter was efficiently taken care of by his stenographer notwithstanding that she was not familiar with the requirements.

Your File # 3-11-12

October 13th, 1944

In reply to your letter above noted, relative to gasoline for Sister Maureen Regan of the Tsartlip School, I wish to say that I conveyed the information to the Reverend Sister, as set out in your letter and have now received her reply which says in part,-

" With regard to the gasoline question: On April 1, 1944 I applied for gasoline to be used for school purposes during the fiscal year from March 31, 1944 to March 31, 1945. Due to some misunderstanding I was not issued a Ration Coupon Book until the latter part of May. Which book, marked "Special A" containing 60 units; and marked "This is your Final Book". In the meantime, I was obliged to use for school driving the "AA" coupons allowed for ordinary driving.

Our car, being a 1933 model, averages 15 miles per gallon of gasoline. When I applied April 1st, for gasoline, this is how I stood regarding mileage, etc.:

From March 1944 - March 1945	45 school weeks
Mileage @ 25 miles per day	5,625 miles
The latter part of May we were issued 60 units	
Mileage on 60 units	2700 miles.

At present I have on hand 25 units
Mileage on 25 units----- 1,125 miles.

This year our mileage averages 26 miles per day, due to the fact that the Junior Room is located $\frac{1}{2}$ mile from the Senior Room.

I have on hand units enough to last 43 days.

I might mention that during the latter part of July we taught "Vacation School" in Saanichton which necessitated our using the car for that week. "

DUNCAN, B. C.
April 24, 1945.

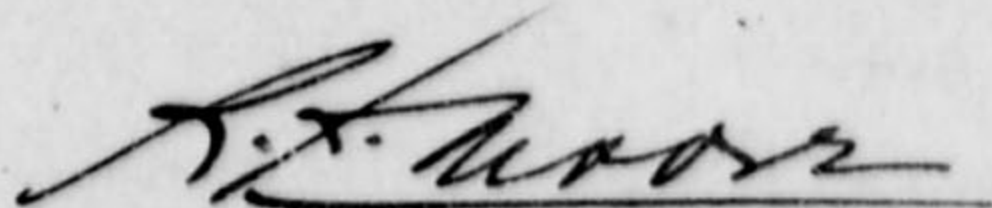

Major D.M. MacKay, Indian Commissioner for B.C., Vancouver.

Referring to previous correspondence relating to the application of Sister Maureen Regan for a Special Gasoline Category, as instructed the form was sent to Ottawa and returned since the Department could not see its way clear to recommend any additional gasoline. On April 16th I again wrote Ottawa (as per copy of letter attached) giving full details and referring to correspondence on the matter with you in 1944. I am now in receipt of a reply (copy also attached) which I trust you will find self-explanatory.

You will note from my letter that I returned the application form along with the dash-board licence slips, but so far the dash-board slip has not been returned by Ottawa and I am unable to have a new form submitted until this is done.

In the meantime, the Reverend Sister is in need of gasoline and it occurred to me that you, as Senior Department Official, might sign this application for the Officer of the Oil Controller, or if not then it can be signed, as suggested by the Department, by some local resident. However, it would seem to me that an official of this Department would be in a much better position to state the facts than an outsider, since Sister Maureen Regan is employed by us.

Your comments on the matter will be appreciated.

Acknowledging your letter of the 26th instant I would advise that I have asked the Department to airmail you Sister Maureen Regan's Provincial automobile licence slip and application.

In view of the Department's letter of the 19th instant addressed to you on this subject in which it is stated that any local resident conversant with the facts may sign the certificate I do not consider it was intended to place this responsibility on any official of this office. Apparently the automobile is also used for purposes other than those of this Department as in your letter of October 20th, 1944, you quote from the Reverend Sister's letter, "during the latter part of July we taught 'Vacation School' in Saanichton which necessitated our using the car for that week." You will also note that she states in this letter that she is using an old 1933 model car averaging only fifteen miles per gallon and that they are travelling 26 miles a day, return mileage from Victoria to the school.

In view of the critical shortage of gasoline and rubber, it occurs to me that rather than consume these essentials in a mechanically inefficient vehicle the Rev. Sisters should explore the possibility of securing accommodation in the neighbourhood of the school.

In any event, I regret that this office is not in a position to meet your request that we endorse the application.

Referring to your letter of July 30th, 1945, File 152-14-5, it is noted you mention that the Tsartlip School is occupying two rooms and give details of how the vouchers for rental are to be made out.

In this respect I would point out that while there are two schools at Tsartlip, one is our own building and the other is the church hall, for which latter there has been a monthly charge of \$10.00 per month. Over and above these two schools, there is the Saanich Indian Day School on which we previously paid a rental of \$10.00 per month, but which has now been increased to \$20.00., payable to Most Reverend J. C. Cody.

Would you kindly advise if the rental of the one room at Tsartlip, which is actually the Church Hall, is now \$20.00 per month also, or if there has been a misunderstanding and the cheque for \$10.00 covering this room should be forwarded to Rev. X. Lauzon.

DUNCAN, B. C.
Oct. 26, 1945.

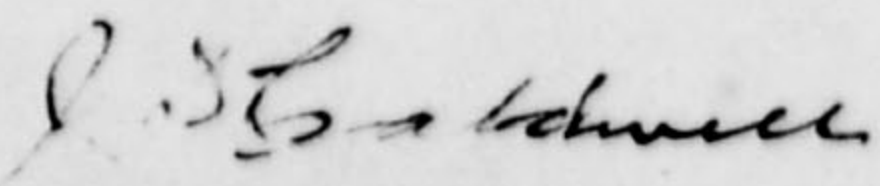

Major D.M. MacKay, Indian Commissioner for B.C., Vancouver.

When I visited the Tsartlip Indian Day School soon after coming to the Agency it was found the stove used for heating the building was burned out and in a very dangerous condition. An effort has been made to get the stove repaired but without success.

The stove is a Good Cheer, Circulating Heater No. 2024 and was, I think, purchased from McLennan, McFeely & Prior, who inform me they are unable to get repairs for this stove now and have no heaters of any kind in stock, nor do they know when any will be available.

Would you kindly endeavour to secure a stove of a similar type in Vancouver for the Tsartlip school.

Sister Maureen Regan, the teacher, informs me that she was not aware of the condition of the stove until she opened school after the holidays.

Acting Indian Agent.

**Indian School Fire
Caused By Gasoline**
Slight damage was done to the
Tsarlip School on the Brentwood
Indian Reserve, West Saanich
Road, at 8.40 this morning when
a stove exploded after gasoline
had been used to light a fire,
Saanich firemen reported.
Fire Chief Joe Law, who at-
tended with equipment from his
department, said the blaze was
confined to a small area.
It was fortunate, he said, that
the whole school was not burned
to the ground.

Major D.M. MacKay, Indian Commissioner for B.C. Vancouver.

I beg to apply for authority to purchase 5 (five) Guardene Fire Extinguishers, 2½ gall. capacity (Soda & Acid) for the following schools at the price of \$15.50 each F.O.B. Victoria, Sales Tax included. Total: \$77.50

Tsartlip Indian Day School, Senior room.	1 Extinguisher.
" " " " Junior room	1 "
Saanich Indian Day school	1 "
Songhees " " "	1 "
Nanaimo " " "	1 "

During the last two months there have been small fires occurring in two of the above schools, Tsartlip Sr. and Saanich Indian Day, and from what I understand we were most fortunate in not losing both buildings.

The damage to the Saanich Day school building was taken care of by the Church authorities, who own the building, but even the loss to this Department would be considerable from equipment, had the building been seriously damaged.

Tsartlip school Sr. room was scorched a little inside the door and along the baseboards when oil which one of the pupils was using to light the fire exploded and caused slight damage, the extent of which I don't know exactly as it was reported about 10 days ago and I have not been to the school since I returned to duty. As soon as I have been down I will report further. In the meantime I would like to have advice regarding the possibility of getting the extinguishers as requested.

I enclose herewith Mr. Indian Agent Moore's letter of January 2nd in connection with the proposed supply of fire extinguishers to the Tsartlip, Saanich, Songhees and Nanaimo Indian Day Schools. It is understood that the Guardene Fire Extinguishers are the general purpose type and would be suitable for use in Day Schools and I would recommend that authority be granted for an expenditure of \$77.50 for the purchase of five extinguishers if funds are available.

I am writing to Mr. Indian Agent Moore in connection with the use of oil for starting fires in Indian Day Schools and warning him against this practice.

Major D. M. MacKay, Indian Commissioner for B.C.,
Box 70, Vancouver, B.C.

With reference to your letter of the 8th instant, the Department approves the expenditure of \$77.50 for the purchase of fire extinguishers to be placed in the Day Schools of the Cowichan Agency.

I note that it is the intention to buy 2½-gallon extinguishers. I have always felt that the one quart size would be just as good at a day school, especially where there are female teachers. Extinguishers of the size mentioned are much handier to use when occasion arises.

Chief, Training Division.

Major D.M. MacKay, Indian Commissioner for B.C. Vancouver.

In reply to your letter above noted, I would advise that I visited the Tsartlip school last week and find that apart from a little discoloration and slight scorching to one corner of the baseboard and about half the inside of the inner door, there was no damage at all done to the building or any of the contents.

I venture to say that the door and baseboard can be scraped and restained and varnished again at a cost of not more than \$15.00 and I would ask that authority be given to me to have Mitchell & Anderson do this job as soon as possible.

I feel that the use of oil for lighting the fire will never be used again in this school as I feel that they have all learned their lesson rather thoroughly.

While I am on this subject I would ask that the shipment of the new stove for this school from Vancouver be expedited as the one in use at present is a menace to the building and occupants, as both sides are burned through.

I enclose herewith Mr. Indian Agent Moore's letter of January 15th in connection with seating accommodation at the Tsartlip Indian Day School. This matter was subsequently discussed with Mr. Moore and it was decided that it would not be economical to cut the two long desks referred to and that it would be preferable to buy eight new desks. These will be available here in February at an approximate cost of \$70.00 and if funds are available I would recommend that authority be granted to place the order.

Duncan, B.C.

January 15th. 1946

Major D.M. MacKay, Indian Commissioner for B.C. Vancouver.

During a recent visit to the Tsartlip I.D. school, junior room, it was brought to my attention that there is a definite shortage of desks. There are 20 pupils in attendance and only accommodation for 15 comfortably, although by putting four pupils in a desk intended for three they can seat 17. which is too crowded.

You will remember that some of the desks there were made by Mitchell & Anderson and are after the old style of desks where three or four children sit together, this was done to conserve space when we had only the one school on that reserve. Since then we had two of those desks cut in half which is a definite improvement, but there are still two others which should be cut so that we can get the maximum seating capacity out of them. However, even with that we will still have to have 4 # 2. desks complete, that is four fronts & four backs. The reason I am asking for size 2 for the junior room is that some of the children in the low grades are big and old enough to be in the senior room but on account of poor, and in some cases no, attendance at school when they came of school age meant no progress.

These desks should be shipped direct to the following address:

The Teacher, Tsartlip I.D. School. Jr. Room.
C/O. The R.C. Rectory.
West Road. Saanichton, B.C.

as soon as conveniently possible.

I would also ask for authority to have the two long desks cut and made into four, which will entail putting in extra legs at an approximate cost of \$15.00.

Vancouver, B.C.

Reference your letter above noted I wish to advise that during a recent visit to Victoria I tried to get a suitable wood burning circulator heater for the Tsartlip School but was unable to do so and the stores and wholesalers were unable to give me an approximate date of when they might be expected.

I was wondering how the stock of Gordon and Belyea is and if our chance of getting the heater from them by the end of this month is still good. If not I would suggest that one of the Duo-Therm oil heaters be installed at an approximate cost of \$67.00. It seems to me that these oil heaters are much more satisfactory for Indian schools, or in fact any one room schools than coal or wood and the cost of operation is certainly no higher.

During a recent visit to the Deep Bay Public school I noticed that they had one there and the teacher was high in her praise of its' efficiency and simplicity of control.

Replying to your letter of above date and file number I would say that the price of \$67.00 given in my letter of the 13th ultimo was the wholesale price on a smaller heater, which on further investigation was considered too small for the school. The size quoted on here-with has almost twice the heating capacity, but of course is the retail price from Mitchell and Anderson Hardware of Sidney, who will build the platform or stand for the drum of oil and install the stove properly for \$123.38 which is less than quoted us by the McDowell Co. in Victoria on a different make of stove of the same size. So far I have not received a written quotation from McDowell, although I have asked for it twice since you were over.

I have to refer to Mr. Phelan's letter of November 17th, 1945, authorizing the purchase of a new heater for the Tsartlip Indian Day School at an approximate cost of \$40.00.

[Handwritten initials]
We have been unsuccessful in securing delivery of a suitable heater and Mr. Indian Agent Moore, in his letters of March 13th and April 15th attached, suggests that consideration be given to the installation of a Duo Therm oil heater. It will be noted that Mr. Moore considers that an oil heater would be much more satisfactory for use in Indian Day Schools and that the cost of operation in his Agency would be no more than for coal and wood heaters. The total cost of a suitable Duo Therm oil heater, completely installed, with a 45-gallon drum of fuel oil, would be \$123.38, and I would recommend that the Department authorize this expenditure.

APR 11 1946*
I have to refer to Mr. Phelan's letter of November 17th authorizing the purchase of a new heater for the Tsartlip Indian Day School at an approximate cost of \$40.00. The wholesalers in Vancouver hoped to be in a position to supply heaters prior to March 31st, but deliveries have not been made as expected, and consequently the heater in question was not supplied during the last fiscal year. Mr. Indian Agent Moore has suggested consideration be given to the installation of the Duo-Therm oil heater on an approximate cost of \$67.00, his letter of March 13th in this connection being enclosed. It will be noted that Mr. Moore considers an oil heater would be much more satisfactory for use in Indian Schools and that the cost of operation in his Agency would be no higher.

I am inclined to agree with these views, but would appreciate the Department's view in the matter.

With reference to Mr. Phelan's letter of April 25th approving the purchase of an oil heater for the Tsartlip School, I am advised by Mr. Indian Agent Moore that the coal and wood heater previously ordered for this school but not obtainable at that time, has been received at the school. It is intended to proceed with the installation of the oil heater and as according to information received from the Agent a new coal and wood heater will be required at the Songhees School in a short time, I would recommend that Mr. Moore be authorized to transfer it to that school.

I beg to attach herewith in duplicate a quotation from Mitchell and Anderson Lumber Company, Sidney, covering the cost of materials and labour in connection with the setting up of a basket ball court for use at the Tsartlip Indian Day School, Senior Room and which amounts to \$24.62. I would recommend that authority for this be granted as soon as possible.

During my recent visits to the Tsartlip Indian Day School, Senior Room, I have been struck by the efficiency displayed by Sister Elizabeth Marie in teaching sewing and other arts to her pupils. The same thing applies to the Saanich Indian Day School which is being taught by Sister Socorro. These Sisters are most interested in trying to get the pupils to make their own clothes and have requested that this Department be good enough to supply a sewing machine for each of the two schools (Tsartlip Senior and Saanich Indian Day Schools). I would recommend that the Department procure these machines and have them shipped direct to the schools concerned the addresses of which follow:-

Saanich Indian Day School
Saanich I. R. #2
Saanichton, B.C.

Teacher
Tsartlip Indian Day School - Senior Room
Saanich I.R. #1
Brentwood Bay, B.C.

I am arranging to send some old Army and Airforce clothing which I have on hand, down to these schools so that the teachers may instruct their pupils in remodelling them for their own use. Trusting that you may give this request favourable consideration.

This is to advise that I have made arrangements with Joe Bartleman of the Saanich #1 Reserve to plow a garden plot at the Tsartlip Indian Day School as well as slash and grub approximately $1\frac{1}{2}$ acres of land adjoining the school which is to be used for a play ground and basketball court. I estimate that the sum of \$45.00 will be required to pay Bartleman for this work and I would ask that you be good enough to give me the necessary authority as soon as possible. As a matter of fact he has already plowed the garden as I wanted it done before the weather broke.

I am forwarding Mr. Indian Agent Moore's letter of October 17th in connection with a proposed expenditure of \$45.00 for clearing land adjoining the Tsartlip Indian Day School building to provide a suitable playground and basketball court, and for plowing the school garden.

I may say that this school building is more or less surrounded by brush, a condition which is not desirable, and I would recommend approval of the expenditure requested.

With reference to Mr. Neary's letter of October 21st authorizing an expenditure of \$24.62 for the construction of a basketball court at the Tsartlip Indian Day School, I am enclosing Mr. Indian Agent Moore's letter of February 25th wherein he requests that a further expenditure of \$50.00 be authorized for levelling the basketball court.

Mr. Moore's letter indicates that if the work is to be done it would be advisable to take advantage of the services of Mr. J.D. Kissinger who is working with a bulldozer in the vicinity, and if funds are available I would recommend that Mr. Moore be authorized to have the work done.

Major D. M. MacKay,
Indian Commissioner for B. C.,
Post Office Box 70,
Vancouver, B. C.

You will please remember that you authorized some months ago certain materials and labor charges in connection with the erection of a Basketball Court at the Tsartlip Senior School. The backboards, baskets, etc., have all been put in but owing to the rather rough ground, it is difficult, and in fact dangerous for the pupils to play there due to the unevenness of the ground which might cause a strain or even a break of some child's leg.

However, I have been endeavouring for some time to get someone with a bulldozer to go in and level off the ground, and just managed to get a quotation from a Mr. John D. Kissinger to clear the ground of roots and level the court as well as depositing the extra soil around the yard where needed, for the sum of \$50.00. This is a particularly reasonable figure and if we had to bring in a machine, it would cost us twice as much but it so happens that this man is working near there and will not have to charge much for his moving time.

An early reply will be appreciated.

R. H. Moore,
Indian Agent.

Re: File 152-14-5(W.T.1)

I wish to thank you for your letter of the 13th instant, file number above noted, and notice that you have placed an order with the Singer Sewing Machine Co. for a sewing machine to be supplied to the Tsartlip Indian Day School.

In this connection, I should like to refer you to Purchase Order #14605, file 68547-15-20-1 dated November 6th, 1946, for two sewing machines, one of which is for the Tsartlip Indian Day School, when delivery is made. I might say in this regard that I wrote the Company on January 16th last asking when these sewing machines will be delivered but to date no reply has been received. I am therefore writing by even mail requesting your reply to my previous letter. In the meantime, I would suggest that this most recent order be cancelled.

Ottawa, February 13th, 1947.

Mr. R.H. Moore, In Charge Indian Agency,
DUNCAN, B.C.

It is noted from Inspector Davey's report on his inspection of the Tsartlip School that the teacher has borrowed a sewing machine.

It has been decided to supply a sewing machine to this school and an order is being placed with the Singer Sewing Machine Company.

Our only objection to supplying sewing machines to Indian Day Schools where they can be properly used, is that such schools are usually closed during the summer holidays and consequently equipment such as a sewing machine might be stolen. However, I feel certain that you can arrange to have the sewing machine at this school properly stored during the months of July and August.

Major D. M. MacKay,
Indian Commissioner for B.C.,
Post Office Box 70,
VANCOUVER, B. C.

Reference your letter above mentioned and further to mine of February 27th, last, re the re-installation of the oil heater at the Tsartlip School, I have to report that, in my previous letter, I gave the impression that the \$11.00 requested would cover the cost, including labour. I now find that the \$11.00 covered the cost of repairs to the school steps only, as until the actual installation was completed no one could be exactly sure just what materials were required.

I now beg to attach Voucher No. 306, amounting to \$31.22 in favour of Mitchell & Anderson Lumber Co. Ltd., which covers the total cost of materials and labour and which I would ask be paid as the work has been completed.

To: The Indian Commissioner for B.C.
From: Inspector of Indian Schools.

I refer to the application of Mr. R.H. Moore for an allowance to enable pupils from the Cole Bay Indian Reserve to be transported to the Tsartlip Indian Day School.

It is recommended that this application be granted, with the reservation that this allowance will be withdrawn should the number of pupils drop below four.

It is also suggested that an attendance report by the senior teacher be attached to the Voucher.

In reply to your letter above noted, I attach, herewith, in duplicate, a list of Indian children belonging to the Pauquachin Band, which will give you the information requested.

Personally, I feel that payment on a per capita attendance basis is hardly fair to the operator owing to the fact that it costs exactly the same to take one child to school as it would to take twenty. There is the same mileage, same wear and tear on the truck, and the same length of time required. Further more, if there happens to be any sickness among the Indian children they would have to stay home, which is certainly no fault of the operator, but, at the same time, he would be penalized. If you insist on an attendance basis of pay we might as well forget the whole matter as the Indian I have in mind to run the bus would not be interested other than on a straight monthly rate.

Finally, the Indian, Walter Williams, is prepared to comply with Provincial requirements insofar as Provincial Licence is concerned, also insurance and inspection of vehicle.

I enclose herewith Mr. Indian Agent Moore's application of the 5th inst. for provision of transportation for the children of Seanieh I.R. No. 3 (Cole Bay) to the Tsartlip Indian Day School, a distance of about six miles each way in an Indian automobile, together with a memorandum of the 14th inst. by Inspector Davey.

You will note that the cost will amount to approximately \$88.00 a month for the conveyance of an estimated eight children.

The Department will no doubt recall the difficulty we experienced in this Agency for similar transportation for the Nanaimo children, it having to be finally abandoned as the cost per pupil became too high.

However, I would recommend that this application be given a trial on the basis that should the average attendance fall off the project be reconsidered and definitely abandoned when it falls below an average of four pupils in any one month.

I would also suggest that the Reverend Principal's certificate of pupils conveyed by this service be submitted with each voucher.

Indian Commissioner for B.C.

Tsartlip Indian Day School

Reference your 3-11-1 of August 16

The Department approves your recommendation concerning the provision of transportation for eight Indian children for approximately six miles each way to attend the Tsartlip Indian Day School. It is requested that Inspector Davey receive monthly reports from the Principal of the School concerning these children and their attendance. If the average attendance proves to be unsatisfactory, then this project is abandoned immediately.

Well Driller

Oct. 9th/47.

Mr. R. H. Moore,
Indian Agent,
DUNCAN, V. I.

Dear Sir:

In reply to your letter of Oct. 2nd, 47. The charge for drilling a well would be five dollars (\$5.00) per foot with a minimum cost of \$150.00 or 30 feet of drilling.

The above charge per foot includes all necessary 6" casing to reach from surface to bed-rock; when drilling in bed rock no casing is required as the rock forms its own casing. In regard to the probable depth, my guess would be 100 feet more or less - however I might be far from the mark as the wells in that vicinity vary in depth considerably.

I think it would be advisable to employ a diviner, his charge would be approximately \$10.00, I recommend Mr. A.J.A. Bell, 1234 Pike Street, Victoria.

Yours truly,

Signed "D. S. Godwin"

Major D. M. MacKay,

VANCOUVER, B. C.

Replying to your above letter, I wish to attach, herewith, in duplicate, a copy of a letter recently received from Mr. Godwin in reply to one I sent him making enquiries as to the cost of drilling a well at the Tsartlip Indian Day School, which I hope may be found self-explanatory.

If there is any money available now I would recommend that the well be drilled as soon as possible and before the ground gets sodden with rain.

We should figure on a cost of from \$510.00 to \$1,010.00, depending on the depth, including the Diviner's fee. It might so happen that we will be lucky and strike a satisfactory flow at less than one hundred feet, but it is hardly likely.

Reference is made in District School Inspector Davey's recent report covering his inspection of the Tsartlip Indian Day School to the lack of an adequate water supply.

I am enclosing herewith Mr. Indian Agent Moore's letter of October 15th in this connection, from which you will note that the cost of drilling a well at this school may run as high as \$1,010.00. No provision was made in the estimates for this expenditure, and it is thought that the funds allotted for the construction of new schools would be required elsewhere. In any case it would appear to me that, in view of the possible extent of the expenditure involved, this is a matter which should be investigated by the Surveys and Engineering Branch.

Re: Tsartlip Indian Day School, Cowichan Indian
Agency, Province of British Columbia.

Indian Commissioner MacKay writes that a well is required at the above mentioned school. Preliminary estimates indicate that an expenditure of over \$1,000.00 might be necessary.

The Commissioner considers this amount excessive and we would appreciate it if you could arrange to have one of your officers visit the school and let us have a report.

With reference to Mr. Indian Agent Moore's letter of January 9th attached, wherein he requests authority for an expenditure of approximately \$170.00 for repairs to the roof of the Tsartlip Indian Day School, it is presumed that the Department has not at this time funds available, in which case the matter will have to be left in abeyance until after April 1st as the balance of the amount remaining for new school construction in British Columbia is insufficient to allow any further commitments.

With reference to your letter of the 22nd instant, file 3-11-3, it is regretted that we have no funds available at the present time for the repairs which you mention are required to the roof of the Tsartlip Indian Day School.

However, this letter authorizes an expenditure of \$175.00 for the purpose mentioned on the understanding that the work will not be done until after April 1st and the expenditure will then be charged to the appropriation for the fiscal year 1948-49.

Re: Voucher No. 85 - Jan. 26, 1948.

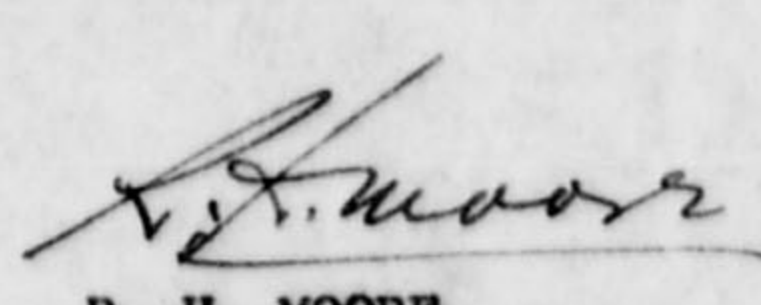

In reply to your letter, date and file number above noted, I wish to advise that I quite appreciate the fact that the existing set-up in this school is unusual -- all of which was explained in detail before the building was taken over as a school room. Major MacKay and Inspector Coleman saw the building and had at least two interviews with the then Priest in charge, before final arrangements were made.

Several months after we commenced to use the Hall I explained the lighting situation, in letters, to Major MacKay -- dated January 12th and February 2nd, 1945 -- to which the Commissioner replied on February 6th, 1945, authorizing payment of the account at the rate of \$20.00 for the entire Winter Season -- from November to February.

In the Fall of 1945 the Priest was replaced by the present incumbent who was totally unaware of the arrangements made by his predecessor, with this Department, and it was not until a few weeks ago that he came to me to see why we had not paid the light bill for the Winters of 1945 and 46 and 1946-47. I simply told him that he had not submitted any accounts and that I assumed the Church was making a donation to the Department -- and so let sleeping dogs lie. He assured me this was not so and immediately sent accounts for the two years.

The Church authorities do not wish a separate meter installed as the Rectory, Church, and Hall are all on one meter. If such an installation was to be made it would not help any as the building is used frequently for ordinary parish Church meetings and social gatherings.

Personally, I feel that the present arrangement is much less expensive than if we had a meter. Certainly no one can complain that a twenty dollar (\$20.00) per annum light bill is expensive.

I am enclosing a copy of Mr. Indian Agent Moore's letter of February 5th and Cowichan voucher No. 85 referred to therein covering the cost of electric light for the junior room of the Tsartlip Indian Day School during the period November 1945 to March 1947. This matter was the subject of previous correspondence with you, reference my letter of March 12, 1945, at which time I advised that Mr. Moore would be requested to ascertain whether it would be advisable to install a separate meter for the classroom. The information given in his letter attached indicates that this would not be desirable and I would ask that the Agent be authorized to submit accounts in future at the rate of \$20.00 per annum, which is a most reasonable charge.

The enclosed voucher is recommended for payment.

On June 17th last, a requisition covering Janitor supplies for the Senior Room of the Tsartlip School went forward to the Department. To date, authority has not been received to make purchase of the articles asked for. Please check on this as well as other requisitions sent from this office for the various schools within the Agency.

As the schools have all reopened now, delivery of necessary supplies may be made right away.

Re: Tsartlip Indian Day School - Jr. Room.

The attached copy of letter is, I trust, self explanatory.
As the Department increased the rental from ten to twenty dollars
(\$10.00 to \$20.00) per month on the Saanich I. D. School on July
30th, 1945 - File #152-15-5 - on representations from the Church auth-
orities I assume that the same procedure will follow here.

At all events copies of the application (which is really an
account) are also attached for submission to the Department as per
request of Father Lauzon.

Dear Sir:

As you will remember, the agreement entered upon between the Department of Indian Affairs and the Catholic Authorities in Saanich, by which the parish hall would be used as a junior class room to the West Saanich Indian Day School, was an emergency measure.

Although the Church Authorities are prepared to leave the hall at the disposal of the Department, as long as new quarters will not be available, they feel that, owing to high cost of material and labor, the present rent of \$10.00 is no more adequate.

As the rent for the East Saanich School has been raised to \$20.00 a month a few years ago, and the two buildings serve the same purpose in the two localities, I would ask you to submit to the Department, the enclosed application, in triplicate, for a monthly rent of \$20.00.

The cheques are to be made yet to Rev. Father Williamson's name.

Yours truly,

(Signed) "Father X. Lauzon"

Mr. R.H. Moore,
Superintendent,
Indian Agency,
Duncan, B.C.

We have your letter of September 28th requesting authority for expenditures in connection with sewing materials for the Tsartlip and Saanich Indian Day School.

We cannot understand why you request such heavy expenditures. We are quite prepared to supply a reasonable amount for the teaching of sewing to the girls, but it is not our intention to provide material that will probably be used by various Indians on the reserve. Such expenditures should be made from the Welfare Appropriation.

We feel that an expenditure of \$25.00 at the Tsartlip School and \$12.00 at the Saanich School should be sufficient.

SAANICH I.R. # 1, 2 and 3

I made several enquiries regarding the 7000 strawberry plants supplied to five pupils of the Tsartlip School and, due to planting the strawberries on freshly-plowed sod and very little if any supervision during the summer, the grass and weeds took over in every case excepting Jack Paul's patch who kept it in good shape. Sister Elizabeth Marie who started this project asked the J. Paul be given more strawberry plants this fall but I pointed out to her that, since he had planted 1500 plants last spring, he would be able to get sufficient new plants off his own patch to plant any additional acreage that he could handle. In future when projects such as this are contemplated, I would recommend that not more than 500 plants be given and only to those who have land that was cultivated the previous year.

MEMORANDUM

OTTAWA April 1st, 1949.

Re: Water Supply - Tsartlip Indian Day
School, Cowichan Agency.

Attached in duplicate is a report by Mr. Barrass dated March 10, 1949, dealing with the proposed well for the above Indian School.

In a covering letter Mr. Webb writes as follows:

"With regard to a request for investigation of possibilities of obtaining water for Tsartlip Indian Day School, Cowichan Agency, I am now able to provide a report in triplicate in this connection by Mr. C.W. Barrass, dated March 10, 1949.

It would appear from this report that a ground water supply can only be obtained at considerable depth. Shallow wells have in most instances dried up early in the season. Mr. Barrass suggests that the probable cost of a drilled well near the school site might be \$715. for a depth of 130 feet. It appears that there is a reasonable certainty of securing water at that depth.

Mr. Barrass has further investigated the possibilities of providing power for operating a pump. This will be rather expensive owing to the necessity of constructing the power line for a distance of one-half mile. It appears that the yield from the aquifer is very small and that if a greater distribution was required, possibly to the Indian village, elevated tanks will be required, as a pressure tank service would not likely be suitable due to the low pumping rate. It would not appear that there is any alternative to a well as a source of supply for this school.

Duplicate copies of this report are being forwarded to Mr. Arneil for his information."

The well is estimated to cost \$715.00, but the cost of delivery to the school and possibly to the reserve, has not been investigated, as this might depend to some extent on the amount of water found to be available when the well has been drilled.

If Indian Affairs will advise whether they require domestic water to be delivered to the Reserve as well as to the school, and also whether they require electric power to be delivered to the Village, we will investigate further.

Memorandum to Mr. Webb:

Re: Water Supply
Tsartlip Indian Day School
Saanich I. R. No. 1
Cowichan Agency, B.C.

Pursuant to your instructions of November 27, 1948, I visited the above reserve with the object of determining the possibility of drilling for water at the Tsartlip school. The information obtained and the subsequent proposals are set forth in the following memorandum.

General

1. Saanich I. R. 1

The reserve is fourteen miles north of Victoria in the South Saanich Municipality. The majority of the twenty-two dwellings on the reserve are located between the West Saanich Road and Saanich Inlet, a distance of approximately 1600 feet. The difference in elevation between the road and the inlet is about 150 feet. In October, 1948, the population was 164 persons.

2. Educational Facilities

The existing facilities consist of a small wood frame school building with a seating capacity of 16, situated east of the main road in the centre of the reserve. The limited capacity of this building is augmented by the use of a church three-quarters of a mile north of the school which is rented by the Indian Department.

The Educational Branch of the Indian Affairs Department are intending to construct an additional two room school which will have a seating capacity for 70 pupils. The site of this structure is to be determined by the location of the source of water supply. The Department prefers a site adjacent to the present building as it is the centre of the reserve and provides ample space for playground facilities.

Indian Affairs. (RG 10, Volume 6409, file 839-5, part 4)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

Domestic Water Supply

All water for domestic use on the reserve and adjacent property is derived from wells. In the vicinity of the proposed site there are three dug wells on reserve lands and five drilled wells on private property. One of the dug wells is adjacent to the present school but unfortunately it is dry throughout the year. The accompanying sketch plan illustrates the relative position, yield, and depth of the wells in respect to the school site. The average drilled well in the vicinity of the school has a depth of 98 feet and a yield of 150 gallons per hour.

Recommendations

There is ample evidence that a well drilled adjacent to the site of the present school will be successful and it is therefore recommended that funds be allotted for its installation. It is estimated that the cost of drilling and casing will be \$715.00. (See Appendix I).

Supplement to the Above Recommendation

The distribution and use of the well proposed above naturally depends upon its yield. The main purpose of the inspection of the reserve was to determine the feasibility of drilling for water at the proposed school site, however the cost of power for a pump and the means by which the water may be delivered under pressure encumbers other factors which are enumerated in the following paragraphs.

The source of water for over 160 residents on this reserve consists of three dug wells, only one of which yields consistently. This well is the only source of domestic water for the entire Indian Village. If the yield of the proposed well is sufficient, it may be possible, due to the topography of the reserve, to supply both the school and the Indian resident dwellings by gravity flow from an elevated storage tank.

Indian Affairs. (RG 10, Volume 6409, file 839-5, part 4)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

3.

The factors determining the further development of the well then are as follows:

1. Supplying the School with Domestic Water Service.

a. Electric Power

The British Columbia Electric Company Ltd.'s estimate of the approximate cost for extending their distribution lines from Stelly Crossing (see plan) to the Indian School is approximately \$740.00. Their calculations for the above figure assumed the use of 1 KW of lighting equipment and a single phase motor not larger than 2 H.P. Against this total the British Columbia Electric Railway Company will credit the first two years revenue, which would be in the neighbourhood of \$50.00, resulting in a net cost of \$690.00

If the Department provided electric service to the Indian residents, the charge for the extension from Stelly Crossing would be under another section of the Public Utilities Commission Tariff.

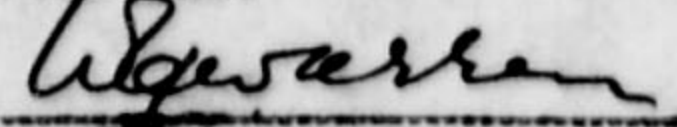

b. Storage and Delivery under Pressure

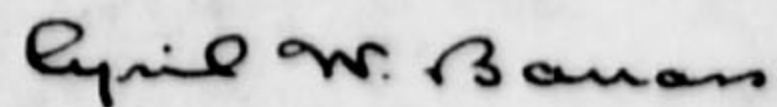

As the anticipated well yield is only 150 U.S. gph (2½ U.S. gpm.) a pressure tank will not be suitable. To supply water under pressure, an elevated storage tank will have to be constructed, its capacity being determined by the number and type of plumbing fixtures intended for the new school.

2. Supplying the School and the Indian Village with Domestic Water Service.

To supply the Indian day school and village jointly will require a larger capacity storage tank than above at approximately the same elevation. In this case two wells in parallel, each with a yield of 150 gph, will be required if complete plumbing facilities are installed in the school

W. S. Arneil, Esq.,
Indian Commissioner for B.C.,
VANCOUVER, B.C.

On the 12th of April, 1949, the Superintendent of Indian Education forwarded to you a copy of a memorandum received from the Chief Engineer, Lands and Development Services Branch, in regard to a water supply system for the Tsartlip Indian Day School, together with the report of the engineer who investigated the situation.

In this report, reference is made to the fact that the source of water for over 160 residents on the Indian Reserve is from three dug wells, only one of which yields a consistent supply. He recommends that a well be drilled adjacent to the site of the present school and that, if the yield from this well is sufficient, it would be possible to supply both the school and the Indian Reserve by gravity flow from an elevated tank or tanks.

Will you please let me know whether you consider that we should ask the Lands and Development Services Branch to make further investigations to estimate the cost of supplying the Indian Reserve with water, as well as the Indian Day School and, if you recommend that this be done, provision will have to be made in the Estimates for the work entailed in supplying the Indian Reserve.

You will no doubt be replying to letter of April 12th, addressed to you by Col. Neary but, for the records of this Division, we would like to have a reply to this letter. Please indicate on your reply File No. 31152-14.

Re: Water Supply - Tsartlip Indian
Day School
Your file 31152-14

With reference to Mr. Pratt's letter of April 21st, 1949, we were recently informed by Superintendent Moore that there was a possibility of cooperating with the Brentwood Water Board for the supply of water to the above-mentioned School and also the Reserve, from the Patricia Bay Airport water supply system.

This matter is presently being investigated by the Lands and Development Services Branch and will be reported on at a later date.

Re: Tsartlip Indian Day School.

In the current year's Estimates, I asked for the following items:

General Repairs-----	\$175.00
New Swings-----	50.00
Painting exterior-----	250.00
<u>TOTAL</u>	<u>\$475.00</u>

I now wish to submit quotations for the following equipment and new construction.

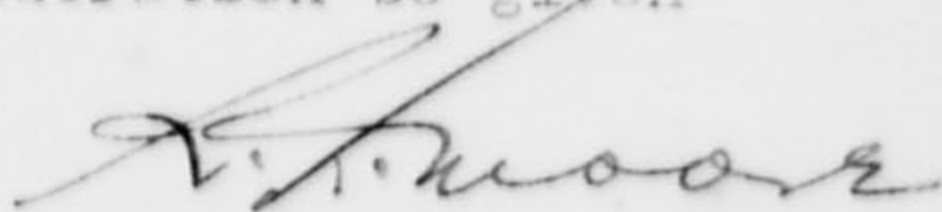

1) Back stop for Softball diamond---	\$ 33.22
2) Two new swings (present swings unsafe.)---	42.79
3) New toilet, complete-----	143.96
4) Five only, venetian blinds (installed)	95.00
<u>TOTAL</u>	<u>\$314.97</u>

You will note that I have left out the painting and added the last two items for the reason that I thought we might get a new school in a year or two and also that a new toilet is a must this year, at any rate. The windows on the South-West side of the present building make it very hard on the pupils' eyes on bright days unless the blinds are down, and when they are, the school-room is too dark.

As you will see, these jobs will be completed by one firm who has been most dependable in all our transactions with them and services rendered.

I would recommend that favourable consideration be given this request.

On April 21st, 1949, we wrote you in connection with the report of the Chief Engineer, Lands and Development Services Branch, with reference to the water supply system for the Tsartlip Indian Day School and the feasibility of this water supply system to supply the Indian Reserve with water at the same time.

On May 2nd you advised that there was a possibility of co-operating with the Brentwood Water Board for the supply of water to the Indian Day School and also to the Reserve from the Patricia Bay Airport water supply system, and that the matter was being further investigated by the Lands and Development Services Branch.

When going over the matters being dealt with by Engineering and Construction Division in regard to schools with Colonel Neary, the above matter came up. Colonel Neary was not quite sure about this and asked that Mr. Adams should check with Mr. Campbell. Mr. Campbell points out that the last paragraph of Mr. Mills' memorandum of April 1st which was passed to you left the matter with you to advise us as to what further action you wished us to take. I would be glad to know whether there is anything further to be done or whether the matter can rest.

Dear Sir:-

I was approached recently by Rev. X. Lauzon of Saanichton and asked to submit to you a price for driving some school children daily to the Catholic school on the West Saanich Road.

I understand there are six children to go from Patricia Bay Reserve and six children to go from Cole Bay Reserve. This would necessitate one trip from each Reserve twice daily or a total of 26 miles daily.

I am willing to give this service for \$2 a round trip or \$4 for each school day.

If this meets with your approval, I would be very pleased to hear from you,

Yours truly,

Re: School children from
Saanich Indian Reserves No. 3 and 4.

Further to previous correspondence on the above subject and more particularly my letter of the 2nd instant to Rev. Father X. Lauzon, copies of which were sent you and the Department, I have now received a letter from a Taxi Company in Sidney, duplicate copies of which are attached and which, I hope, may be found self-explanatory.

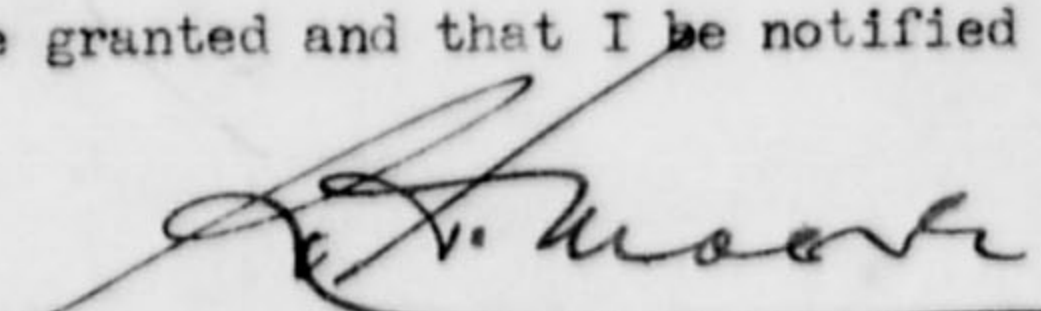

I consider a flat charge of four dollars (\$4.00) per school day for the two Reserves quite reasonable and I would recommend approval.

The names and other particulars of the children who will be attending school, many of them for the first time, are given below:

<u>Name</u>	<u>Born</u>	<u>Parents</u>
Roberta Marie BILL	February 17/42	Gus and Augustine Bill, #18 Tseycum.
Arlene JONES	December 2/41	Archie and Josephine Jones,
Peter JONES	September 2/43	#17 Tseycum.
George JONES	August 26/42	Sandy and Catherine Jones, #12 Tseycum.
Lawrence ALEXANDER	September 1/43	Elsie Alexander, #10 Khenipsen.
May JAMES	February 25/35	William James,
Joan JAMES	October 5/40	#11 Pauquachin.
William David JAMES	August 15/42	" " "
Matthew TOM	September 11/34	Chris and Mary Tom,
Rosaline Violet TOM	August 8/36	#27 Pauquachin.
Leonard HENRY	June 12/34	Moody and Hazel Henry,
Max HENRY	March 5/40	#5 Pauquachin.
Russel David HENRY	January 19/45	" "

It may be that I can persuade Mrs. Elsie Alexander to send her son to Kuper Island Residential School but it is doubtful, although in his best interests, he should go there. However, any number over seven and up to thirteen will require the two trips and, consequently, we can figure on the flat rate of four dollars (\$4.00) per day.

I would recommend that approval be granted and that I be notified at an early date.

R. H. MOORE,
Superintendent,
Cowichan Agency.

from Saanich I.R.'s No. 3 & 4

Attached is an application from Mr. Moore, Superintendent of the Cowichan Agency, for a transportation grant to enable pupils from reserves at Cole Bay and Patricia Bay to attend the Tsartlip Indian Day School. These are approximately 3½ and 7 miles respectively from the Tsartlip School.

In view of the distance involved it is recommended that a grant of \$4.00 a day be authorized. It will be noted that this figure is based on a quotation received from a taxi company, who it is believed, are in a position to conform with the regulations regarding insurance, etc.

Sir,—

I beg to advise that when I held the meeting with the Seabird Island Indians last week, I had a full gathering of the band.

They passed a resolution asking me to apply to the Department for a day-school for their reserve.

Every Indians who had children of school age pledged himself to support the school, as there are thirty-six children now of school age living on this reserve.

If the Department wish to put them on trial to show that they are sincere, they have agreed to loan their council house to be used as a school till such time as the Department can build them a proper schoolhouse.

The council house I may say is a new one and would be very suitable for a temporary schoolroom.

I would strongly recommend that the Department give this their consideration as the Indians are really in earnest about the education of their children.

Sir:

I have your No. 1-010-16 of the 15th instant, with reference to a resolution of the Seabird Island Band, relative to a day school on their reserve. I have noted that there are 36 children of school age and that the council house could be used as a temporary classroom.

In reply I beg to state that the Department will be pleased to learn how many of the children of school age are living close enough to the council house to attend school, regularly. Further, please advise me if any Roman Catholic residential schools carry on active recruiting on this reserve.

If it is decided to give the Seabird Island Indian Day School a trial, it would be necessary for you to get in touch with Rev. Father Welch, 59 Blackwood St., New Westminster, B. C., and enlist his cooperation in the matter of securing a teacher. You would be well advised to intimate to the Rev. Father, and also to this Department, if it is possible for a teacher to secure boarding accommodation.

If this school is given a trial, would you recommend that desks be supplied? If so, please intimate the number, the size, or the ages of the children and give shipping directions. It will also be necessary for this Department to supply classroom equipment, such as blackboard, texts, scribblers, etc. I take it for granted that the Indians will arrange for the heating and cleaning of the classroom, themselves.

Sir,—

I beg to acknowledge receipt of departmental letter number 165-5-1 dated January 31st, in reply to mine 1-010-16 dated the 15th ult., in reference to the resolution passed by the Seabird Island Indians requesting a school for their reserve.

In reply I beg to state that the thirty-six children mentioned are all of school age ranging between six and fifteen, and all living on the Seabird Island Reserve. They could attend school regularly. The only residential Roman Catholic School is St. Mary's at Mission, which is practically filled all the time. We can never get children entered in there without considerable trouble. The priests pick and choose the children to suit themselves and go off into the northern part of this agency to recruit as it eliminates the chances of the children running away, besides the Indians have a very great objection to this school. Just to show you what they think of it I am enclosing a copy of a letter from Dennis S. Peters. This is the grandfather of Alex. Peters children, whom he was trying to get into the Coqualeetza Institute, and which request the Department refused, your letter number 120290-10 dated January 12th.

If we have to apply to Father Welch in these matters we might just as well give up the idea of trying to educate the Indian children in dayschools as they absolutely object to them and put every obstacle in the way. I reported this in my letter of January 18th, 1-04-12, when reporting upon the proposed dayschool for the Hope Band. Father Welch put a stop to this as he said they had the residential school at Mission, and he couldn't see the necessity of a dayschool and so if I approached him about the one for Seabird Island he would say the same thing. There are now fifty-six children belonging to these two bands that want dayschools, and for whom there is no room at Mission, yet the priests are

objecting to them.

I may here add that I never visit a reserve in the lower part of this agency where I discuss school matters with them, that they do not raise an awful objection to the St. Mary's School at Mission.

Board 1 mile away
Desks needed
These Indians are so keen for their own school that they have offered the use of their council house and will keep it well supplied with fuel. The teacher can board in Agassiz, and I have no doubt but that board can be obtained within a mile of the school. All the supplies that would be needed could be shipped direct to Agassiz. We would require an assortment of desks for children from six to fifteen. There does not appear to be a Roman Catholic teacher available.

Sir.

In answer to your letter dated Dec. 19th, filed No. 1-04-12, my son Alex. D. Peters received your letter in which he forwarded to me, and he advise me to answer your letter and to further inform you the very reason he is working hard in communicating with the Coqualeetza and to Victoria and to you for the last two or three months for to put his two childrens in the Coqualeetza School.

Now here's the reason why. Mrs. Alex. D. Peters are sickly with consumption, and as you know very well that it is no cure for such disease, and for the saving the childrens of getting the disease, the only hope is to part them from the mother and they be safe. These childrens are all right yet according to McCaffrey's examinations, and while there's a chance, as the Coqualeetza is willing to accept them, and before these childrens is touched with such disease, we better save them, and pass them in the said boarding school.

And referring to Catholics vs. Methodist or any other church, the ruling of the Department is killed, so that doesn't matter in that part of it. And in my belief regarding different religions, they are all aiming to one God, and it is all up to the people themselves, if one persons is obey good behave, obey the laws of God, he is sure for a prize when he dies, the bad ones will be punished, that's my belief, and it don't matter in what church he or she belongs. But 40 years ago Indians thinks in these days once they belong to Catholic religion they are sure for Heaven, whether they are good or bad just the same, and if an Indian going and belong to Methodist or other Protestant, are sure for Hell.

Now to-day is different, we want our children to be saved, and get the best education, and high schooling if we can get them, it don't matter about churches.

And about the school in Katz, it is good thing, if there wasn't the sickness of Mrs. Alex. the childrens would stay home, but they had to be parted before they be safe. And I inform you further that Alex's. 2 children, Peter and Laura, are not included in the number of childrens who will attend school in Katz. (Hope Dayschool) So all you can do is to sign these forms and send them back to us and oblige. No doubt you will help us to bring these children to safety. Good-bye

LYTTON. B. C.

I wrote the letter enclosed and before I sent it over to you, E.C. Chirouse met me at Chilliwack on Christmas and he asked me if surely we want to put Alex. children in the Methodist schooling. I tell him, Yes, we do, and he kick all his worth, and I tell him the reason we want that school because nearly all, or quite a number of Indians been in that school came out with a good education and smart, but those that been in the Mission School they come out wild, may be two or three behave but not much education, and some says the grub at the Mission is very poor indeed. And I tell him if there any good school a Catholic I says, I'll be willing to put the childrens in, just to satisfy you, I says, and he says the Sechelt is good, and I tell him what about Squamish and he says that he'll try the two schools for a room for two kids. I says all right in my part. Well when I came back home I told Alex. all what Chirouse has said, and all what I says to Chirouse, and Alex. objects to all the Catholic Schools, because he was told by friends that the Squamish School is just as bad as the Mission School. So he is very strong in his mind to put his childrens in the Coqualeetza Boarding School. Oh, well he's the boss anyhow, and I can see that he is right of course, so you can sign the forms and send it to him.

Goodbye and a Happy New Year.

C., in answer to a letter from the Deputy Superintendent General, has stated that he understands there are only 26 children on the Seabird Island Reserve, and that 14 of these are at present attending St. Mary's Indian Boarding School at Mission. I should be pleased to have a definite report on the number of children of school age, who are living in the immediate vicinity of the council house. Further, you will please make enquiries as to the nearest boarding house available, in the event of a teacher being appointed. The Rev. Dear Mr. Scott:-

I am in receipt of your letter dated 26th February, telling me that it is the Department's intention to open a day-school on Seabird Island Reserve. Also that your Agent reports the presence of 36 children of school age in the immediate vicinity.

As to the number of children I am aware of only twenty-six and of these fourteen are at present, attending St. Mary's and unless your Agent includes some children living four miles away, across the river, at Cheam.

You ask me to assist in procuring a Catholic teacher. I shall be pleased to do so, but would suggest that you build near the school, a cottage for a man and his wife, as you have done in many places. Agassiz will be the nearest White Settlement to the School, and if the school mistress must reside there, it would entail a walk of nearly three miles each morning and afternoon. It appears to me that this would be a great hardship for any young lady, especially during our long rainy seasons.

Your determination to open another day-school in the vicinity of St. Mary's is naturally making us most apprehensive for the welfare of the old Mission Boarding School. With day-schools around it, and the Lillooet district cut off in the near future, we fail to see how St. Mary's can be effectively carried on.

I can assure you that we now have grave fears that the Mission School will some day, from lack of pupils be practically forced out of existence.

Yours respectfully,

Enclosure

Sir,-

I have your No. 1-10-16 of the 7th instant, with reference to the proposed day school on the Sea Bird Island Reserve.

I have noted that thirty-six children of school age are living in the immediate vicinity of the council house, which can be used for class-room purposes and that a teacher could secure board in Agassiz within a mile of the school. It is understood that the heating and cleaning would be undertaken by the members of the band.

The Department is favourably disposed to giving this school a trial and a blackboard and class-room equipment will be directed upon your requisition. Please intimate further if there are any school desks in the agency that are at present not in use and that could be placed in the council house at Sea Bird Island. If no old desks are available, please requisition for a conservative number of new desks which will be ordered from this office, if necessary.

I am enclosing for your information a copy of an official communication to the Rev. Father Welch, with whom you should co-operate in the matter of securing a teacher. Salary from \$600.00 to \$800.00 will be allowed depending upon the qualifications of the teacher secured.

Dear Father Welch.-

I have to inform you that it is the intention of the Department to commence day school activities on the Sea Bird Island (Maria) Reserve. It is proposed to use the council house of the band for class-room purposes. Our agent reports the presence of thirty-six children of school age in the immediate neighbourhood.

The Indians in this locality are all Roman Catholic and I am requesting your co-operation with our representative, Mr. H. Graham, of Lytton, B. C., in connection with the services of a teacher.

Our agent will write to you when all arrangements are made and when the teacher is needed for this cause.

Sir,—

Having further reference to letter number 165-5-1 dated February 27th, in connection with starting a day school on Seabird Island Reserve.

As instructed by you I wrote to Father Welch with a view of obtaining a Roman Catholic teacher for this school, but up to the present have had no reply.

I also wrote to Mr. Inspector Cairns and he tells me that there are no Roman Catholic teachers available to his knowledge.

The Indians of this band being desirous of getting this school started immediately have forwarded me a petition asking that any teacher available will be quite satisfactory to them, in order to get the school started.

The one greatest drawback of getting a teacher for a school like this, is the small salary paid. The Department, according to their letter, is only offering from \$600 to \$800 per year, according to qualifications. Now if we get a teacher, he or she will have to board in Agassiz, and will have to pay anywhere from \$35 to \$40 per month for board. Presuming that they get board for \$35, which is very exceptional, this would only leave \$15.00 a month to clothe oneself on. It is not very likely we will get much of a teacher for this, especially as it is a wet climate and the teacher would have one and a half to two miles to walk every day to and from school.

I will be very much obliged if the Department will give this resolution their favorable consideration, and when replying state definitely if I am authorized to offer \$800 for this, for I think I might get a B.C. certificated teacher or an English certificated teacher at this salary.

In regard to the desks for this school I took the matter up with Mr. Inspector Cairns and he advises me that he has no second hand desks in sight, except some that can be purchased from the Provincial authorities at \$1.50 a piece. These would, of course, have to be crated, which would add a little more to the expenses.

I will be obliged if you will advise me if the Department considers it advisable to purchase these second hand ones or to order new ones.

Now in regard to the proposed schools for the Hope and Seabird Island Bands, I have applied to Father Welch for a Roman Catholic teacher for each of these, but can get no satisfaction from him. He just replies that he is taking the matter up with Ottawa. I have also taken the matter up with Mr. Cairns, who advises me that there are no Roman Catholic teachers that he knows of, available. He further states that he met Father Welch at Mission school recently, who told him that if we put in a Protestant teacher at Hope he would see that there were no children attending the school. Now they will attempt the same thing at Seabird Island school. I feel sure they will not attempt to supply us with a teacher, as I do not think there are any available, which would mean that if we put in a Protestant teacher, we will have to prosecute the Indians in order to see that the children are sent. The Indians themselves tell me they want the schools very badly, and do not care of what denomination the teacher is, as they realize that religion is not being taught.

There is certainly not room at the Mission School for all these children, and yet they try to prevent us starting day schools.

After discussing the matter of opening this school with Mr. Inspector Cairns, he suggests that, as all schools close for summer holidays at the end of June, it would not be wise to open this school until after the holidays, so we have decided that by the time we get the equipment, there, it will be ready to open on the 1st of September.

Sir:

I have to acknowledge the receipt of your letter of the 23rd ultimo, regarding the procuring of the services of a teacher for the Indian day school which it is proposed to open on Seabird Island Indian Reserve.

In reply I beg to say it is noted that the Rev. Father Welch has been unable to obtain the services of a teacher of the Roman Catholic faith. When you are satisfied that every effort has been made to obtain a teacher of that faith, and it has not been possible to obtain one, you may then secure the services of another teacher having the necessary qualifications. The salary allowed will be as stated in our letter to you of the 12th ultimo. The name, qualifications and experience of the teacher obtained should be submitted for the approval of the Department.

Sir,—

I have to acknowledge receipt of departmental letter number 165-5-1 dated April 12th, authorizing me to start a day school on Seabird Island Indian Reserve, and notifying me that the Department is willing to pay a salary of \$800.00 plus a bonus to select if possible a Roman Catholic teacher for this position.

I may say that I have already applied to the Rev. Father Welch for assistance in obtaining the services of a Roman Catholic teacher and also to the priests at St. Mary's Mission School, but up to the present have been unable to obtain the services of this denomination.

I have also placed the matter before Mr. Inspector Cairns, who advised me that there is no Roman Catholic teacher available, but we can obtain a good Protestant teacher.

I have the honor to be,
Sir,

Sir:

I have your No. 1-010-16, of the 3rd instant, with reference to the proposed Seabird Island Indian day school. I have noted that there are 26 children of school age who could attend the classes which can be held in the council house, and that a teacher could secure board and lodging within a reasonable distance of her work.

In reply I beg to state that you are authorized to secure the services of a properly certificated teacher, and you may offer a salary of \$800, plus any bonus provided by law. If possible, select a Roman Catholic for this position, as the Indians of the vicinity are of this religion. Please report on what action you take in this connection. Direct also separate communications to the Department with reference to the classroom equipment required, and as to what desks should be supplied. I have noted that no old desks are available. In this connection please refer to our instructions under date of February 27th.

It is considered that the Indian Band should arrange for the heating and cleaning of the classroom without help from the Department. They should also take an active interest in the matter of attendance of their children, but they should understand that the commencement of this activity must not interfere with the residential school pupils.

Sir,—

Having further reference to my letter No. 1-010-16 of the 7th of February, and in reply to yours of March 16th, No. 165-5-1, in reference to correspondence you have had from the Rev. Father Welch of New Westminster, in connection with the proposed day school on Seabird Island I.R. I might state that the number of children as reported by me in the first instance was quite correct. It is quite true that some of these children are going to the Mission School, which the Indians strongly object to on the ground that they do not get sufficient education, and they were in hopes that if they could get the day school going, and it proved a success, they might gradually be able to get these out, as there are plenty of children on other reserves, who cannot get day schools, to fill up the Mission School.

There are twenty-six (26) children now on the reserve of school age, not including those attending the Mission School at present, a list of which I am enclosing.

The distance to the proposed school from the postoffice and two hotels in Agassiz, is just two miles. There are many homes as near as half a mile from the proposed school house, and many of these take in boarders, which I have no doubt a teacher could get board and lodging at, so Father Welch's contention that they are three miles from a place to board is absolutely incorrect.

I have the honor to be,

Sir:

I wrote you August 13th, informing you that Miss Lilian Raftery had written me to say she would not be able to accept the Seabird Island Indian School.

I have an application from Miss Edith Delany for the position above referred to. She is twenty-three years of age, and has the following qualifications:-

She has had one year in High School and has also two years' training as a stenographer. She spent nearly a year with one of the big business concerns of Vancouver, as demonstrator of Electric Washing Machines. She acted as a substitute in the laundry of St. George's Industrial School at Lytton. Mr. Lett, the Principal, at the expiration of the three months gave her a very hearty testimonial.

In the latter position Miss Delany was brought into close touch with the Indian girls of the school. She was remarkably successful in dealing with the girls and won their confidence and affection.

I have done my best to get a teacher for this school with a certificate, but have failed. Under these circumstances, and with the fact before me that the Indians of Seabird Island are very anxious to have a school opened, I recommend that Miss Delany be appointed teacher at a salary of Seven hundred dollars per annum and the bonus.

OK. B.S.
In order that the school may be opened on September 4th, I would respectfully ask you to send me a telegram confirming the appointment of Miss Delany.

Your obedient servant,

T. H. Cairns

Inspector of Indian Schools.

P.S. Miss Delany is a Roman Catholic and I am sure in that respect will be quite acceptable to Father Welch.

Sir:

I wrote you July 31st, asking that the appointment of Miss Lillian Raftery to the Seabird Island Indian Day School be confirmed. I regret that I have just received a letter from Miss Raftery telling me that she will not be able to take this school.

I beg leave to quote a part of the letter just received from Miss Raftery:—
"I regret to state that I am unable to accept the position as teacher for the coming term, of the Indian School at Agassiz.

I accepted the position in my interview with you, contrary to my mother's wishes.

I hope that you will have no difficulty in securing a suitable teacher for the school.

Yours very truly,

(sgd) Lillian R. Raftery."

I have found it very difficult to get a trained and certificated teacher for these Day Schools under Catholic auspices. I think the reason of this is that the teaching in connection with the Catholic Church is done largely by Sisters and Brothers, these being members of some Order in the Church organization. This being the case, there is no incentive for the young people of this church to prepare themselves as teachers.

I will make another effort to get a teacher for this school.

Sir:-

I would like very much to get help from the Indian Department about my two boys that have been going to the St. Mary's Mission Boarding School, so I may keep them at home, and go to the school that has recently been opened here at Seabird Island Reserve. My boys would be a great help to me at home milking cows - morning and evening, and much less expense for me, as I supply them all their clothes at the Mission Boarding School. That also will leave more room for children from other reserves to go to the Mission Boarding School, if my children are transferred to this school.

Hoping to hear from you soon,

Yours truly,

(Signed) Jimmy Andrew.

Sir,

Will you kindly ask the Indian Department to have my little girl transferred from the St. Mary's Mission Boarding School to our school here on the Seabird Island reserve, that has recently been opened. That will save me a lot of expense on her clothes if she goes to school right at home, than when she goes to the Mission boarding school as I supply her all her clothes, and then she can be replaced by another child from other reserves that have not the privilege of a school on their reserves. I hope to have an answer as soon as possible, and oblige,

Yours truly,

Sir,

I want to say a few words about my child that has been going to the St. Mary's Mission Boarding school. I want to keep her here right at home, that she may go to this school that has recently been opened at the Seabird Island Reserve. Children are a great help to us when they are right at home, and go to school at the same time. It is for our children that we begged hard for a school on our reserve. And if we can only have our children here; there will be rooms vacant at the Mission Boarding School for other children that have not the privilege of a school on their reserves. Please inform the Indian Department about this matter, and let me know as soon as possible, and oblige,

Sir,

I beg to report that on Tuesday, September 4th, the new day school on Seabird Island Reserve was opened in the presence of Miss Delaney, the teacher, Mr. School Inspector Cairns, Dominion Constable Strang and myself. There were seventy-five Indians present, and there were eighteen children enrolled, two of whom were sixteen years of age, but very anxious to attend school.

The Indians were very enthusiastic and three of the parents, who have children at St. Mary's Mission School, got up and made speeches, and asked if they could not withdraw their children from that school, and send them to the day school. Both Mr. Cairns and myself made it very plain to them, that we had no power to allow them to do this, and advised them to send the children back immediately, as it was a matter entirely in the hands of the Department at Ottawa. That same day these particular Indians went home and wrote me letters, copies of which I am enclosing.

July 3, 1937.

Most Reverend Sir:

On February 19th, 1937, you were written and requested to nominate two or three teachers whom you considered would be suitable for the Seabird Island School in the Lytton Indian Agency. You were requested to forward full particulars regarding their qualifications to Capt. G. H. Barry, District Inspector of Indian Schools, Victoria, B.C., in order that he might select the nominee which he considered best qualified for the position.

If you have not already forwarded the names of your nominees to Capt. Barry, the Department would appreciate if you would do so at once, in order that a qualified teacher may be secured for this school to begin duties on September 1st, next.

EXTRACT from Report of Inspector Barry
regarding his visit to the SEABIRD ISLAND INDIAN
DAY SCHOOL on June 14th, 1935.

Original on File 165-5-6.

The teacher, Miss C. MacLennan, is anxious to obtain a transfer to another Indian Day School, as she has been here for some five years or more. I suggested that she write to the Archbishop of Vancouver, His Grace Archbishop Duke, without whose approval I understand the Department would not care to take action. The teacher of the Shalalth Day School in the same agency and Diocese being also anxious to transfer, it would be easy to arrange this matter, but I have thought it better to let the Catholic Church make its own nominations to the Department, either through the Indian Agent at Lytton, B.C. Mr. Strang, or direct to Ottawa. I have no objection to offer for I consider that this transfer would be quite suitable.

SEABIRD INDIAN DAY SCHOOL

This school has a new teacher since my last visit, a Miss McLellan. There were 17 children at the time of my visit. I examined several children in their work and the standard appears to be fair, but I told the teacher that I thought they wanted a bit more discipline, as some of the parents had complained of the bigger children. Everything was clean and tidy. The position of the blackboards, however, should be changed as they are hard to see from the desks owing to the reflection of the light.

Sir:-

I beg to acknowledge receipt of departmental letter dated June 17, 1930, in connection with getting a teacher for the Seabird Island Indian Day School, to succeed Miss Mary Wadel, who has resigned.

I have taken the matter up with the Roman Catholic Church authorities, and after some delay, am now enclosing applications, etc., received from three different applicants, only one of whom seems to have a certificate, and that is Miss Christine MacLennan.

Mrs. Delaney has had two years experience in teaching, but doesn't mention having a teacher's certificate.

Miss Ruth Wadel might be all right for the lower classes, but might not be able to carry them higher.

As school opens the same time as the Provincial Schools, the beginning of September, I will be much obliged if you will give this matter your early attention.

Sir:

I have your letter of the 12th instant, informing the Department that Miss Mary Wadel has tendered her resignation as teacher of the Seabird Island Indian Day School to take effect at the end of the present school year. The Department regrets that Miss Wadel is giving up duties, as it is noted by your reports that her work has been satisfactory.

It will be necessary to obtain the services of a qualified teacher to succeed Miss Wadel for the next school year to begin duties on or about September 1st, next. As this school is conducted under the auspices of the Roman Catholic Church authorities, it will be necessary to consult them regarding the appointment of a successor to Miss Wadel, and you should take this matter up with them in due time. Particulars concerning the name, qualifications and experience of the teacher nominated for this position should be forwarded to the Department. The salary allowed will depend on the qualifications and experience which the teacher nominated possesses. Please give this matter your attention in due time in order that the services of a teacher can be obtained before the school reopens after the present summer holidays.

You should see that Miss Wadel prepares the usual quarterly return at the end of the present quarter showing the attendance, days taught, etc., and forwards same to the Department through your office in order that payment of salary due her can be made.

Dear Sir.

I herewith beg to enclose an application from Miss Mary Wadel Teacher at the Boothroyd Day School asking for an increase in salary.

As for this application I havnt the slightest hesitation in endorsing the same, as Miss Wadel has given entire satisfaction, is well liked by the children and also the parents and has their confidence, with the result that she has her school filled up, in fact it was ~~only~~ only on my last visit that she mentioned to me that the schoolroom was getting too crowded, and that we would have to be considering building a new school house.

I might add that Miss Wadel is so anxious to make good, and keep up to the times, that she spent all her summer holidays at the Summer School in Victoria this year.

A teacher of this description needs encouraging, so if it is at all possible, I would like very much to see Miss Wadel get an increase in her salary.

I am also enclosing an endorsement from Mr Inspector Pragnell.

Dear Sir:

I am in receipt of yours of the 20th instant enclosing an application for an increase of salary by Miss Mary Wadel, now teaching school on the Seabird Island Reserve.

I have much pleasure in endorsing her application provided, that the said increase is allowable in official rating. This lady has certainly given exceptionally good services as a school teacher for the Department. In fact she is one of the best day school teachers that I think we have. I know her work well, during the time she was on the Osoyoos Reserve in the Okanagan Agency. She was well liked there by all the Indians, and got the children on well in their work. ~~In~~ this position ~~she~~ was particularly honourous, in that she was cut off from any intercourse with white people, being all by herself on the Indian Reserve quite a long way from the nearest settlement. Since being at Seabird Island School she has pulled that school together remarkably and the attendance is greatly increased. She is also there, apparently, well liked by all the Indians.

Yours truly,

Sir:

Mr. Inspector Cairns, in a report on his inspection of the Seabird Island Indian Day School, states that the Indian parents are taking more interest in the education of their children and have expressed a desire to have a change of teacher. As you were advised at the time of the appointment of Mrs. Carpenter, the present teacher, her retention in the position was to depend upon the success which she achieved in the work. It appears from reports received that her services have not been entirely satisfactory, and it is desired that a qualified teacher be engaged for the next school year. You should inform Mrs. Carpenter in due time that her services will not be required after the end of the present school year, viz. June 30th, next.

As this school is conducted under the auspices of the Roman Catholic Church authorities, it will be necessary to consult them regarding the appointment of a successor to Mrs. Carpenter. You should take this matter up with the Church authorities in due time, and also with Mr. Inspector Cairns, and submit the name, qualifications and experience of the teacher nominated for the position. You will please keep this matter in mind and make all necessary arrangements, as requested above, in due time to have a suitable teacher engaged for the next school year.

We are informing Mr. Inspector Cairns that you have been instructed to notify Mrs. Carpenter that her services will not be required after the end of June, next, and to take the necessary action to obtain the services of a successor.

Sir:

I have to acknowledge receipt of your report dated February 2nd, last, on your inspection of the Seabird Island Indian Day School. It is noted that the Indians are taking more interest in the education of their children and that they have expressed a desire to have a change of teacher. The present teacher, Mrs. Carpenter, was appointed temporarily in September, 1924, on the distinct understanding that her retention in the position would depend upon the success she achieved in the work. In view of your recommendation that she be allowed to remain for the balance of the present school year, ending June 30th next, the Department will approve of her continuing her duties until that time. We are, however, requesting Mr. Agent Graham, Lytton, to inform Mrs. Carpenter that her services will not be required after that date.

It will be necessary to obtain the services of a teacher for the next school year, beginning on or about September 1st, next, and as this school is conducted under the auspices of the Roman Catholic Church, they should be consulted in obtaining a qualified teacher whose services would be satisfactory. Mr. Agent Graham will be requested to take this matter up with the Church authorities and yourself in time to obtain the services of a teacher for this school for the next school year.

Original on File 165-5-6.

Just now there is a stir among the Indians re-
garding school affairs and they have expressed the
desire to have a change of teachers. This can be
brought about by giving Mrs. Carpentier sufficient
notice. She would like to remain in the school until
June 30th and I would, therefore, recommend that Mrs.
Carpentier be allowed to finish her work for the year.

X

X

X

During my visit to the Seabird Indian Day School,
some five or six of the men were present at the examination.
I explained to them that Mrs. Carpentier would, in all
probability, resign her position to take effect June 30th,
1928. Mrs. Mary E. Carpentier has been faithful in the
discharge of her duties as a teacher. She has been ex-
tremely kind to the pupils and, notwithstanding the fact
that the attendance has been irregular, progress has been
made. The Indians spoke kindly of Mrs. Carpentier.

Mrs. Carpentier asked me if she could obtain a
leave of absence for one year, that is to make it possible
for Mrs. Carpentier at the end of a year to make application
should there be a vacancy. This, of course, will come up
for review about the 30th of June, 1928.

DEPT. OF INDIAN
JAN 9 1928
RECORDED

Original on File 165-5-6.

Miss Ruth Young, an expert Primary teacher, was present at the examination and taught a model lesson for the benefit of both teacher and pupils. It appeared to me that Mrs. Carpentier has lost her interest, to some extent, in the pupils. However, I would like to give her a further trial. At the end of a month or two, I will visit the school again and be in a position to give recommendations.

It may be necessary to consider the matter of a change of teachers unless results are evident.

.....

The attendance and the work generally are not satisfactory. Mrs. Carpentier seems to have lost her grip and is not getting the co-operation of the parents, as she should.

Capt. G. H. Barry,
District Inspector of Indian Schools,
Victoria, B. C.

Dear Captain Barry:

I am glad to recommend for the position of teacher
at the Seabird Island Indian Day School the following app-
licants:

Miss Mabel Leary, Ladner, B. C.
Miss Mary Bell, Endako, B. C.
Miss Catherine McDonald, 2446 West 6th Ave., Vancouver, B.C.
Miss Catherine B. Morry, 1339 Stanley Ave., Victoria, B. C.
Miss Marva Mulvaney, 2649 Quebec, Vancouver, B. C.

These applicants are all first class teachers with
good credentials from whom a choice might be made by the
Department.

There is talk of Mr. Anthony Walsh, Inkameep Indian
Day School, Oliver, B. C., asking for a change of schools.
If so, I would recommend him above all others for this
position.

Very sincerely yours,

Dear Sir:-

I am in receipt of your letter of the 7th instant in which you mention the names of several teachers whom you consider to be satisfactory if appointed to the position of teacher of the Seabird Island Indian Day School.

In the last paragraph of your letter you refer to the possible transfer of Mr. Anthony Walsh, at present teacher at the Inkameep Indian Day School, Oliver, B. C., and I have noted that you are prepared to recommend him for the vacant position at Seabird Island in preference to any of the other candidates mentioned in your letter.

For a number of reasons I feel that it would be better not to have a man at Seabird Island at the present time. The School which was quite successful under Miss C. McLennan, has not been so since the appointment of Mr. F.G.M. Grist, and I am informed that this is partly due to the fact that in the past a female teacher has been employed in this particular School.

I am writing to several of the teachers mentioned in your letter, and on hearing from them, will forward your letter, together with my own recommendation to the Indian Affairs Branch, Ottawa, through the Indian Commissioner for British Columbia.

May I take this opportunity of thanking Your Grace for the help you have given us in the selection of a suitable teacher to fill the vacancy at Seabird Island.

Yours very truly,

Dear Sir:

After having given consideration to the matters discussed at our last interview, I am glad to make the following recommendations:

First: The transfer of Mr. and Mrs. Sowray from Church House to Sliammon, where the present field matron, Mrs. Nickerson, has resigned. It is understood that Mr. Sowray make a success of the school there, otherwise the Department should replace him.

Second: Mr. and Mrs. Burns, now at Chehalis, to be transferred to Church House.

Third: Miss Mabel Bauer, now at Sliammon, to be transferred to Seabird Island.

Fourth: With regard to Chehalis where a teacher and field matron are needed, I am not now able to recommend anyone, but will be glad subsequently to make a nomination.

I am glad to know that Miss Catherine McDonald, and Miss Mabel Leary would be considered good candidates for work with the Department. The former would have her widowed sister to live with her, and the latter would fit in where the teacher would have to live with white people.

Thanking you for your consideration in this matter, I beg to remain

Dear Mr. Burns:-

I shall be glad to know if you and Mrs. Burns would be prepared to accept a transfer to Church House. I understand that His Grace Archbishop Duke is willing to nominate you for the vacancies occurring there, but before forwarding your names to Ottawa and recommending this transfer, I shall be glad to hear from you that you are prepared to move. In many ways I believe Church House would prove a better location for you at the present time.

Dear Captain Barry:-

I beg to acknowledge the receipt of your letter of the 23rd instant in which you kindly suggest if Mrs. Burns and myself would accept a transfer to Church House. It was very kind of you to remember us, for which I am most grateful.

It happens, however, for obvious reasons that the location does not appeal to us at present. We have two children attending school at Chilliwack and we wish to keep in touch with them as much as we can- the transfer to Church House would make this impossible. Besides we have two younger children with us here. Church House as I understand it is not a favourable environment for white children.

Church House, on account of its geographical location would be more suitable for a man and wife having no family, rather than a couple with children.

In declining the transfer for the reasons given above, permit me again to thank you for your kind consideration in this matter.

With kindest personal regards,

Yours sincerely,

Dear Sir:-

I wish to acknowledge with thanks Your Grace's letter of nomination dated June 21st, which I was handed on my arrival in Victoria this afternoon.

With reference to the nominations made may I say that a further difficulty has developed. In reply to my query, Mr. J.W. Burns has refused a transfer to Homalco Indian Day School.

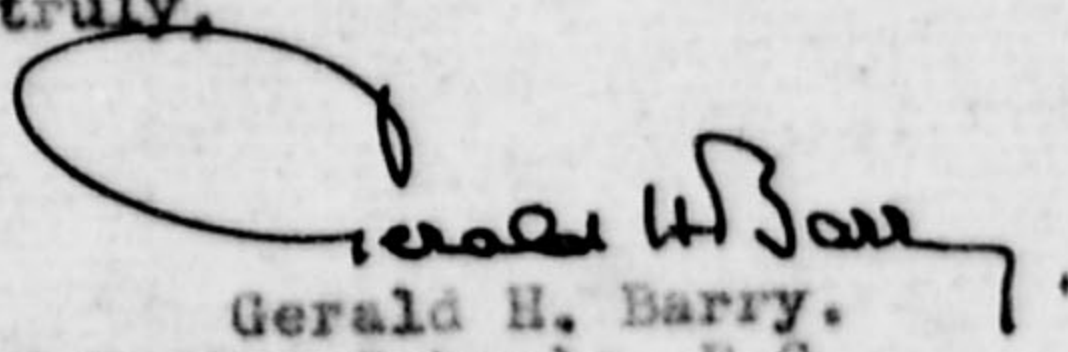

I am forwarding Your Grace's nominations to the Secretary, Indian Affairs Branch, Ottawa, through the Indian Commissioner for British Columbia, and recommending the appointment of Miss Mabel Boeur to the Sea Bird Island Indian Day School, and the transfer of Mr. and Mrs. Cowrey from Homalco (Church House) to Sliammon. This will leave the positions of teacher and field matron open at Church House, in place of Chehalis as suggested in the above quoted letter.

I should be glad to have in due course suggestions with regard to the filling of the positions at Church House.

Miss Catherine McDonald and Miss Mabel Leary, whom I interviewed while in Vancouver are very good candidates for ordinary teaching positions, but I do not believe that either would be very suitable at Church House where a married couple or a teacher and relative who is a trained nurse would be more suitable.

Should you later wish to consult me again with regard to any vacant positions, I may say that I shall be glad to go to Vancouver for this purpose, but I would ask you to note that from July 10th to August 1st I shall be on my statutory vacation and away from Victoria.

Dear Major MacKay:-

I am forwarding herewith two letters from His Grace Archbishop Duke of Vancouver, with copies of my replies, also copy of my letter to Mr. J.W. Burnes and his reply. The remainder of the file would not be of interest to the Indian Affairs Branch, but I may say that the following Catholic candidates for teaching positions nominated by His Grace were interviewed in Vancouver:-

Miss Marva Mulvaney
Miss Catherine McDonald
Miss Mabel Leary.

Miss Mary Bell is employed at Endaco and could not be interviewed, and Miss Catherine Morry is the teacher who was formerly in charge of the Tsartlip Indian Day School, where she did not prove very satisfactory.

This file is forwarded in accordance with the instructions contained in Departmental letter 165-5-1 dated February 19, 1937.

With reference to the third paragraph of the Department's letter, I may say that Miss Mabel Boeur, teacher of the Sliammon Indian Day School, and now nominated by the Archbishop for the vacant position at Sea Bird Island, is 34 years of age, holds a B.C. Second Class Certificate and Provincial Summer School qualifications in Indian & Rural Work, Primary Work, Etc., and has some thirteen years experience in our B.C. Indian schools. Miss Boeur taught for some six years at Katsie Indian Day School, four years at the Kootenay Indian Residential School, and for the past three years at the Sliammon Indian Day School. She is a very good teacher indeed, and I am very glad to recommend her appointment to the position at Sea Bird Island.

I would ask that the Indian Agents be informed in due course of the decision of the Indian Affairs Branch with regard to the proposed transfers, so that they may in turn communicate with the teachers.

Yours very truly,

The Department is in receipt of your letter of the 30th ultimo, enclosing a letter from Inspector Barry with reference to changing certain teachers of the Indian day schools in the Vancouver and New Westminster Agencies.

As yet, we have not received the resignation of Mrs. Nicholson as field matron at Sliammon. Under these circumstances, the Department is not prepared to consider changing Mr. and Mrs. Sowrey from Homalco to Sliammon.

However, Indian Agent Ball has been written with reference to Mrs. Nicholson's resignation and, if this is received, the Department is prepared to approve the suggested changes. A definite decision, however, will be delayed until Mr. Ball replies.

May 22nd 1937

Dear Sir,

I have received your letter informing me that my services will not be required after June 30th 1937, and must say that I think it very unjust that I am dismissed in this way without being given an opportunity of speaking one word for myself.

You will no doubt remember that on the occasion of your first visit to this school after I came here (only a few days after I took charge) I told you that the children were very far behind in the work of their grades, very sullen, very bad mannered, very badly spoken and that their writing was a disgrace. I also said that under the circumstances I was bound to receive very unfavourable reports from Capt. Barry, and that I would be blamed for all the faults of the children, although in no way responsible. You agreed with me regarding the manners and speech and said that I would have a hard task changing them. I may say that after two years hard work I have succeeded and most of the children are now well spoken and have nice manners. As to the schoolwork I have exercise books which were in use here before my time which will prove what I say is correct.

Each time Capt. Barry has inspected the school, although he did not say anything, I could tell that he was not very well impressed by the work of the higher grades, neither was I, and it is only now that I am getting the children where I want them. As to Grades 1 and 2. Capt. Barry has always told me that they were excellent, and as they are the children I started in school I think I should be judged by their work as they are the most important grades in any school, being the foundation on which all the rest of the schoolwork is built.

I shall be glad if you will forward a copy of this letter to Ottawa and ask that an impartial official of the Department investigate this and prove if I am right or wrong. I think that after hearing my side of the question they cannot in common justice refuse to do so.

Dear Sir:-

I am in receipt of Departmental letter 165-5-1 dated July 9th last, which could not be dealt with previously owing to the absence of Captain Barry on vacation.

With reference to the second paragraph of the above letter I may say that under date of July 15th Mr. Indian Agent Ball informs me that he has received a visit from Mrs. Nicholson, field matron at Sliammon. Mr. Ball advises me that Mrs. Nicholson has withdrawn her verbal resignation and wishes to remain at Sliammon for another year.

Owing to Captain Barry's absence on vacation Mr. Ball was unable to reach him by telephone, and I understand that he himself is on vacation until about August 16th.

The previous recommendation for the transfer of Mr. and Mrs. Sowrey from Homalco to Sliammon was made, of course, on the understanding that Mrs. Nicholson had definitely resigned. It is now learned that such a transfer is impossible until such time as Mrs. Nicholson actually resigns.

I should be glad to know if the Indian Affairs Branch approves of the transfer of Miss Mabel Boeur, present teacher of the Sliammon Indian Day School, to be teacher of the Sea Bird Island Indian Day School at Agassiz in the Lytton Agency. You will remember that His Grace Archbishop Duke nominated Miss Boeur for the Sea Bird Island vacancy and that the Inspector of Indian Schools recommended her transfer. Should the Indian Affairs Branch approve of this transfer it will not be difficult to find a suitable Roman Catholic teacher for the position left vacant at Sliammon.

Upon receipt of a telegram from the Department authorizing the above transfer I shall immediately get in touch with His Grace Archbishop Duke with a view to obtaining the nomination of a suitable candidate for the Sliammon Indian Day School.

Dear Sir:

With reference to your letter of the second instant, the Department sent you a radiogram today approving the transfer of Miss Mabel Boeur from Sliammon to Seabird Island, effective September first, 1937. As the salary rate at the Seabird Island School is \$90.00 a month, we can only allow this amount to Miss Boeur. I mention this specifically because the salary rate at Sliammon is \$95.00 a teaching month.

You should notify both Indian Agent Ball and Indian Agent Strang regarding this transfer.

In connection with securing a teacher for the Sliammon School, I would refer you to my letter of July 30th. If, however, you do not recommend the transfer of Miss Hepworth to Sliammon, you should request His Grace Archbishop Duke to nominate a qualified teacher for the Sliammon School.

With reference to the third paragraph of your letter of the 9th instant and the third paragraph of your communication 167-24-1 of July 30th last, I am forwarding herewith a letter from Archbishop W. M. Duke of Vancouver, in which he suggests the transfer of Miss Marie Hepworth from the Okanagan Indian Day School to be teacher of the Sliammon Indian Day School, and also the appointment of Miss Catherine McDonald as teacher of the Okanagan Day School.

Captain Barry informs me that Miss Catherine McDonald is a Roman Catholic, aged 49 years, trained at the Ottawa Normal School 1914-15 and holds a Second-Class Ontario Certificate. This teacher has 16 years successful experience; 10 years having been spent in Ontario rural schools and 6 years at St. Patrick's School, Vancouver. Her sister is a widow who could and would live with her, should her appointment as teacher of the Okanagan Indian Day School be approved. She was interviewed in Vancouver on June 19th last by our Inspector of Schools.

I would recommend that approval be given for the transfer of Miss Marie Hepworth to Sliammon Indian Day School and the appointment of Miss Catherine McDonald as teacher of the Okanagan Indian Day School. On receipt of a telegram that the Indian Affairs Branch has approved of these appointments, I shall immediately inform the Indian Agents concerned.

LYTTON INDIAN AGENCY - PROGRESS REPORT FOR DECEMBER 1937.
X X X

The attendance at the day schools is all that can be expected at this time of the year, particularly at Seabird Island day school where the pupils have long distances to walk to school. Miss Boeur is getting more settled, and I believe she is a capable teacher. It was raining heavily when I visited Seabird Island school; consequently the attendance was poor that day. A visit was made to the parents of these pupils, and the former were requested to assist the teacher in every possible way and to have their children attend regularly.

Dear Sir:

I desire to refer to your letter of the 25th ultimo enclosing Inspector Barry's report regarding the Seabird Island Indian day school.

The Department is at a loss to understand Mr. Barry's statement that Miss Boeur is dissatisfied with the salary that she is being paid.

When she was transferred to the Seabird Island Indian day school it was distinctly understood that her salary would be at the rate of \$90.00 a teaching month. In this connection I would refer you to my letter of August 9, 1937.

Miss Boeur is being paid salary of \$900.00 a year and in addition is allowed \$75.00 for janitor services. It is considered that she is being adequately paid.

June 10th, 1939

Sir:-

I beg to forward herewith, a letter from Miss Mabel Boeur, teacher at Seabird Island Indian Day School, in which she applies for an increase in salary.

Miss Boeur is a good teacher and has made nice progress in the general school work since coming to Seabird Island School, and I would respectfully recommend that the janitor's allowance for this teacher, be increased to \$10.00 per month.

Your obedient servant,

A. Strang

EX'D

Dear Sir:

I am in receipt of your letter of the 10th instant enclosing letter from the teacher of the Seabird Island Indian day school requesting an increase in her salary.

The salary schedule at Indian day schools was recently reviewed and it was decided that no increases should be granted to any of the teachers of Indian day schools at the present time. Under these circumstances favourable consideration cannot be given to Miss Boeur's request.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Dear Sir:

I have for acknowledgment your letter of the 23rd ultimo and also Inspector Barry's report on the Seabird Island Indian Day School, sent forward therewith.

I note with interest Inspector Barry's recommendation, approved by yourself, - that the salary of Miss Boeur, the teacher in charge of this school, be increased. I feel confident, however, that it would be simply a waste of time for me to recommend a salary increase in this case, in view of the comparatively small enrolment at this school and the low average attendance. I note that when Inspector Barry visited the school there were only three boys and three girls present and that the average attendance for this school year amounts to only 5.4. This condition is wholly unsatisfactory to the Department, and in view of the conditions now confronting us, not only this school but other schools where the attendance is unsatisfactory should be very carefully reviewed by the Inspector, acting under specific instructions from yourself. I feel confident that the Minister will expect you to take such action.

Would it be possible, therefore, to have from you a recommendation in respect to this and other schools, expressing an opinion on, -

- (a) closing the school and transferring the pupils to residential schools where accommodation may be available,
- (b) operating such schools on an eight or nine month basis,
- (c) making provision for the transportation of such

pupils -

pupils to white schools in the neighborhood, where accommodation may be available and where arrangements can be made for their education.

I firmly believe that in times like these the Department simply cannot afford to keep a school open and in operation with an attendance of three, four, five or six pupils. If Miss Boeur is dissatisfied with her present salary, she should not be encouraged to remain in the Indian service and should be told to send in her resignation. I have carefully reviewed and compared, this morning, the salaries paid in our Indian day schools in British Columbia with the salaries paid in other one room day schools of the province, and I notice that the average salary paid by this Department in British Columbia is substantially higher than the salaries prevailing in other one room public schools.

Your attention to this matter in the immediate future will be very much appreciated.

Yours truly,

Dear Major MacKay:-

With reference to the attached file I may say that I have read Department letter 165-5-1 with some care.

The instructions with regard to Miss Boeur will be followed should she again mention the question of salary increase. If you consider that Mr. Indian Agent Strang should be informed of the Department's decision in this case, you will no doubt take the necessary action.

The preliminary work on the survey of small Indian schools suggested by Mr. Hoey has been completed during the past weeks as I had a few minutes to spare from time to time.

The possible increase in attendance at some of these schools has been discussed with Church officials in a few cases, mainly to enable me to obtain some idea of the reaction to be expected should one or more schools be closed.

My report on the small schools will be prepared during my visit to Vancouver Island on other duties and forwarded to you during the next two weeks.

At the present time I do not see how any schools now in operation could possibly be closed, if we are to continue the education of the children concerned, for the residential schools are all filled to capacity at present authorized.

Moving children from a small day school where there are for example 12 children on the roll to a residential school would result in an increased expenditure to the Department.

Such a small day school as I have mentioned costs some \$1000.00 per annum to operate while the 12 pupils at a residential school would cost in per capita fees alone some \$2000.00. The attendance at small Indian day schools in late Spring and early Fall would not exceed some 50% and probably not at any time exceed 80% of the number on the roll of the school.

In general the closing of day schools and transferring the pupils to residential schools could not possibly be justified on the ground of expense to the Department. It is in any case impossible from a practical point of view as there are no vacancies at the residential schools, and my efforts to have the numbers entitled to draw per capita allowance at certain of the residential schools, St. Mary's Mission for instance, have not so far been very successful. ^{increased}

The possibility of operating some of our Indian schools on an eight month basis has been considered in the past. Schools at Massett, Skidegate, and Gwinaha are now operating on an eight months basis.

The difficulty is that when schools are open only eight months in a year we can not, except in unusual circumstances, obtain the services of the better qualified teachers. Such teachers are able to obtain ten month schools under the Provincial Department of Education. It may be possible to suggest that one or two of the small schools be reduced to eight month schools, and this will be discussed in my final report on this subject.

The sending of our children to Provincial schools while satisfactory in places where no Indian school is in operation and numbers are far too small for the establishment of such an Indian school is not the best arrangement for two reasons:-

(a) Catholic children can not obtain any religious instruction at Provincial schools.

(b) The Programme of Study in Provincial schools is not the best for Indian children, that in Indian schools being adapted to the child's future

This matter will however be further reported on in my final survey of these small schools.

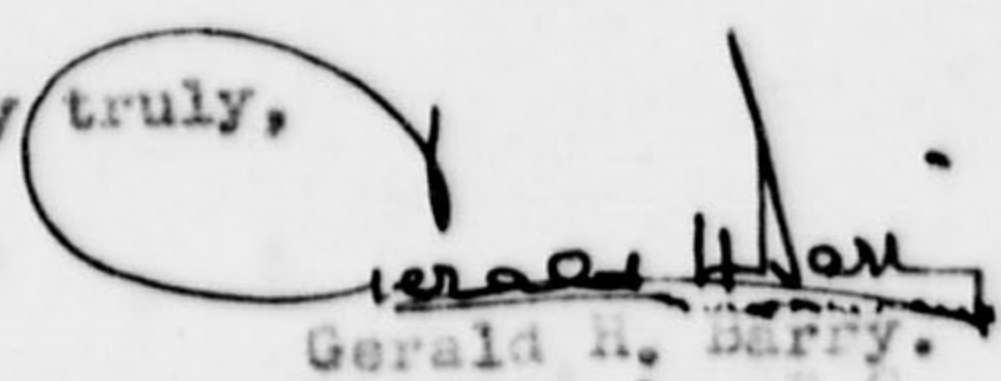

With regard to the final paragraph of Mr. Hoey's letter of November 2nd, I am of course well aware that the salaries paid in our Indian schools are in general higher than those paid by the Province in rural schools.

The Province has for some years been trying to find some way to increase the rural salaries. Should we reduce salaries or place many schools on an eight month basis the result will be that qualified teachers will not accept appointments in Indian schools and the standards I have for years attempted to maintain will fall to the very inadequate level noticed when I took up my work in 1931.

There is a very definite shortage of qualified teachers in British Columbia this year. We are so far unable to find teachers for Gitlakdamix (Anglican) Kincolith Division 2 (Anglican) and Massett Division 3 also Anglican. I have consulted Anglican Church authorities, and the Registrar of the B.C. Education Department, who is just as unable to find teachers as I am, but have not found suitable candidates.

I would request that you consider this letter an Interim Report on the possibilities suggested in Mr. Hoey's letter of November 2nd.

Yours very truly,

Gerald H. Barry.

Dear Major MacKay:-

I am forwarding herewith my report on the Sea Bird Island Indian Day School, Roman Catholic Church, Lytton Agency, which was inspected this morning.

The children attending this school are well dressed, and clean. They appear very happy and are certainly making excellent progress.

The teacher, Miss Boeur, has made a very great success of her work here. As the future of this particular school is somewhat doubtful, it is quite possible the teacher may seek a transfer through nomination by the Catholic Church authorities. Her vacation address will be in care of Mrs A. J. Boeur, R.N.I., Eburne, B.C.

Only about 12 of the 16 pupils attend well. Some of the others are, the teacher states, not strong, and some have a distance to walk to school.

The dozen or so children who do attend fairly regularly might possibly be accommodated in the Agassiz Consolidated School, as the school bus passes quite near to their homes, Miss Boeur states. Other pupils could not however be picked up easily.

I am of the opinion that it would be best to operate this school from October 1st to May 31st yearly in the location in which it is now established, the Indian Council House at Sea Bird Island, till such time as the permanent location of the majority of the Indian parents has been decided on, new houses built, etc., when it may be necessary to erect a new school in a more central location.

Yours very truly,

Gerald H. Barry.

Sea Bird Island Indian Day School.

The particulars of this school are set out in some detail in my Survey Report on Small Indian Day Schools, Page 8.

This school was last visited by me on June 14th 1940. On that occasion there were only 6 pupils present, though there were 16 on the school roll.

The building used as a school is the Council House of the local Indians. It is just possible that the school should be located in a different part of Sea Bird Island to insure a better attendance. Too many children have in the past been allowed to go to the St. Mary's Indian Residential School at Mission.

The present teacher is Miss M.C. Boeur, a girl of some 36 years of age who has now a First Class certificate and some fifteen years experience in Indian schools.

The progress of this school has been very good since Miss Boeur was appointed on transfer from the Sliammon Indian Day School.

Average Quarterly Attendance

	1935-36	1936-37	1937-38	1938-39	1939-40
September	4.6	8.8	4.5	3.9	5.4
December	9.8	14.1	9.8	8.3	8.9
March	10.2	12.3	6.0	8.7	6.4
June	12.2	12.0	6.9	8.9	?

Many of the local Indians are away hop picking in September. It was suggested that this school operate on a nine month basis in my Small School Survey Report, Page 8, and that even this might be reduced to eight months.

Under present regulations the Sea Bird Island Indian Day School will reopen on October 1st 1940. I would recommend that the academic year in future be reduced to one of eight months from October 1st to May 31st.

AIRMAIL

Dear Sir:

I am forwarding herewith a letter of nomination dated August 31st last received from His Excellency the Archbishop of Vancouver.

Archbishop Duke recommends the transfer of Miss Mabel Boeur, at present teacher of the Seabird Island Indian Day School, Lytton Agency, to be teacher of the Seton Lake Indian Day School in the same Agency. He further recommends the transfer of Miss Mary Winter, at present teacher of the Katzie Indian Day School, New Westminster Agency, to be teacher of the Seabird Island Indian Day School, Lytton Agency, and informs me that in due course he will nominate a teacher to replace Miss Winter at the Katzie School.

I have discussed the transfers suggested above with Inspector Barry who considers them quite satisfactory. I would therefore recommend that the nominations of His Excellency the Archbishop of Vancouver be accepted and that Miss Mabel Boeur to appointed teacher at the Seton Lake Indian School and Miss Mary Winter teacher of the Seabird Island Indian Day School.

I should be glad to receive, by air mail if possible, the Department's approval of the above transfers and to know the monthly salary which these teachers will be allowed in their new schools.

Dear Sir:

I have this morning received from Mr. Indian Agent Strang a copy of Miss Mabel Boeur's resignation, dated August 30th last, as teacher of the Seabird Island Indian Day School, Lytton Agency, the original having been forwarded by air mail to the Department by Mr. Strang.

Although Miss Boeur has not complied with the regulations of the Department in the giving of a month's notice of her intention to resign, I am, on the advice of Inspector Barry, recommending that her resignation be accepted, for it would appear that she is now actually in charge of a Provincial School near Vanderhoof.

In my air mail letter 15/7/7665 of the 4th instant, I recommended that on the nomination of His Excellency Archbishop Duke, Miss Mabel Boeur should be transferred to the Seton Lake Indian Day School, and that Miss Mary Winter, now teacher at the Katzie Indian Day School should be transferred to Seabird Island. Due to Miss Boeur's resignation, I must cancel my recommendations as set forth in my letter of the 4th instant.

His Excellency Archbishop Duke of Vancouver has now recommended the transfer of Miss Mary Winter from the Katzie School to be teacher of the Seton Lake Indian Day School. Inspector Barry informs me that such transfer is entirely satisfactory to him. I would therefore recommend that Miss Mary Winter be appointed teacher of the Seton Lake School.

Dear Sir:

I would refer you to Departmental letter 165-5-1 of the 7th instant, in which the resignation of Miss Mabel Boeur, former teacher of the Seabird Island Indian Day School, Lytton Agency, was accepted.

90 a month
In the last paragraph of my letter 15/7/7677 of the 5th instant, the Department was notified that His Excellency Archbishop Duke of Vancouver had been requested to nominate a suitable teacher to fill the vacancy caused by Miss Boeur's resignation at the Seabird Island Indian Day School.

Archbishop Duke has now suggested the appointment of Mrs. Lydia Eva Oulton, R.R. 1 Haney, B.C., as a suitable teacher for the above named school.

Inspector Barry informs me that Mrs. Oulton was trained at the Fredericton Normal School, New Brunswick, 1905-06. She holds a Second Class Teachers Certificate in the Province of New Brunswick and has had about twenty years teaching experience in the Provinces of New Brunswick, Manitoba, etc. During this time she appears to have received very good reports from her school inspectors.

Captain Barry further informs me that Mrs. Oulton has one child, a girl of some ten years of age, now in Grade 5A at the Provincial School, Haney. Mrs. Oulton was deserted last May by her husband whose address is now unknown. She is thus forced to return to teaching to support herself and her child.

Our Inspector of Schools, during an interview today with Mrs. Oulton, came to the conclusion that she was

a highly qualified teacher and ought to do extremely well in an Indian Day School. He suggests that under the conditions noted above and due to the great scarcity of qualified teachers in B.C., Mrs. Oulton might well be appointed, on a temporary basis.

I would therefore recommend that the temporary appointment of Mrs. L.E.Oulton as teacher of the Seabird Island Indian School be approved. I would request that the Department's decision in this matter be forwarded as soon as possible, by air mail, and that I be informed of the salary which would be allowed Mrs. Oulton at the above named school.

Re: Seabird Island Indian Day
School No. 840

In my memorandum of the 7th instant I advised you of the resignation of the teacher of this school.

To succeed her the Department has appointed Mrs. Lydia Eva Oulton at a salary of \$90.00 a teaching month. This school will be in operation for an eight-month period; namely, from October 1, 1940, to May 31, 1941.

I enclose copy of letter of appointment and staff questionnaire will be forwarded to you when received.

Dear Sir:

With reference to your letter of the 16th instant the Department approves the appointment of Mrs. Lydia Eva Culton as teacher of the Seabird Island Indian Day School.

It is understood that this school will be in operation from October 1, 1940, to May 31, 1941, during which period Mrs. Culton will be allowed salary at the rate of \$90.00 a teaching month. I enclose staff questionnaire which she should complete and return.

Dear Madam:

With reference to your letter of the 15th instant I may say that present regulations require us to make a deduction of 5% from the salary of all teachers engaged after September 1, 1939. This amount is funded and interest allowed on it and when you give up duties as a teacher of an Indian day school the amount deducted, plus interest, is returned to you.

The other 2% deducted from your salary is not income tax but National Defence tax which all employees receiving salary above a certain amount are required to pay.

Yours truly,

Sir,-

I herewith beg to submit the Day School Return for the quarter ended December 31, 1940, for Seabird Island Indian Day School, teacher, Mrs. Lydia E. Oulton.

With regard to the remarks contained therein I wish to advise the Department that they are very much exaggerated. The complaint of lack of clothing has been investigated and the Indians, with the exception of one family, told the Commissioner that they could provide the necessary clothes; the one exception has only recently returned to reside on the Seabird Island Reserve after an absence of several years and the necessary clothing is being provided, in fact it was already in care of the teacher.

Regarding the statement that the attendance could at least be thirty, there is not this number of children of school age available on the Reserve and it has been explained to the teacher it is not always the policy of the Department to compel children to attend school. I also explained the fact that most of the children had long distances over bad roads to travel to school and regular attendance could not be expected during the winter months.

Mrs. Oulton, who is 54 years of age and new to Indian work, is living in a small lean-to addition to the Council House used as the school, with her young daughter. These quarters are anything but suitable for the purpose.

The teacher is inclined to listen to Indian gossip and take sides. She has not only ignored the Chief but speaks disparagingly of him whom I have always found to be a good average Chief and has always had the confidence of his people. I have endeavoured to point this out to Mrs. Oulton but she is rather difficult to convince.

School Inspector Barry is evidently satisfied with her work as a teacher and I would therefore respectfully suggest that a transfer to another of his schools out of my Agency be arranged for.

Sir,-

In forwarding the quarterly return from the teacher of the Seabird Island Day School I would draw the attention of the Department to the number of pupils shown as absent for the full term and feel that some explanation is necessary other than given by the teacher as truancy.

On her complaint I made personal investigation into the matter. It will be noted that there are four more names on the quarterly return than shown on the previous quarterly return ending March 31st, 1941, namely, Margaret and Patricia Pettis, Thomas Harris and Gertie Louie. The first two mentioned have been discharged from the St. Mary's Residential School, Margaret being required at home to keep house for her widowed father and Patricia, a T.B. case, for health reasons. Thomas Harris is a T.B. case also and excused from school for this reason. Gertie Louie, aged 6 years, is much too young and although she attended school for two days this term, should have no place on this register.

Regarding the other four pupils shown absent for the full period, Sylvester Joe is a T.B. case and is excused from attending school regularly; this boy was decidedly far from well when I called at his home. Elsie and Irene Peters are two of seven children in the family that were having an attack of measles and were excused from school during the germination period and under quarantine. Carl Leon's father had removed from the Reserve with his family following employment outside the district.

Mrs. Oulton, the teacher of the school, is an elderly person with no previous experience with Indians, given to gossip which she has exercised among the Indians on the Reserve causing no end of trouble, and is very disrespectful when this has been pointed out to her.

A full report of my investigation was submitted to the Indian Commissioner for B.C., Major D.M. MacKay and Mrs. Oulton has since asked for a change of school to another Agency which I have been very pleased to recommend to our Commissioner.

Your File 15/7/1863.

Dear Sir,-

With reference to your letter dated May 6th regarding the letter from Mrs. Lydia E. Oulton, teacher of the Seabird Island Indian Day School, I beg to report as follows:

I proceeded to Agassiz and went direct to the teacher, requesting the names of the children whom she accused of breaking and entering a house at Agassiz. She gave me the names of Thomas Harris and Benny Joe and although not directly accusing him gave me to understand that Sylvester Joe was also implicated. After listening to her for some time and incidentally so loud did she talk in telling me of drunkenness in and around the reserve, Indians lying on the road and around the church drunk, that the echo from her voice was quite distinct, I left her and proceeded to interview the children reported absent from school.

The first child I visited was Johnny Bobb who lives with his grand parents. On being questioned as to why he did not go to school as he had always been a good boy, never giving any trouble previously, he came right out and said he did not like the teacher's manner, she shouted too much. I told him he must go to school which he promised to do. I next went to see Sylvester Joe and his parents. This boy is a T.B. case and has not been feeling well enough to go to school; he is one of the children who will go to the Coqualeetza Indian Hospital and it is recognized that he only attends school when feeling well enough. Mrs. Joe and her daughter-in-law were both very much put out with the manner of the teacher, not only with children, but with the people on the reserve generally. I next called on the Pettis children; Margaret, aged 15, was discharged from the Mission School as she was required at home to keep house for her father as her mother is dead. Margaret attended the day school for a short period after her brother married and his wife took over the housework but she is now keeping house for her grandfather, Johnny Bob. Charles Pettis has been kept at home because of a bad cold and also he is another T.B. case and not expected to attend school regularly. Thomas Harris is another case for the new Indian Hospital when it is open. This boy decidedly looks far from well and just wants to lie around all the time. Martin Harris, accused of keeping this boy from school, emphatically denied this and Mary Jane, mother of the boy, when faced with the fact that she signed a statement to this effect said that she told both Father Patterson and the teacher that day, that Martin wanted Francis to attend school but the boy was not feeling well enough to do so but the teacher shouted her down and Mary Jane said, "What could I do when they told me to sign my name?". Marion Harris, aged 15,

said that she liked school but could not stand the teacher shouting at her and threatens to run away if made to attend school. Marion has reached the age where her fancies are turning to boys and it would be useless now to force her to attend. I next called on the Peters children, Irene and Elsie, who were first kept at home with bad colds and are now having an epidemic of measles all to themselves. As one gets well another goes down; they are under the care of Dr. McCaffrey. The Indians have all the same complaint, that the teacher shouts at them and bosses them too much.

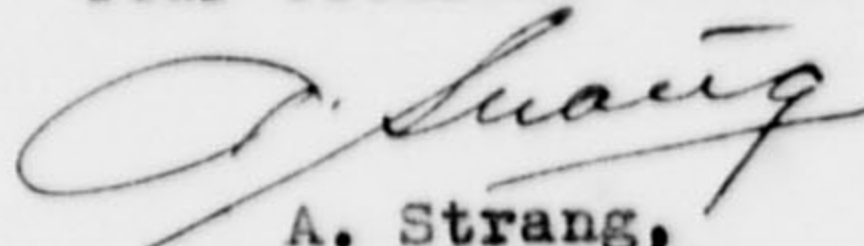

Mrs. Oulton does not understand nor ever will understand the temperament of the Indians; they are not used to being shouted at and bullied by officials and as you are aware, Mrs. Oulton cannot be told this. To give you an instance of how they take this: On my way to the Reserve I met Fred Ewen, the blind Indian, going to Agassiz which is about 5 miles from his place, to obtain some medicine. I told him that drugs were available from the supply at the school. He said, "Mr. Strang, I'd rather walk to Agassiz and pay for my drugs than go near that woman at the school." Others also complained about her shouting at them when they called for cough medicine, etc.

Following up the alleged breaking and entering by Thomas Harris and the Joe boys of which they denied any knowledge, I called on Constable J.H. Davey of the Provincial Police in Agassiz and he showed me the police record of the case where Charles Thomas and George Douglas had entered a house belonging to a Chinese and taken a watch and other articles later recovered by the police and returned to the owner who refused to prosecute. These two boys have no connection with the school whatsoever. This happened during the month of March and the police report is dated the 14th of that month.

I then brought up the complaint made verbally by the teacher of the wholesale drunkenness on the reserve Saturday nights and Constable Davey informed me that regular patrols were made over Seabird Island, more especially on Saturday nights, and that there was no truth in the statement made by the teacher in this regard, that the Rev. Father Patterson had been talking two days previously about the canoe races to be held on May 24th at Maria Slough and the Father had remarked how well behaved the Indians on Seabird Island had been over a long period.

While visiting at Johnny Bobb's place, Mrs. William Bobb, (nee Marion Phillip, a graduate of the St. George's School) accused the teacher of causing friction among the people and relating stories to Father Patterson about them, mostly information she has gained through gossip.

Dear Mr. Strang:

Your report 14-2, dated May 12th, in reply to the Indian Commissioner's letter 15/7/1863, has been handed to me for consideration before any further action is taken in the matter.

Your subsequent letter of May 13th, with which you forwarded a letter from Mrs. August Andrew, is also on my desk.

I have discussed very briefly with Inspector Coleman and Major Mackay the contents of your letter and report and it has been arranged that I again visit Seabird Island Indian Day School at an early date.

I note in other correspondence that you suggest that it would be well for Mrs. Gulton to be transferred to another school. I am inclined to agree with you that her usefulness at Seabird Island has been considerably impaired of late but you can readily understand that such transfers are not very easy to arrange. However, when I am at the school I shall advise Mrs. Gulton to request such a transfer, forwarding her letter, in triplicate, to you. Should Mrs. Gulton agree to this course, you will no doubt add your own remarks and recommendations before forwarding her request to the Indian Commissioner. He will then be in a better position to deal with the whole matter.

I am returning herewith Mrs. Andrew's letter of May 12th addressed to you.

Yours very truly,

Gerald H. Barry,

Dear Major MacKay:-

I am returning herewith copy of
Mr Indian Agent Strang's report 14-2 dated May 12th
last in the matter of Mrs. Lydia Oulton, teacher of
the Sea Bird Island Indian Day School.

The above report, as well as a
letter from Mrs A. Andrew dated May 12th and addressed
to Mr Strang, were, as you will remember, handed to me for
consideration before any further action was taken with
regard to the teacher at Sea Bird Island.

As arranged I visited Sea Bird Island
this morning and had a lengthy conference with Mrs Oulton.
This school now operating on an eight months basis, there
were no children present as the school closed on May 31st.

Mrs Oulton was not shown Mr Strang's report,
but the subject matter of that report was discussed with her.

The following is a brief outline of the
statements made by the teacher to me. It should be read
in connection with Mr Strang's report of May 12th.

Mrs Oulton was informed by me that a number
of the Indian parents appeared to be very much upset by her
actions, shouting at the children, etc.

In reply the teacher informed me that
previous to her taking up residence at the school the building
had been used at night as a meeting place for unmarried couples.
She also stated that the Priest's room at the rear of the
Church had also been used for the night by unmarried men and
women. Mrs Oulton's arrival at the school had of course put
a stop to such action as is indicated above, and she considers
that certain Indians are most anxious to get rid of her, and
that these people are making statements to the Indian Agent
which are not in fact true. Mrs Oulton admitted to me that
she did not have a high regard for Mr Strang, and that she
thought she had not had sufficient co-operation from him.

Mrs Oulton still believes that there is
considerable drinking going on on this Reserve. She sees
Indians going to a house near the school where she believes
they obtain "liquor". She tells me that she has seen
Mrs Andrew's daughter(?) lying drunk on the road on a Sunday
night.

The teacher states that Johnny Bob's niece, who was married to a "white" man who is still alive, is living at John Bob's place. Another "white" man is also living on the Reserve at the same house. This "white" man delivered milk from John Bob's wagon to her, Mrs Oulton, at the school one day towards the end of May.

The teacher states that JOHNNY BOBB played truant on two occasions. The grandfather asked the teacher to punish Johnny but Mrs Oulton refused. She understands the grandfather did himself strap the boy.

Mrs Oulton doubts that SYLVESTER JOE has T.B. and asked me for my authority in making a statement that he did have T.B. The teacher pointed out from the register that Sylvester did not attend school a single day, while Miss Boeur was teacher, during the school year 1939-40. The same boy only missed school on two occasions between October and December 1940, while Mrs Oulton was teacher. Sylvester missed school on six days during the January- March quarter 1941, and has not been to school since the beginning of April of this year.

The case of MARGARET PETTIS was discussed with the teacher and it was pointed out to her that the above girl was discharged from St. Mary's School Mission with the permission of the Department, that she was wanted at home, and that being 15 years of age we did not insist on her going to school. I explained to Mrs Oulton that in B.C. children reaching their 15th birthday were not forced to attend Provincial schools, and that we followed much the same course except in certain special cases.

CHARLES PETTIS has, the teacher states, been playing truant with Johnny Bobb. She quotes Johnny's grandfather and Mrs D. Charles his aunt as making this statement to her.

THOMAS HARRIS runs around and plays ball on Sunday with the others. The teacher states that Thomas helps his grandfather, Martin Harris. Thomas tells the teacher that Martin Harris will not let him go to school.

MARRION HARRIS has never been near the school since Mrs Oulton was appointed teacher. The teacher has never even spoken to her. Marion was only at school for thirteen days during the school year 1939-40 when Miss Boeur was teacher.

Mrs Oulton had not heard that the PETERS children were ill with measles. She sees these children around with the other children, and were at the games etc. on the 24th of May.

Mrs Oulton states that the case of Fred Oulton is bound up with a dispute about the purchase of wood for fuel at the end of last year. The Indian Agent left it to the teacher to arrange the purchase and she did not know that Fred Ewen should be given the contract.

I explained to Mrs Oulton that in the case of breaking and entering in Agassiz the Joe boys and Thomas Harris had nothing whatever to do with the matter. She had listened to Indians talking about this and I am convinced mixed up names. I did not inform Mrs Oulton of the information given by Mr Strang in reference to this particular case, but just told her that she was mistaken, but that I could understand that names had been mixed up in the conversation overheard.

While I consider that Mr Strang's report of May 12th does not disclose all the facts in each case, I do agree with him that Mrs Oulton does not understand the temperament of Indians. I am satisfied that she shouts at the Indians, including the children, and that she is a most difficult person to reason with.

My own opinion is that the Sea Bird Island Indians are playing with Mrs Oulton and with Mr Strang, and for their own reasons trying to make further trouble between Mrs Oulton and Mr Strang. It is reasonably clear that a section of these Indians do want to get rid of the teacher, as does Mr Strang from his own official correspondence.

When a teacher is unable to get along well with her Indian Agent and with the Indians I believe that it is time to take the teacher out of that school. It is very obvious that Mrs Oulton's usefulness to the Department in her present position has been considerably impaired of late.

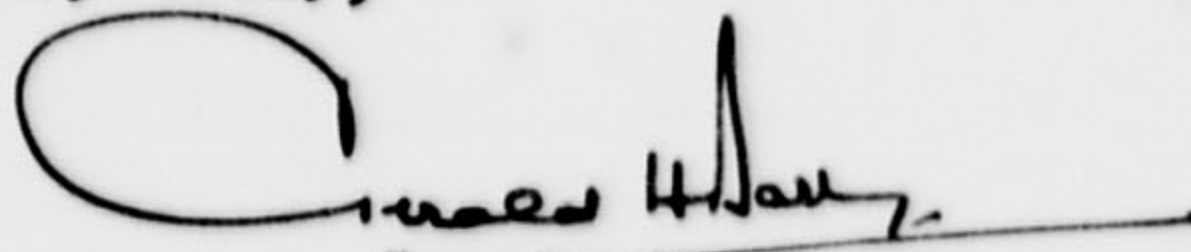

Mrs Oulton's professional work has been reported on twice during the past academic year. Please see my reports of October 28th 1940 and of April 8th 1941, on the Sea Bird Island Indian Day School. Mrs Oulton is not in any way an outstanding teacher, but she has worked hard to improve the standing of her Grades. She did increase the attendance during the year.

I have suggested to Mrs Oulton that she make official application through her Indian Agent for a transfer to another school in B.C. for the next academic year. I also suggested that she write to His Excellency Archbishop Duke to ask him to consider her when making nominations to fill vacancies.

Mrs Oulton did not wish to leave Sea Bird Island but tells me that she will follow my advice and ask for a transfer. I think that it may be possible to arrange this later, but the fact that she has a little girl now going into Grade 6 will have to be taken into account. Mother and child were as you know left to look after themselves by the father who does not contribute, I am informed, to their support.

I trust that the solution to this troublesome matter indicated above will be satisfactory to you, and I may say that I intend to inform Rev Father Patterson, O.M.I. if I can see him at Mission tomorrow of the suggestion made to Mrs Oulton and of the reasons for her transfer. He is the Catholic Missionary of the district.

Sir,-

I am enclosing herewith an application from Mrs. Lydia E. Oulton for a change to a school in another Agency.

In this connection I would be very pleased if this could be arranged and that Mrs. Oulton would remove from the Seabird Island Reserve as soon as possible, before she creates any more trouble than she has already done among the Indians.

The increase in the average attendance during Mrs. Oulton's term of teaching is due to the return of families to the Reserve with children of school age, who have been away for several years. Out of the 24 registered pupils shown on her register ending this quarter, 4 were not shown on her last quarterly return. Two of these children were discharged from the St. Mary's Residential School, another is a T.B. case and the fourth is a child of 6 years of age who attended two days during the quarter.

Regarding Mrs. Oulton's statement that there are approximately 30 children between the ages of 6 and 16 years of age, it will be noted that she quotes the B.C. School Act as a basis for her statement and this in spite of the fact that she informed me that she was quite conversant with the sections of the Indian Act dealing with schools, as she and School Inspector Barry had gone thoroughly into this on the occasion of his last inspection of her school.

If, as she states in her letter, Captain Barry is of the opinion that she will not have co-operation from me as Indian Agent, necessary for the proper conduct of the school, to say the least it shows a lack of discretion

on the part of the School Inspector to pass an opinion of this nature about an Indian Agent to a school teacher under him.

I make this statement, that every teacher in my Agency has had the fullest co-operation possible from me and personal feeling has never diverted me from this policy. Furthermore, any time I have had occasion to complain to the Department regarding a teacher it has proved a justifiable complaint.

Dear Sir,-

I have been advised by Capt. Barry to make application for a change to a school in another Agency for the School Year 1941-42.

In conversation with Capt. Barry on June 4th the Inspector informed me that the Department was satisfied with the progress of the school for the last School Year especially with the matter of increased attendance and school work in the various grades as shown by his inspections during the School Year 1940-41.

While I am gratified with the results I attribute much of my success to the Indian Commissioner Mr. MacKay and his assistant Mr. Coleman, also to the very helpful instructions of Capt. Barry during his inspections.

It is the opinion of Capt. Barry however that I will not have the co-operation of yourself as Indian Agent necessary for the proper conduct of the school for the coming year. This is based on the unfortunate fact I have not been able to secure your collaboration as Indian Agent during the past School Year. This is shown particularly in the fact that there are approximately Thirty pupils on the Reserve according to British Columbia School Act that are school age 6 to 16 years of age that is according to parents statements to me and my pupils on the register shows twenty four with an average for the School Year of 11.3. While this is an increase over previous years a great deal has yet to be done in this respect and a continued improvement will depend upon the full co-operation of the Indian Agent of the application of the Indian Act to the Indian people of Seabird Indian Reserve with the teacher in charge of the school.

As I can hardly expect sufficient co-operation from you as Indian Agent in the light of my experience last School Year, I am asking you to forward this application to the Indian Department for their favorable consideration.

Dea Sir:

I am in receipt of your letter 14-2 of the 12th instant with which you forward Mrs L. E. Oulton's request for a transfer.

If a suitable school can be found for Mrs Oulton, her transfer to such school will be recommended to the Department.

Mrs Oulton forwarded a copy of her letter of June 7th addressed to you to this office some days ago. This letter was discussed with Inspector Barry at the time and I was then informed by him that Mrs Oulton's statement, "It is the opinion of Captain Barry, however, that I will not have the cooperation of yourself as Indian Agent necessary for the proper conduct of the school for the coming year" has no basis whatever in fact.

Inspector Barry did inform Mrs. Oulton that when a teacher is unable to work in harmony with her Indian Agent it is much better for such teacher to seek a transfer to another Agency.

The statement that Inspector Barry on June 4th informed Mrs Oulton that the Department was satisfied "with the progress of the school for the last school year etc." is also not entirely in accordance with the facts. The complete report of what was said during our Inspector's visit to the school on June 4th has been on file here for some days. A copy of this report is now being forwarded for your information.

Inspector Barry has mentioned to His Excellency Archbishop Duke that it would be better if Mrs Oulton could be moved to another school for the next academic year.

It is still too early for us to know just where Mrs Oulton could be placed; but just as soon as His Excellency and Inspector Barry suggest to me a suitable transfer for this teacher, the Department will be informed and requested to approve a transfer.

As the Department will understand the whole of the above matters are still under consideration here, and it was for this reason that I did not forward the attached file of correspondence at an earlier date.

Memorandum to
Indian Commissioner for B.C.
from Inspector of Indian Agencies.

Re Mrs. Lydia E. Oulton.

In accordance with your request I enquired into the subject of Mr. Indian Agent Strang's letter of March 28th, 1942 forwarding the petition of Chief Harry Joseph, of Seabird Island Reserve, dated December 10th, 1941.

I met the Chief and his Secretary, Edward J. Peters, on the 13th instant and endeavoured to ascertain their complaints against Mrs. Oulton, but could secure nothing of a very specific nature. They complained in a vague and general way that Mrs. Oulton interfered in Indian matters on the Reserve that did not concern her and thus trespassed on the Chief's sphere of activity. Also that Mrs. Harry David complained that she was too rough with her children. It is clear that Mrs. Oulton is disliked by them.

I understood from Mr. Strang that Dr. McCaffery refused to have any dealings with her and I interviewed him on the subject, but his attitude was that he had no definite complaint to make but did not like the woman and consequently left her alone as much as possible.

The school was visited on the 14th, there being seven pupils present. The school was fairly clean, but a little untidy. Mrs. Oulton had removed most of the desks from their slats and they were not very orderly. I instructed the Agent to see that they were replaced on new slats.

Mrs. Oulton complained that a new pump installed had never functioned, the reason apparently being that the Indians had driven the pipe without attaching a sand point and the end of the pipe had plugged. The Agent promised to have it remedied as soon as possible. Mrs. Oulton also complained that some new roofing secured for the teacher's quarters had never been applied but the Agent stated that they had been waiting for some warm days in which to do the work as otherwise it would be impossible to make it lay flat.

Mrs. Culton is a very loud speaking, belligerent type of woman likely to arouse resentment in those with whom she has contact, but there is no evidence of her interfering in Reserve "politics" at the present time. In fact the Chief stated to me that she is not nearly as bad as she used to be in this respect. While she is not a teacher I would wish to have in my Agency if I were an Indian Agent, I am unable to show sufficient cause for her removal, unless the foregoing is deemed reasonable grounds for such action. I would point out, however, that if the average attendance is not much better than it appears to be at present, I would suggest that consideration should be given to closing the school until such time as a reasonable proportion of the children are prepared to take advantage of it.

Dear Sir:-

I am in receipt of Departmental letter 165-5-1 of the 19th instant with reference to the Sea Bird Island Indian Day School, Lytton Agency.

Since I forwarded to the Department on April 9th 1941 under this office number 15/7/1382 the report of Inspector Barry on the above named school, there has been a considerable amount of correspondence between Mrs Oulton, Mr Indian Agent Strang, and this office.

On May 7th Mrs Oulton complained to her Indian Agent of his lack of action with regard to certain children of the Sea Bird Island Band, a copy of this letter was also sent to me. I instructed Mr Strang to make an investigation and to let me have a detailed report on the matters brought to notice by Mrs Oulton. A copy of Mr Strang's report is now attached for information, as well as a copy of Inspector Barry's letter to Mr Strang dated May 28th.

Inspector Barry was then instructed to visit Sea Bird Island and to interview Mrs Oulton with regard to her complaints and the matters mentioned by Mr Strang in his report. Our Inspector had a lengthy conference with Mrs Oulton, and submitted his report dated at Harrison Hot Springs on June 4th. A copy of this report is now forwarded to the Department.

Mrs Oulton in a letter addressed to Mr Strang on June 7th requested a transfer. She also made certain other statements to which Mr Strang objected, in his 14-2 of June 12th. My reply 15/7/2565 dated June 14th no doubt satisfied Mr Indian Agent Strang. These letters have been copied for the information of the Department.

Dear Sir:

Re: Teacher, Seabird Island Indian Day School

I beg to enclose herewith a letter signed by the Chief, Harry Joseph, and the Secretary, Ed. J. Peters, of the Seabird Island Band Councillors with respect to the Teacher of their Indian Day School.

Although I have had various complaints prior to this petition, from Whites as well as Indians, regarding Mrs. Oulton's adverse activities in connection with the administration of this Agency, this petition was withheld until I could visit the School and the Reserve.

On the occasion of my visit to the Seabird Island School during this month, I must say that the teacher, Mrs. Oulton, treated my visit with the utmost disrespect in front of the children. I interviewed several of the Indians, including the Chief, and find that she has been counselling them not to write their Agent for anything, but to communicate with Ottawa or the Commissioner's office. I talked with Dr. P. S. McCaffrey, Medical Health Officer for the Indians regarding the situation and he simply informed me that he did not feel like visiting the School, owing to the Teacher's manner.

I do not question her teaching abilities but she is living in the small quarters attached to the council house, kindly loaned to the Department for school purposes by the Band, and the building is not kept as clean as it might be and not nearly as clean as it was kept by previous teachers. The Indians are deprived altogether of the use of this building which they especially require on Sundays during the winter months, as most of them come long distances to attend church and require the building to prepare and eat their lunches.

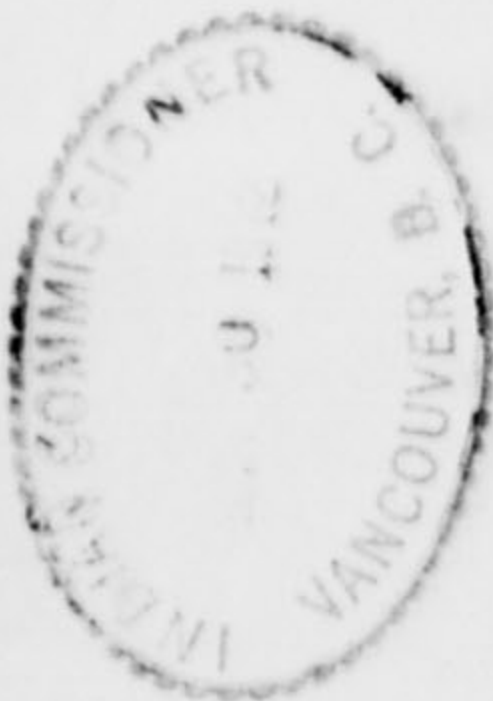

The Teacher does not recognize the Chief and has created a decided division among the members of the Band.

I have endeavored in every way to co-operate with Mrs. Oulton but she will not be advised and I find that she is a detriment to the welfare of the Indians and I therefore recommend that the Department dispense with her services as a Teacher.

Your obedient servant,

Major D. M. MacKay,

Dear Sir:

I have your letter of the 23rd instant, with reference to the teacher at the Seabird Island Indian Day School. It would be appreciated if you would keep in touch with the situation at Seabird Island and, if necessary, a change in the teaching services could be made for the academic year 1942-43. Dear Sir:-

Re: Seabird Island Indian
Day School.

I beg to forward herewith a copy of a letter received from Mr. Indian Agent Strang wherein he recommends that the services of Mrs. Oulton, teacher of the marginally noted Indian Day School be dispensed with.

I discussed the contents of Mr. Strang's letter with Captain Barry but as the Inspector was not well enough at the time to make another trip to the school, and also that the complaint involved matters apart from the class room work, arrangements were made to have Mr. Inspector Coleman inquire into the subject while on duty in the area in connection with other Department matters. A copy of Mr. Coleman's memorandum to the Commissioner following his visit to the school with Mr. Strang is enclosed.

I am not satisfied that sufficient cause has been shown to justify the removal of Mrs. Oulton at this time and, therefore, do not concur in the recommendation made by Mr. Strang for her dismissal.

The reports submitted by Inspector Barry on the progress of the pupils under Mrs. Oulton have, on the whole, been satisfactory and, although there have been indications from time to time of a lack of cooperation between the teacher and the Agent, I should not care to say that the teacher was entirely responsible. Perhaps I should add that I have visited this little school on various occasions since Mrs. Oulton's appointment, the last visit being made on the 17th instant at which time 13 children were present. My visits

were....

were all made without previous notification and, apart from finding the class room untidy, I considered the conditions generally satisfactory.

In discussing the matter of attendance with the teacher I was informed that a number of the children were absent on the day of Mr. Coleman's visit to the school due to illness and, that under normal conditions there should be no difficulty in maintaining a sufficient average attendance to justify the continuation of the school. This, of course, is a matter that could be given attention and a decision made prior to the commencement of the forthcoming school year.

Dear Sir:

I am writing to let you know that I am keeping Donald out of school till the end of this term. I'm having him to help me weed our garden before we go strawberry picking on May 19th. I was trying to explain that to Mrs. Oulton but she would not listen. We cannot reason with her just as soon as we start talking to her, she starts yelling at us, would not give a person a chance to explain.

One thing I do not like in her, and it's not only me, all the other parents are the same, she calls down everybody in Seabird Island, and tells that to the children in school hours. We do not like her telling gossip to the children, she can tell that to the elders, but not to the children. We don't approve of that kind of a teacher for our children. I wouldn't want her to be teaching here again for another term. You wouldn't understand Mr. Strang, me and Donald are going out to do weeding and strawberry picking for one month to get enough money to buy our clothing, and come home again to look after my garden, and sally some salmon for our winter supply. You know we cannot get any clothing on \$7.00 a month relief and that's why we are going to earn a little money for our clothes. I hope you will understand and will write me a letter of authority to keep Donald home to help me.

Yours sincerely ,

Dear Sir:

In submitting the enclosed Quarterly School Return from Mrs. Lydia E. Oulton, teacher of the Seabird Island Indian Day School, I beg to draw the attention of the Department to the statement made by the teacher, under remarks as to progress, etc., that the absence of the Harry children was due to lack of food:

On the occasion of my visit to this school in the company of Mr. Inspector Coleman on the 14th of April last, the Harry children were absent, and I informed the teacher that I had a request from their mother for shoes in order that they attend regularly, and she informed me in her usual emphatic manner that they lacked for nothing.

I regret to report that since Mrs. Oulton's appointment as teacher to the Seabird Island School, she has been a source of worry, not only to the Indians of the Reserve, but also to this Office. She has deprived the Indians of the use of their Council House and leanto kitchen, where they were always in the habit of meeting and cooking their meals on Sunday when they attended church, as the majority of them have to travel a considerable distance. She is also the cause of a great deal of trouble with her gossip among the Indians, and refuses to recognize the Chief.

On the occasion of my visits to the School, I have found her anything but courteous, and quite defiant in her manner. This, I have passed over as the children are quick to notice this attitude on the part of a teacher. I have received numerous complaints from the Indians, both verbal and written, two of which, I enclose herewith. Last year, at the request of Mr. Barry, School Inspector, instead of asking for her dismissal, she was given an opportunity to apply for a transfer, which she did, and Mr. School Inspector Barry failed to find a school for her.

Since then-----

Since then, I have found her more disrespectful than ever in her manner, and, according to the Indians, even counselled them to ignore the Agent in all their dealings.

Instead of being a help in the Administration of this understaffed Agency, Mrs. Oulton has proved a source of trouble, and I would respectfully suggest that she be dismissed from her position as teacher of the Seabird Island Indian Day School, and that she be removed from her place of residence on the Reserve, which she has been occupying the year round.

Your File 165-5-1

I have to refer to your letter of June 24th enclosing Mr. Strang's letter of June 18th, wherein he recommends the dismissal of Mrs. Lydia E. Oulton as teacher of the Seabird Island Indian Day School.

Mrs. Oulton called here a few days ago and I took advantage of the opportunity to discuss with her the various complaints made by Mr. Indian Agent Strang. Mrs. Oulton explained that she had not intentionally been discourteous to Mr. Strang but that she had been impatient with him at times for what she considered to be unnecessary delay in dealing with various matters in connection with the operation of the school which she had taken up with him. Mrs. Oulton admitted that she probably had gone outside the scope of her duties as teacher in discussing local problems with the Indians, but that her motive in doing so was to be helpful to them and not interference with Mr. Strang's administration.

I informed Mrs. Oulton that it was essential that the fullest co-operation exist between the teacher and the Indian Agent and that I was satisfied she was to some considerable extent responsible for the trouble that had occurred. This teacher was also advised that if any further difficulty developed between herself and the Agent that the Department would be asked to dispense with her services. Mrs. Oulton assured me that she would do her utmost to co-operate with the Agent and would strictly confine herself to the duties of her appointment.

Re: Seabird Island Indian Day School

I have for acknowledgment your letter of the 27th ultimo, in which you express the opinion that Mrs. Lydia E. Oulton might be retained as teacher of the above-noted school.

In view of the acute shortage of teachers existing at present throughout the Dominion, the Department is accepting your recommendation. Mrs. Oulton should be informed, however, that should she at any time in the future refuse to co-operate with the Indian Agent to the fullest extent possible she will be subject to instant dismissal. Mr. A. Strang, Indian Agent, Lytton, B.C.

We have just received the September quarter return of the Seabird Island Indian Day School. This was dated in your office on March 21. The form should have been completed and sent to this office immediately after the end of September, 1943.

Presumably the teacher was at the school but the return shows that not one child attended for even a half a day during that month. As some of them are only seven or eight years of age it is rather difficult to realize what use they would have been picking fruit etc. The Department is surprised that you forwarded this return without any comments and I should appreciate hearing from you why there was no attendance at all during that particular month.

I have for acknowledgment your letter of April 4, in which you submit additional information with respect to the operation of the above-noted school.

In view of the fact that the Indians were absent from the reserve last year during the months of August and September, would you consider it advisable to re-open the day school next year on September 1? If the Indians are likely to be absent this year, it might be well to re-open the school in October. You might look into this matter and let us have your recommendation in due course.

The Department has been in communication with Indian Agent Strang, regarding the Seabird Island Indian Day School. Last year the teacher re-opened the school on September 1, but no pupils were in attendance during that month. The Agent states that this condition arose due to the fact that the Indians had left the reserve to go to the hop fields during the months of August and September. Under these circumstances he suggests that the above-named school re-open on October 1 instead of September 1. I should appreciate having your comments on this recommendation.

Box 70, Vancouver, B.C.

I have your letter of the 9th instant, approving the recommendation of Indian Agent Strang that the Seabird Island School re-open on October 1 instead of September 1. This will mean, of course, that we are back to the nine-month year at this school and I am inclined to feel that by reducing the term one month it is going to add to our difficulties in securing a teacher. However, if you are satisfied with the present teacher, you should ask her if she is willing to accept the school on a nine-month basis for 1944-45. If not, you should endeavour to secure another teacher.

In reference to your letter of the 30th ultimo regarding, particularly, the last paragraph in connection with attendance at the Seabird Island Indian Day School, a subject commented upon by the Inspector's last report, I would advise that the non-attendance is confined, not to two, but to five different families.

On my last trip to that part of my Agency I discussed this matter with the parents concerned and have their promise that they will do better in the future. It would appear that the irregular attendance of pupils at this school is due, largely, to the fact that there is no one acting in the capacity of truant officer in this Agency.

Education:

Seabird Island Indian Day School: Attendance at this school, though bad in the earlier months of the term, has now reached a satisfactory level. There is still a small number of absentees and the situation has been referred to the R.C.M.P. for investigation. Enforcement of Family Allowance regulations has served to increase the attendance.

The writer would again stress the point that a change of teachers at this school would aid greatly in creating better harmony between the school and parents of the children. The present teacher, Mrs. Oulton, is decidedly unpopular and makes no effort to remedy the situation despite repeated warnings.

I have your letter of August 17th, 1945,
regarding the services of Mrs. Lydia E. Oulton, teacher
of the Seabird Island Indian Day School.

On several occasions, I have suggested to
Archbishop Duke that a change should be made at this

it impossible to make the necessary arrangements. It
is too late to make a change now that we have entered
upon a new term, but the matter is being kept in mind

Dear Sir:

Mr. 19
8.5 } margin
over

I am enclosing a copy of my quarterly report, ending March thirty-first.

You will note some children are in the same grade, report after report, and yet I class them as good in their grade.

Well this is due to children not attending regular. I get them up to a certain point, then they remain home and when they return I must review. By the time the review is covered and I can proceed with new work home they remain and do not return for months in some cases. It is then a case of reviewing again as they forget readily.

This makes it very hard for any teacher to advance pupils regardless of how hard you work.

What I want to learn is this. Does the Department approve of comments made in Chas. "Remarks etc" as I have made. So this so that the Department may learn why the children do not advance in grades.

Will you kindly inform me whether or not the Department approves of my remarks.

Yours truly Lydia E. Gelson

I desire to refer you to your letter of September 21, 1945, with regard to the teacher of the Seabird Island School. In his report for the quarter ended December 31, 1945, Agent Strang wrote:-

"The present teacher, Mrs. Oulton, is decidedly unpopular and makes no effort to remedy the situation, despite repeated warnings."

I have just had a letter from Mrs. Oulton, enclosing the March Quarter return. This shows an enrolment of 19 with an average attendance of 8.5. She complains about the fact that several children do not attend school regularly.

I believe that the time has come when we should dispense with this teacher's services, and I would appreciate it if you would again communicate with His Grace Archbishop Duke, with a view to securing a qualified teacher for this school for the academic year 1946-47.

Your File 165-5-1 (W.T.1)

I wish to refer to your letter of October 21, 1946, and previous correspondence regarding Mrs. Lydia E. Oulton, employed as teacher at the Seabird Island Indian Day School, Lytton Agency.

The Department is aware that Mr. Indian Agent Strang on various occasions in recent years requested the removal of Mrs. Oulton from the school on the grounds that she interfered in matters on the Reserve outside her province as teacher and also that she failed to extend to him the co-operation necessary in the best interests of the operation of the school and his administration of the Indians of the Reserve. A perusal of Inspection Reports on this teacher indicates that her work in the classroom could be regarded as fair and it is altogether likely that had she been content to confine her activities to her duties as teacher she would have been able to get along much better with the Indians and Mr. Indian Agent Strang.

The situation at Seabird Island has been the subject of discussion with Archbishop Duke since early last year with a view to finding a satisfactory solution, but in the absence of a suitable transfer the alternative was to close the school, a move that did not appear desirable. In conversation regarding this matter with Archbishop Duke a few days ago, I suggested to him that Mrs. Oulton be transferred to Homalco Indian Day School which has become

vacant as a result of the transfer of Mr. Grist to Pemberton, and His Excellency agreed to this arrangement. Having this in mind I went out to Seabird Island yesterday and informed Mrs. Culton that the Department could not permit the existing situation at the school to continue and that a change must be made. At the same time she was advised of the vacancy at Church House and agreed to accept the transfer to our school at that point. I would therefore recommend that her transfer from Seabird Island to Homalco be approved and that her salary at Homalco be the same as that paid to Mr. Grist while he held the position as teacher at that place. The Department's decision by air mail at an early date in regard to this matter would be appreciated.

I am enclosing an application from Mrs. Kate Orpha Bonneterre for the position of teacher at the Seabird Island Indian Day School, together with a letter from Archbishop Duke dated May 5th recommending her appointment.

District School Inspector Davey interviewed Mrs. Bonneterre and is of the opinion that she would not be a suitable person to teach in an Indian Day School, particularly the Seabird Island School, apart from which you will note that she is 63 years of age and her employment in our service could only be temporary. In view of Mrs. Bonneterre's age and School Inspector Davey's views following his interview with her, I am not prepared to recommend her employment.

I have for answer your letter 7-11-2 of May 7. In view of Inspector Davey's comments concerning Mrs. Bonneterre's age and suitability, we concur in your remarks about her employment at this school. However, considering the extreme shortage of teachers, is there any possibility of employing her at one of your hospital day schools? For example, we have received no reply from the teacher who was interested in the Miller Bay Hospital School. It is also understood that Mrs. McGrand at Coqualeetza Hospital is considerably older than Mrs. Bonneterre.

The Department has suggested that although Mrs. Bonneterre is not suitable for the position of teacher at the Seabird Island School she might fit into the work at the Coqualeetza Indian Hospital. Before her application for the position at the Seabird Island School was forwarded to the Department I interviewed Mrs. Bonneterre and as a result of that interview I am convinced that she could not fit into any teaching position that might become vacant or is vacant at the present time. In addition to this I do not believe that she would consider employment at the Hospital as she was somewhat concerned about the possibility of contracting T. B. On this latter point I may, of course, be mistaken.

Dear Sir:

Further to your communication of January 20th last and acknowledgement from Mr. Turnbull, school inspector of February 9th.

The Board has given consideration to the matter of transportation of the eleven children referred to within the Seabird Island Reserve, and are prepared to consider transporting such pupils provided your health and school inspectors examine these children and their home conditions and are in position to certify to this board that they will be clean, sanitary and free from vermin.

In reference to probable charge for this service, we consider that if your Department were to pay the average of approximately one-third of the oil, gas and driver account, on a fixed basis of say \$30.00 per month, which is the approximate amount, we would consider this a fair division, provided no more than eleven children are being carried.

Dear Sir:

Forwarded herewith is a copy of a letter received from the Secretary of the Agassiz School District No. 76, concerning proposed transportation of the Indian children attending the Seabird Island Indian Day School by the School Bus which passes the school daily and which could accomodate the eleven children concerned.

In this connection I beg to advise that the children concerned have distances of and 3, 4 and 5 miles to walk daily and it is considered that this distance is far too great for small children during inclement weather. The School Board has indicated a price of about \$30.00 monthly for this service on the understanding that the children be inspected for cleanliness and that no more than eleven travel on the bus.

A survey of the situation reveals that the accomodation of eleven children would meet the needs of the pupils for the coming academic year and I would therefor respectfully recommend that this offer receive the favourable consideration of the Department.

Dear Sirs:

In your letter of July 26 (File No. 845-1 (Treas)) you have pointed out to me the difficulty of claiming the Income Tax Deduction on an overpayment of salary to myself. The method you suggested for straightening out this matter is not suitable to me for many good reasons:

As yet there are several debts (incurred from a long period of illness and unemployment) which have the highest priority claim on my present salary. Also the method the Government has chosen to claim its income taxes and the other rules and regulations pertaining to it, ^{are not my responsibility.} Since the amount is large enough for me to think about I might point out that if in the eventuality of my sudden demise (such things occur anytime to the least expectant) ^{before} the money would be returned then I would have lost the benefit of its good use. (the matter of my estate being already attended to).

Surely a more amicable solution to this problem will be found. Please understand that I will try to assist you in anyway that does not necessitate my making cash payments for the settlement of this account. Please note the change of address.

Dear Mr. Neary:

I wish to quote the following excerpt from the report of Dr. W. H. Craig, Agassiz, B.C. for the month of April, 1948.

"Teacher at time of school inspection Ernest Tremblay."
"One room for teaching, living room and bed room and lean to at back."
"School room, windows, desks, etc. very clean and well kept and bright."
School well ventilated and aired.
Students all were clean and responded well when questioned.
I consider this school is above the average from a health standpoint, in the manner it is being kept by the teacher and the clean condition in which I found the school and the children. This condition should go far to improve the health in the homes in the district. Mr. E. Tremblay, teacher deserves great credit for the work he is doing."

Sir:

I beg to inform you that Mr. R. H. Cairns, Inspector of Indian Schools for the Province of British Columbia, has informed the Department of the resignation of Mrs. F. Appel (nee Edith Delaney) as teacher of the Seabird Island Indian Day School, and has, on the recommendation of Rev. Father Welch, O.M.I., nominated the services of Mrs. Carpenter to take charge from the 1st of October, next. The Department is approving of the temporary appointment of Mrs. Carpenter, her retention in the position to depend upon the success which she achieves in the work. She has no certificate as a teacher, but was trained in England, where she had some experience as a pupil-teacher. The salary allowed her will be at the rate of \$700 per annum, supplemented by the bonus provided by law. Payment of both salary and bonus is based on ten teaching months in the year.

I shall be pleased if you will give Mrs. Carpenter any assistance you can in her work at this school.

Ottawa, March 8th, 1928.

Sir:

Mr. Inspector Cairns, in a report on his inspection of the Seabird Island Indian Day School, states that the Indian parents are taking more interest in the education of their children and have expressed a desire to have a change of teacher. As you were advised at the time of the appointment of Mrs. Carpenter, the present teacher, her retention in the position was to depend upon the success which she achieved in the work. It appears from reports received that her services have not been entirely satisfactory, and it is desired that a qualified teacher be engaged for the next school year. You should inform Mrs. Carpenter in due time that her services will not be required after the end of the present school year, viz. June 30th, next.

As this school is conducted under the auspices of the Roman Catholic Church authorities, it will be necessary to consult them regarding the appointment of a successor to Mrs. Carpenter. You should take this matter up with the Church authorities in due time, and also with Mr. Inspector Cairns, and submit the name, qualifications and experience of the teacher nominated for the position. You will please keep this matter in mind and make all necessary arrangements, as requested above, in due time to have a suitable teacher engaged for the next school year.

We are informing Mr. Inspector Cairns that you have been instructed to notify Mrs. Carpenter that her services will not be required after the end of June, next, and to take the necessary action to obtain the services of a successor.

Your obedient servant,

A. F. MacKenzie

Sir:

I have your letter of the 1st instant, enclosing an application from Miss Mary Wadel for the position as teacher of the Seabird Island Indian Day School. It is noted that her appointment would meet with the approval of Rev. Father Welch, Mr. Inspector Cairns and yourself.

In reply I beg to say that the Department will approve of the appointment of Miss Wadel. The salary allowed will be at the rate of \$85 per teaching month. Please advise her of her appointment and arrange with her to begin duties when the school reopens after the present summer holidays.

Your obedient servant,

A. F. MacKenzie,

Sir,

I herewith beg to enclose a letter from Miss C. MacLennan asking for an advance of one month's pay on June quarter, as she has insurance to pay this month, and needs some money.

I told Miss MacLennan that I did not know whether or not the Department would do this for her, but told her to write her request and I would send it in to you for your consideration, and trust that you will be able to grant her request.

Dear Sir: Your File 165-5-5.

The attached voucher covers labour in carrying out certain repairs to the Seabird Island Indian Day School. It was intended that the labour would be provided by the Indians without cost to the Department, but the teacher, Mrs. L. E. Oulton, employed a local white carpenter without authority from the Agent or this office. The teacher's reasons for this are that the Indians were not available to do the work at the time and as the weather was wet and stormy, such action was necessary. Mrs. Oulton has been advised that in future she must secure the requisite authority before incurring expenditures involving the Department.

Yours faithfully,

D. M. MacKay.

I enclose herewith a requisition
submitted by Mr. Indian Agent Strang for paint
and other materials required for the maintenance
of the interior of the Seabird Island Indian Day
School.

The classroom is in need of
painting which the teacher, Mrs. Culton, has agreed
to do after school hours and week ends, and I
would, therefore, recommend that this expenditure
be approved.

Gentlemen:

I have your letter of the 29th ultimo with reference to an amount of \$64.71 which you state is outstanding.

I am communicating with Major D.M. MacKay, Indian Commissioner for B.C. Possibly you could also get in touch with him so the matter may be adjusted.

Yours truly,

During a recent visit to the Seabird Island Indian Day School it was noted that the teacher was using a common table without drawers and was considerably handicapped for this reason. A suitable teacher's desk and chair are obtainable in Vancouver at a cost of \$56.00 and I would recommend that the Department authorize purchase of these.

TRAINING

Seabird Island Indian Day School: Attendance at this school was not good during the month of September as a result of the absence of a great majority of the parents during the hop picking season, leaving no one on the Reserve who could care for and send the children to school.

A requisition was submitted and approved with respect to materials for a new roof for the school house and an expenditure of \$150.00 was authorized. Required materials are on order, the work to be carried out free of charge by the Indians of the Band.

Seabird Island Indian Day School -

As you are aware, a sum of \$8,000.00 has been included in our 1947-48 estimates for the construction of a one-room day school and teacherage at the Seabird Island Reserve in the Lytton Agency. We have written recently to Indian Commissioner Mackay, Vancouver, B.C., concerning this new construction asking him about the local building situation. He has answered in part as follows:-

"Mr. William Swan, Hatzic, B.C., would undertake the work on a daily basis. Mr. Swan is a well known and reliable contractor and builder and has done good work for us at both the Kamloops and St. Mary's Residential Schools."

He has also requested that your Branch undertake the supervision and responsibility for the construction of this building.

Therefore it will be in order for you to advertise for tenders for the construction of a standard one-room school at this point.

Re: Seabird Island School, Lytton Agency

As requested, I visited Seabird Island together with Mr. Davey, Inspector of Indian Schools and Mr. Strang, Indian Agent, Lytton Agency, on May 12, 1947, to determine a suitable site for a single room school with teacher quarters.

Seabird Island

Seabird Island is a delta island about 5 miles long and $1\frac{1}{2}$ miles wide located in the Fraser Valley, $1\frac{1}{2}$ miles north east of Agassiz. The island, which is approximately 70 ft. above mean sea level, is covered with a heavy growth of birch, poplar, alder and willow, and some fir and cedar. Patches of land varying from 2 acres to 35 acres have been cleared and farmed by Indians. These farmed areas are on the south western two-thirds of the Island. The area is higher than most delta islands of the Fraser, and does not require dikes or pumping equipment.

School Site

The area considered to be most convenient was a level area near the south west end of the island at the point where the provincial government road crosses the island. At this point there has been established a church, small community hall and recreation field. "A" and also photographs, Appendix II. The site is adjacent to and north east of the playground. "B" is a rough sketch of suggested position of school and domestic facilities. It also gives a rough idea of the condition. On May 12, 1947 river level was 10 feet above ground level at proposed site. The elevation of the site does not vary by more than 5 feet.

ARCHIVES PUBLIQUES

Nature of soil
Drainage

Referring to Sketch "B", the playground, church and community hall surface soil is of a clay and even grained fine sand which appears to drain fairly well. The site chosen for the school is about 6" higher than the playfield and the surface soil is of even medium sized grain sand. The sand is not very firm and would require spread footings. Three feet below the surface this sand changes to a 1" gravel mixed with sand. The gravel is reasonably firm and suitable for footings.

The water table of the site (which is true of the whole island) rises and falls according to the level of the Fraser River. The water table can be considered to be equal to the height of the river, except in winter when it is probably two feet higher. The Fraser generally reaches its highest level in June and at that time is probably some 8 feet above the winter level. Therefore, the highest water table occurs in June and may remain at a high level for one month.

Levels of the river, school site and road bridge cap are shown on sketch "B". Fraser River levels are recorded at Hope, Chilliwack and Mission. Estimated river heights at Maria Slough adjacent to the school site have been determined from these records and incorporated into sketch "B" showing probable water table levels.

Agricultural drain tiles could be used to drain away roof and surface to the river but would not be effective under maximum Fraser flood conditions. However, at this time the rainfall is fairly light. If at any time water closets were established in the school, a septic tank properly constructed would work effectively.

Water Supply

A small stream of about 1 gal. per minute flows down a steep mountain to the west of the island and the school site. It is said this stream does not dry up. A possible point of tapping this stream is some 200 feet from its mouth. This would require a pipe line 1400 feet long - 800 feet over land plus 600 feet over Maria Slough, from the proposed school.

Water also may be obtained from a well located anywhere on the school area. Such a well would have to be some 16 feet deep. This well is recommended at this time. Chemical tests on water taken from a well 1 mile away showed such water to be very satisfactory for domestic purposes. See Appendix I.

Electricity

Agassiz some 2 miles from the school site is served with electricity from the B.C.E. Company. As there are few possible customers in the direction toward and past the school, the B.C.E. Company consider it will be some time before lines will be extended into this area.

Climate

Climate conditions are as recorded at Agassiz, namely:

Sunlight - 1422 hours

Rainfall - 62 inches

Average winter temperatures - December 37°,
January 35°, and February 38°.

Extreme temperature usually in January and seldom lower than 0°F. This temperature may occur once in five years. Prevailing winter wind is from the east.

River Levels

Extreme high water levels such as that of 1894 apparently occur rarely. The 1894 flood was the highest in the period of record, 1875 to date on the

Indian Affairs. (RG 10, Volume 6410, file 840-5, part 1)

Fraser and 1858 to date on the Columbia. It reached a gauge height of 25.75 feet on the Fraser at Mission. Flood waters about 20.0 feet on the Mission gauge apparently occur about once every five years. This level is considered the danger point for most diked areas in the whole Fraser Valley.

Recommendation

The school basement floor should not be below a level corresponding to 20 feet on the Mission gauge. A suggested level of 2.0 feet below the top of the bridge cap for the top of the basement floor should result in its being free of flood waters, except those of the magnitude of that which occurred in 1894. It is estimated that this level would correspond to a level of 23 feet at the Mission gauge.

Mosquitoes are very prevalent in this area during the early summer season and it is considered all windows which may be opened should be provided with screens.

Fuel available is wood, coal or oil. Sawdust might be available, but assured supply is doubtful. It is recommended coal fuel be used.

Memorandum

Re: Day School, Seabird Island I.R. #1,
Lytton Agency, B.C.

With reference to Mr. Hoey's memorandum of April 11th last and your notation thereon dated April 15th, 1947, we have recently received from Mr. C.E. Webb, Vancouver, a report with plans prepared by Mr. A. Unsworth of his staff, relating to the site of the above named school.

We are forwarding to you herewith for the information and records of the Indian Affairs Branch two copies of each of the following:

- (a) Extract from Mr. Unsworth's report,
- (b) Appendices I and II to the report,
- (c) Plan (A) of Seabird Island and Plan (B) of the proposed school site.

It will be noted from the report that the site was selected by Mr. Davy, Inspector of Indian Schools, Indian Agent Strang and Mr. Unsworth as being the most suitable and convenient for the erection of the school.

From the data furnished we would recommend that the basement floor be laid at a level of 2'-2" below the present ground level at the site, and that the earth be graded up (terraced) around the building to an elevation of 2'-4" above the ground level for a distance of about 15 feet around the building. This would ensure the building resting upon a solid sand and gravel sub-soil, the basement floor and the concrete footings being above the height of flood waters (excepting that recorded in 1894) and the possibility of drainage by gravity flow of water from the roofs, basement floor and foundation drains to Maria Slough - a distance of approximately 450 feet.

Such drainage line is not, of course, included in the Trade Specifications covering the standard building with which the Indian Affairs Branch has been furnished.

Regarding the water supply, it is recommended that a well about 16 feet deep be sunk at a point clear of the terracing approximately where shown on site Plan B. It will be noted that chemical tests show water taken from a well 1 mile away to be pure for drinking purposes.

No service piping into the building is included in the Plumbing Specification and it is assumed that Indian Affairs will install a cover with hand pump above the well.

Fly screens also are not included in our Standard Specification for this school, but since mosquitoes are prevalent in the District, screens 1-1/8 inch thick with 14 x 14 galvanized cloth mesh should be made and fitted into all opening windows at the school. It should be noted also that storm sash which are included in our specification for this type of school will not be required at Seabird Island.

Re: Seabird Island Indian Day School,

Reference is made to your memorandum of July 14th last, which we understood to be a request to have the construction of this school handled in the regulation manner, namely, for our Engineering and Construction Service to advertise for tenders, and if obtained, to award a contract, supply supervision, and administer funds.

The construction of the school will be undertaken by our Engineering and Construction Service, but what you have suggested is, of course, a departure from the arrangement made with the Department regarding the erection of Indian day schools during the 1947-48 fiscal year. Under the circumstances and with our shortness of staff and number of projects on hand, with which you are familiar, we are not in a position at the present time to say when the construction of this school can actually be undertaken.

I have your letter of June 26th, 1947, and note that the Department is prepared to proceed to secure authority for the construction of the above noted school once information with respect to costs are obtained.

This is a project which should be handled in its entirety by the Surveys and Engineering Branch who should interview any builders interested in taking on the work, and prepare the necessary details with respect to estimated costs, as this office, although always prepared to do what we can to assist in such projects, has not the staff to undertake the supervision necessary in such construction.

My opinion is that it is going to be difficult to have construction of any importance undertaken by contract. The supply of materials continues uncertain and there are other factors influencing builders against taking contracts. It appears at the moment at any rate that we shall be under the necessity of employing a carpenter foreman to undertake the work under the supervision of the local office of the Surveys and Engineering Branch.

- (1) The elimination of the storm sashes and the substitution of fly screens for them.
- (2) If asphalt shingles are in short supply in your vicinity, we will authorize the use of insul-brick siding in its place.

We will expect to hear from you in the near future concerning the digging of the well recommended by Surveys and Engineering Branch and also with estimates from Mr. Swan and such other contractors who are interested. I refer to Departmental letter of the 30th ultimo relative to the proposed advertisement for tenders with respect to the construction of the Seabird Island Indian Day School.

I beg to advise the Department that there are three papers which adequately cover the district concerned, namely:

The Vancouver Daily Province, Vancouver, B.C.
The Vancouver Sun, Vancouver, B.C.
The Chilliwack Progress, Chilliwack, B.C.

The Post Offices at Chilliwack, B.C. and at Agassiz, B.C., as well as this office would be the best locations for the display of drawings and specifications.

Relative to the final paragraph of the above Departmental letter I beg to advise that the hydro and water situations are covered in Mr. Unsworth's memorandum of May 22, 1947. The installation of a well for water would be most practical at this time. Pending extension of the power to the Reserve, I would recommend that the building be wired during construction as it is likely that hydro will be eventually supplied.

Construction of One-room Day School and
Attached Teacherage - Seabird Island.

We have now a stock of blueprints, specifications and bills of materials for our standard one-room day school and attached teacher's residence.

The Auditor General has insisted that, in future, the clauses of the Public Works Act with regard to advertising for tenders be adhered to. During the emergency war years, some variations from these regulations were permitted, but we are now required to advertise for tenders on construction of public buildings in excess of \$5,000.00. Attached hereto please find a sample advertisement. It is our intention to advertise for tenders for the construction of the Seabird Island Day School in the near future. Therefore, we would request you to advise us:

- (a) The names of the newspapers in or near your agency in which you would recommend that we advertise;
- (b) Post offices and other government buildings in which we should display drawings, specifications, etc.

Naturally, your own office will be one in which we will display drawings, etc. If no tenders are received after advertising, you will be advised so that other means can be considered whereby the construction of this school can be carried out during the fiscal year 1948-49. These other means

..... involve

involve:

1. Direct approach to contractors when advertising has failed to produce tenders.
2. Construction on a day labour basis.
3. The erection of a prefabricated school.

With regard to (2) above, the Department, as previously stated, has a complete bill of materials for the construction of this standard school. Other agents have successfully had this school constructed this year by employing a foreman-carpenter and Indian helpers. The drawings and specifications are very clear and the Department buys all the necessary materials. I give you this information so that you can consider such a mode of construction if advertising fails.

We would appreciate receiving from you the information required in paras (a) and (b) above. We should also be advised as to the availability of hydro and water facilities and their distance from the school building.

We will endeavour to have your recommendation concerning the electricity and the wiring of this school put into effect when the building is constructed.

WATER SUPPLY:

It is our intention to provide a standard one-room day school with attached teacher's residence. I am arranging to send you, under separate cover, a set of the plans and specifications of this particular school. In view of the fact that water will be provided from a well, as per Mr. Unsworth's memorandum of May 22, 1947, it is suggested that you consider the placing of the pump in one of three places,-

- (a) in the basement, in the room marked as Store-room,
- (b) that it be installed to provide a flow of water into the sink called for in the blueprints in the kitchen of the teacher's residence.
- (c) You may consider it better to have this pump located in the yard outside the school. We have found that local conditions vary to such an extent that agents may wish to make a decision as to the best location of the pump.

In any event it is recommended that you now make

Mr. A. Strang, Indian Agent, Lytton, British Columbia.

Seabird Island Indian Day School.

Reference your 14-2-165 of February 23.

Your recommendation with regard to the well being dug in the basement has been noted. Unless you are assured of a steady source of water, it might be preferable to have the well dug outside the school building so that it can be easily cleaned out and will not become foul over the years.

We have had some difficulty with the pressure tank and small gasoline engines in other schools. This has been due to the fact that many teachers do not understand the operation of these gasoline engines and the Indian Agent has been plagued with minor repairs and adjustments, etc., to the engines. Therefore, we have been using hand operated pressure tanks with some success.

This would mean that the well would be just outside the school building and connected to the pressure tank in the basement by a pipe at least six feet underground. This pressure tank would be hand operated and the teacher would have to maintain the pressure once or twice a day in order that the pump would operate into the kitchen sink.

Further to our letter of January 30th, we have had several discussions with Inspector Ostrander of Saskatchewan. He has reported that Contractors are not particularly interested there in accepting a flat contract for the construction of this school. It is not his intention to recommend advertising but he is instead proceeding with the construction of these schools on a day labour basis.

We have, therefore, submitted two types of day labour tenders:

- (a) For a foreman carpenter at a wage varying from \$1.25 to \$1.50 an hour.
- (b) For a flat labour tender on the school (usually about \$4,000.00).

In either of the above instances, the Department provides the materials as per the standard bill of materials which we have prepared. Could you please advise me whether there are any Contractors interested in the above proposals. If so, we can proceed to order the materials immediately for delivery in May and June. This would eliminate the necessity of advertising for Contractors.

Supt. of Indian Education.

I refer to Departmental letter of the 16th instant relative to the proposed water supply for the new Day School to be erected on the Seabird Island Indian Reserve.

I would respectfully recommend that the well for this school be dug under the basement room indicated as the fuel room for use with a hot water heating system. This would be immediately under the teacher's kitchen. If funds are available I would further respectfully recommend that a pressure tank and small gas engine be installed to provide water to the sink.

MEMORANDUM

Re: Seabird Island Indian Day School,
Lytton Indian Agency, British Columbia.

Mr. Hoey's memorandum to you of the 16th instant, bearing your notation of February 18th, in connection with the above is acknowledged.

In connection with the matter, we may comment as follows:-

In the memorandum to Mr. Wardle, to which Mr. Hoey makes reference, the Surveys and Engineering Branch were requested to advertise for tenders on the school as stated. Before any action was taken however, a means of expediting building construction was authorized by our Deputy Minister whereby the Indian Affairs Branch issued invitations for tenders by advertisement, on all small schools for which funds were available, Seabird Island Indian Day School fell into this category and consequently only drawings and specifications were furnished to the Indian Affairs Branch, and no advertising was done by this Division.

Department File No.: 165-5-5(E.)

I refer to Departmental letter of March 2nd, 1948, relative to the proposed construction of the Seabird Island Indian Day School on the Seabird Island Indian Reserve at Agassiz, B.C.

I beg to advise that I have placed this matter before Messrs Laughington and Reynolds, two reliable carpenters residing at Agassiz, B.C., and that they have submitted a tender of \$4300.00 for labour for construction of the building, inclusive of excavation for the basement and construction of a bathroom within the building for the use of the teacher. The latter work is not specified in the plans but I would strongly recommend that a bathroom be made available for the use of the teacher as there would appear to be ample space available. The above carpenters submit their price on the understanding that a payment be made to them upon completion of the roof, another when the interior work commences and the balance upon satisfactory completion of the building. I would respectfully recommend that the above tender be accepted. Work can commence by May 1st and can be completed by September 10th, 1948.

With respect to the hydro situation, I am unable to secure definite information to the effect that same will be available in the

Mr. A. Strang,
Indian Agent, Lytton, British Columbia.

Seabird Island Indian Day School.

Reference your 14-2 of April 6 -

Upon receipt of your above letter, we immediately sent you a telegram reading as follows:

"RELETTER SEABIRD ISLAND DAY SCHOOL -stop- PLEASE SUBMIT BY AIRMAIL WRITTEN TENDER SIGNED BY LAUGHINGTON AND REYNOLDS -stop- WHEN WRITTEN TENDER ARRIVES WE WILL RECOMMEND TO MINISTER'S OFFICE FOR NECESSARY APPROVAL -stop- DO YOU WANT US ORDER BILL OF MATERIALS NOW -stop- IF SO ADVISE DELIVERY POINT".

It is presumed by now that you will have answered this telegram by an airmail letter. Before sending the bill of materials over to the Departmental Purchasing Agent for necessary action, it would be appreciated if you would indicate local firms whom the Purchasing Agent can approach for tenders on the following:-

- (a) Stone, masonry, tile pipe, bricks, etc.
- (b) Hardware.
- (c) Lumber, insulation, etc.
- (d) Millwork.
- (e) Paint.

- (f) Furnace (please note that I have indicated the type of warm air heating system for a school on the B. C. coast on the attached bill of materials).
- (g) Plumbing supplies.

The attached bill of materials will give you an idea as to the type of articles to be supplied under the above headings. It will not be necessary for you to submit a full requisition for these supplies but just to prepare a requisition form reading as follows:

"Materials as listed on the attached standardized bill for a combined one-classroom Indian day school with teacher's quarters".

You can indicate on this requisition form the local suppliers whom you would recommend that the Purchasing Agent contact with regard to the items needed. Please note that we will order the cement directly from the company. If necessary, we can authorize local purchase of the rough lumber needed for the foundation forms, etc. As it will take four to six weeks at least for the other materials to arrive, it would be appreciated if you could give this matter top priority and submit the requisition by airmail. Please note that two bills of materials are enclosed; one for submission with the requisition form and the other for retention at your office.

DEPUTY MINISTER

Seabird Island Indian Day School

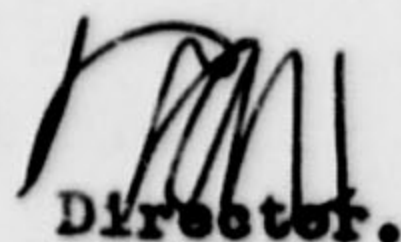

The above Indian Day School is one which was included in our 1947-48 and also our 1948-49 Estimates. A ground survey has been completed by the Lands and Development Services Branch and the exact site for the school has been located.

It is our intention to construct this school on a labour basis with the Department furnishing all the necessary material through the Departmental Purchasing Agent. Mr. Indian Agent Strang has been able to locate two reliable carpenters to construct this school. They reside at Agassiz, British Columbia. They have submitted a tender of \$4,300. for labour for the construction of the building, inclusive of excavation for the basement and the construction of a bathroom within the building for use of the teacher.

In view of the fact that the labour costs of this standard building have amounted to between \$5,300. and \$6,800. elsewhere in Canada, it would seem that their tender is a fair and just one. It is, therefore, recommended to the Minister for approval.

The Department approves the clearing of approximately one acre of land as a site for the school and playground. It is understood that this site can be easily cleared by hiring a bulldozer and operator.

We have also received a written tender from Messrs. Laughington and Reynolds of Agassiz, British Columbia and have forwarded it to the Minister's office for approval. In order that there will be no delay with regard to the construction of this school we have already sent a requisition to the Departmental Purchasing Agent for the cement which will be required. (2) Where there are special circumstances which in the judgment of the Minister of Labour make it expedient that he should do so, he may decide what are the current or fair and reasonable rates of wages for overtime, and what is the proper classification of any work for the purposes of wages and hours. Immediately upon receipt of notice of any decision of the Minister of Labour hereunder the Contractor shall adjust the wages and hours and classification of work so as to give effect to such decision. In case the Contractor shall fail so to do, or fail at any time to pay to any employee or employees for any services performed or for any hours of labour wages according to the rates set forth in the schedule or fixed therefor by the Minister of Labour hereunder regarding overtime and classification, the Minister of Labour may authorize and direct the Minister to pay any such wages at the rates so fixed and to deduct the amount thereof from any moneys owing by the Government to the Contractor and any such payment shall for all purposes as between the Contractor and the Government be deemed and taken to be payment to the Contractor, and the Contractor shall be bound in every particular by any such authority, direction and payment as aforesaid.

Minister of Labour to determine disputes.

(3) For the protection of the workmen employed, the Contractor shall post and keep posted in a conspicuous place on the premises where the contract is being executed, occupied or frequented by the workmen, the Schedule inserted in this contract, also the preceding paragraph (2) and any decision of the Minister of Labour made thereunder.

Schedule to be posted.

(4) The Contractor shall keep proper books and records showing the names, trades, and addresses of all workmen in his employ and the wages paid to and time worked by such workmen, and the books or documents containing such record shall be open for inspection by the Fair Wages Officers of the Government at any time it may be expedient to the Minister of Labour to have the same inspected.

Books, etc., of contractor open for inspection.

(5) The Contractor shall not be entitled to payment of any money which would otherwise be payable under the terms of the contract in respect of work and labour performed in the execution of the contract unless and until he shall have filed with the Minister in support of his claim for payment a statement attested by statutory declaration, showing: (1) the rates of wages and hours of labour of the various classes of workmen employed in the execution of the contract; (2) whether any wages in respect of the said work and labour remain in arrears; and (3) that all the labour conditions of the contract have been duly complied with; nor in the event of notice from the Minister of Labour of claims for wages, until the same are adjusted. The Contractor shall also from time to time furnish the Minister such further detailed information and evidence as the Minister may deem necessary in order to satisfy him that the conditions herein contained to secure the payment of fair wages have been complied with, and that the workmen so employed as aforesaid upon the portion of the work in respect of which payment is demanded have been paid in full.

Payment by contractor for labour etc.

(6) In the event of default being made in payment of any money owing in respect of wages of any workmen employed on the said work and if a claim therefor is filed in the office of the Minister and proof thereof satisfactory to the Minister is furnished, the said Minister may pay such claim out of the moneys at any time payable by His Majesty under said contract and the amounts so paid shall be deemed payments to the Contractor.

Power to pay wages in default of payment by contractor.

(7) These conditions shall extend and apply to moneys payable for the use or hire of horses or teams, and the persons entitled to payments for the use or hire of horses or teams shall have the like rights in respect of moneys so owing them as if such moneys were payable to them in respect of wages.

(8) With a view to the avoidance of any abuses which might arise from the subletting of contracts it shall be understood that subletting, other than such as may be customary in the trades concerned, is prohibited unless the approval of the Minister is obtained; subcontractors shall be bound in all cases to conform to the conditions of the main contract, and the main contractor shall be held responsible for strict adherence to all contract conditions on the part of subcontractor; the contract shall not, nor shall any portion thereof be transferred without the written permission of the Minister; no portion of the work to be performed shall be done at the homes of the workmen.

Subletting, etc.

(9) All workmen employed upon the work comprehended in and to be executed pursuant to the said contract shall be residents of Canada, unless the Minister is of opinion that Canadian labour is not available or that other special circumstances exist which render it contrary to the public interest to enforce this provision.

Workmen to be residents of Canada.

the fifteenth day of September, Nineteen Hundred and Forty-eight, A. D.
- (c) Time shall be deemed to be material and of the essence of this contract.

ARTICLE III: The Minister undertakes and agrees, in consideration of the premises, and subject to the performance and observation on the part of the Contractor, of all covenants, provisos and conditions in the Specifications contained:

- (a) To provide the materials as listed in the "Bill of Material for Standard Combined One Classroom Indian Day School with Teachers' Quarters - Index 837" (prepared by the Lands and Development Services Branch of the Department of Mines and Resources)

- (b) To pay the Contractor in current funds, for the performance of the contract Four Thousand Three Hundred Dollars (\$4,300.00).
subject to additions and deductions as provided for in the Specifications governing the work.
- (c) To make progress payments on account thereof, as provided for hereunder
- (i) Payment of One Thousand Dollars (\$1,000.00) when the main floor joists are in position,
- (ii) Further payment of One Thousand Dollars (\$1,000.00) when the balance of framing is completed and the walls and roof are sheathed,
- (iii) Further payment of One Thousand Dollars (\$1,000.00) when the interior work has been completed.
- (d) On completion of the entire work, and on full performance of the covenants and clauses of the Specifications, to make full payment of the balance due under the Contract.
- (e) To pay for the labour necessary to place forms and footings for the foundation in condition for work on the basement.

ARTICLE IV: The Contractor and the Minister for themselves, their successors, executors, administrators and assigns, hereby undertake and agree, to the full performance of the covenants contained herein.

IN WITNESS WHEREOF these presents have been
signed and sealed on behalf of His Majesty, by the Deputy
Minister of the Department of Mines and Resources, and the
Contractor, the day and year first above written.

SEABIRD ISLAND

Construction of a one-room school with teacherage at Seabird Island has been the subject of correspondence between Mr. Indian Agent Strang and the Department and I note the matter has proceeded to the point where Mr. Strang has secured a tender of \$4,300 for labour, the Department to provide materials for the construction in accordance with the Department's one-room school plan. In spite of the progress made in arranging for the construction of a school at this point I feel the Department would be well advised to consider the use of a prefabricated structure and would so recommend.

Re: Seabird Island Indian Day School

Forwarded the Department herewith is a copy of a letter received this date from the Archbishop of Vancouver, in which he requests that inside plumbing facilities for the teacher and the pupils be installed in the above new school now under construction.

It is my impression that the plan of the school would not permit such an installation on the main floor but in view of the fact that an adequate water supply may be obtained by the installation of an automatic pump in the present well I would respectfully recommend that an addition be made to the building for the accomodation of plumbing.

As pointed out, the installation of the above would prove a good practical lesson to the Indians residing on the Reserve and would also prove very satisfactory from a stand point of health.

A. Strang, Superintendent,
Lytton Indian Agency.

Mr. A. Strang,
Indian Agent,
Lytton, B.C.

Dear Mr. Strang:

I was at Seabird Island for the confirmation of the children and was much pleased to see the new school now under construction on that Reserve.

I would like to offer you my sincere congratulations for obtaining this school for the little children of the important area which is so loved by the Indian people.

What struck me was, however, that there should be inside plumbing both for the teacher and for the children. This would mean so much for the health of all concerned, and besides, add a practical lesson in what ought to obtain now in this Province in all homes.

I am sure you realize why I write these few lines and if I can help to get this from the Department I would very gladly do whatever I can.

In the new school to be built at Anaham this year we are asking the same favor of the Department, and it means so much for so many for so little.

With kind regards, I remain

Very sincerely yours

"W.M. Duke"

With requisition of April 19th, 1948 we forwarded a bill of materials in connection with the construction of the Seabird Island Indian Day School.

Indian Agent Strang wires that they are ready to construct the basement but work is delayed due to the fact that they have not yet received the reinforcing material.

This is mentioned on page two of the bill of materials.

If possible, we would appreciate it if you could authorize local purchase so that the construction may not be delayed.

BETWEEN

Laughington and Reynolds, Agassiz, British Columbia,
hereinafter called "The Contractors", of the first part;

AND His Majesty the King, represented by the
Minister of Mines and Resources of Canada, hereinafter called
"The Minister", of the second part,

Whereas the party of the first part, for the
consideration hereinafter mentioned, has agreed with the party
of the second part, to do, furnish and perform the work, matters
and things required to be done, and performed, in the manner
hereinafter described, in connection with the work or works;

NOW THIS INDENTURE WITNESSETH that the said
parties hereto, hereby covenant, promise and agree, each with
the other as follows:

ARTICLE I: The covenants, clauses, provisos and conditions
of the "Specifications for Standard Combined One Classroom
Indian Day School with Teachers Quarters, Index No. 837";
(embracing the General Conditions, Labour Conditions, General
Specifications and Trade Specifications) together with the
drawings and such additional detail drawings, shop drawings
and instructions, as may from time to time be furnished, shall
be as fully part of this Agreement as if attached hereto, or
herein repeated, and should the Contractor or Minister fail
to sign them, they shall nevertheless be binding on both
parties.

ARTICLE II: The Contractor undertakes and agrees:

- (a) to do, and perform, the works, matters and things required to be done, and performed, in connection with the following work or works namely,-
- The construction of a Standard Combined One Classroom Indian Day School with Attached Teachers Quarters (according to the drawings and specifications as prepared by the Lands and Development Services of the Department of Mines and Resources - Index No. 837) on the Seabird Island Indian Reserve, in the Lytton Indian Agency, in the Province of British Columbia.
- (b) to complete substantially, and to the satisfaction of the Minister, all the work, on or before the date or dates following, viz:-
- the fifteenth day of September, Nineteen Hundred and Forty-eight, A. D.
- (c) Time shall be deemed to be material and of the essence of this contract.

ARTICLE III: The Minister undertakes and agrees, in consideration of the premises, and subject to the performance and observation on the part of the Contractor, of all covenants, provisos and conditions in the Specifications contained:

- (a) To provide the materials as listed in the "Bill of Material for Standard Combined One Classroom Indian Day School with Teachers' Quarters - Index 837" (prepared by the Lands and Development Services Branch of the Department of Mines and Resources)

- (b) To pay the Contractor in current funds, for the performance of the contract Four Thousand Three Hundred Dollars (\$4,300.00).
subject to additions and deductions as provided for in the Specifications governing the work.
- (c) To make progress payments on account thereof, as provided for hereunder
- (i) Payment of One Thousand Dollars (\$1,000.00) when the main floor joists are in position,
- (ii) Further payment of One Thousand Dollars (\$1,000.00) when the balance of framing is completed and the walls and roof are sheathed,
- (iii) Further payment of One Thousand Dollars (\$1,000.00) when the interior work has been completed.
- (d) On completion of the entire work, and on full performance of the covenants and clauses of the Specifications, to make full payment of the balance due under the Contract.
- (e) To pay for the labour necessary to place forms and footings for the foundation in condition for work on the basement.

ARTICLE IV: The Contractor and the Minister for themselves, their successors, executors, administrators and assigns, hereby undertake and agree, to the full performance of the covenants contained herein.

IN WITNESS WHEREOF these presents have been
signed and sealed on behalf of His Majesty, by the Deputy
Minister of the Department of Mines and Resources, and the

Re: our requisition dated April 9th, 1948 -
materials for Seabird Island Indian Day School.

Attached is quotation received from Valley Lumber Yards Limited. I presume it should have been forwarded to you.

We have just received a letter from Indian Commissioner Arneil which reads in part as follows:

"I may say, however, that as a result of flood conditions prevailing at the present time, Seabird Island Reserve is under water and until the flood recedes and a survey of the situation is made, no further action with respect to construction of this school should be taken."

In order that there may be no unnecessary delay it would appear advisable to proceed with the purchase of the materials but the firms to whom the business is awarded should be very definitely informed that no deliveries are to be made until they are advised to do so.

Re: Seabird Island Indian Day School
Your file 165-5-5 (E)

With reference to Mr. Neary's Army Signals message of May 26th, we have been successful in securing the necessary reinforcing mesh and reinforcing rods for the new Seabird Island Indian Day School at an approximate cost of \$120, f.o.b. Vancouver, and in addition have secured a tender on lumber from the Valley Lumber Yards which are forwarded herewith in duplicate.

I may say, however, that as a result of flood conditions prevailing at the present time Seabird Island Reserve is under water and until the flood recedes and a survey of the situation is made no further action with respect to construction of this school should be taken. Mr. Strang is receiving a copy of this letter and will no doubt communicate with you at a later date.

Please find attached two copies of the contract signed by Messrs. Laughington and Reynolds in connection with the erection of this school. One copy is for retention by the contractors and the other is for your own files. It will be in order for you to submit Progress Payment Forms by Airmail when such payments are due, as outlined in article 3 (c).

We have noted the Archbishop's request for the installation of inside plumbing facilities at this school. We are providing inside plumbing facilities at our larger schools but have only provided such facilities at one-room schools where electricity was available. Otherwise we have found that the installation of an electrical generator and the necessary pumps amounts to a very expensive extra contract. The school is designed in such a way as to permit the installation of such toilet facilities in the basement rooms.

Re: Seabird Island Indian Day School

I refer to the construction of the above school and beg to advise the Department to the effect that the contractors, Messrs. Laughington and Reynolds, will not be able to recommence their work on the school until about the end of the month of July.

The above delay arises from the fact that all trucking in the area is impeded as a result of road conditions left by the recent flood and that the contractors are assisting in making general emergency repairs in the district.

Re: Seabird Island School, 165-5-5 (E)

I have to refer to Mr. Neary's Army Signals message of October 13th authorizing local purchase of windows and frames, etc., for the new Seabird Island School.

Orders have been placed for most of the items referred to apart from the window frames and other millwork which are covered by the attached quotation from Sigurdson Millwork Ltd. You will note that delivery is from four to six weeks, the reason being that windows, casings, doors, etc., do not conform with standard sizes commonly used in British Columbia. These items consequently must be made to order with considerable delay and higher costs. This is a point which I have for some time been considering bringing to your attention. The Department's standard school plans, while no doubt conforming with standard construction practice in eastern Canada do not conform with standard practice here nor does the sash, millwork, etc., conform with standard size here.

I would suggest that construction costs could be reduced and construction expedited if arrangements were made for a revision of the Department's standard school plans for use in British Columbia. I can arrange this and submit amended plans and specifications for your approval if you so desire and in the meantime as far as the Seabird Island school is concerned I would suggest that an order be placed with Sigurdson Millwork Co. Ltd., in accordance with their quotation. There may be some minor duplications of items previously ordered from the Valley Lumber Yards

Limited, but to arrange for deletion of these minor items from Sigurdson's quotation would entail considerable delay and as it took over three weeks to secure the quotation we do not wish to delay the matter further.

AIR MAIL

Mr. W.S. Arneil,
Indian Commissioner,
P.O. Box 70,
Vancouver, B.C.

We have your letter of the 13th instant,
file 7-11-3, enclosing requisition for windows and mill-
work for the Seabird Island School.

We have noted your statement that the
windows, casing, doors, etc., do not conform with
standard sizes commonly used in British Columbia and
consequently, additional expense is involved. We are
bringing this matter to the attention of the Lands
and Development Services Branch.

We are submitting the requisition and
quotation which you forwarded to the Departmental
Purchasing Agent and when you have received the purchase
order, you may make whatever changes in it you con-
sider necessary to expedite delivery of the material.
We infer from your letter that any changes you make
will reduce the expenditure.

Bernard F. Neary
Superintendent of Education.

Memorandum:

DIRECTOR, LANDS & DEVELOPMENT SERVICES

Re: Seabird Island Indian Day School, Lytton Indian
Agency, Province of British Columbia.

At the above point we are constructing a standard one room school with teacher's residence attached. In forwarding the order for the window frames and other millwork, Indian Commissioner Arneil writes as follows:

" You will note that delivery is from four to six weeks, the reason being that windows, casings, doors, etc., do not conform with standard sizes commonly used in British Columbia. These items consequently must be made to order with considerable delay and higher costs. This is a point which I have for some time been considering bringing to your attention. The Department's standard school plans, while no doubt conforming with standard construction practice in eastern Canada do not conform with standard practice here nor does the sash, millwork, etc., conform with standard size here.

"I would suggest that construction costs could be reduced and construction expedited if arrangements were made for a revision of the Department's standard school plans for use in British Columbia."

Acting Director.

Re: Seabird Island School

Further to my Army Signals message of November 19th when I requested that you withhold placement of the order for windows, frames, etc. for the above mentioned building, I have arranged with Sigurdson Millwork for early delivery of the window casings. These will be quoted upon separately and billed separately and the order will be covered by a purchase order from this office. The Company is also giving us quotations on the balance of materials required and in the event that these materials cost more than the amount which this office is authorized to purchase their quotation will be referred to you. This procedure is considered advisable for the reason that the contractors are anxious to complete the interior of the building so that they may receive payment on that part of their contract price due on completion of this particular phase of the work.

Re: Seabird Island Indian Day School
Ref. your 7-11-3 (165) of November 30

Progress Payment No. 3 on this project has been passed today to the Chief Treasury Officer for payment.

The Departmental Purchasing Agent was asked to supply all materials for this school as indicated in my letter of April 15.

It is regretted that his apparent inability to procure these supplies has been the cause of considerable delay.

Superintendent of Education.

Re: Seabird Island Indian Day School
Your file 840-5 (E)

With reference to Supt. Strang's letter of November 24th attached and Progress Payment No. 3 in favour of Messrs. Laughington and Reynold, Mr. Strang and Mr. Reynolds called at this office recently and discussed with me the contract covering the erection of the Seabird Island school, and at the same time arrangements were made to secure the additional materials required for completion of the building.

The contractor's request for a progress payment at this time is not considered to be unreasonable inasmuch as had the necessary materials been made available to him as required the school would likely have been completed before this. I might mention that this office was under the impression, reference Mr. Neary's letter of April 15th to Supt. Strang and his reply thereto, that the Departmental Purchasing Agent had arranged for the supply of all necessary materials and it was only on receipt of your various Signals messages requesting us to secure materials that we realized that the matter had not been attended to. The exterior work completed by the contractor at this time is the equivalent or more of the interior work required by Progress Payment No. 3 and I feel that the payment should be made at this time.

W. S. Arneil, Esq.,
Indian Commissioner for B. C.,
P.O. Box 70,
VANCOUVER, B. C.

I am forwarding herewith Progress Payment Number 3 in favour of Messrs. Laughington & Reynolds, regarding construction of the Seabird Island Indian Day School.

I have indicated on the face of the Payment Sheet that interior work has been completed with the exception of floors and that additional work has been performed on the exterior of the building. I would respectfully recommend that this Progress Payment receive favourable consideration. I might add that interior work has been delayed through non-delivery of materials but that additional exterior work is sufficient to warrant a payment at this time.

A. Strang,
Superintendent,

The teacher of the Seabird Island Indian Day School has requisitioned for a battery model radio, the supply of which is recommended by District School Inspector Davey on the understanding that the teacher will make use of it in connection with the B.C. School broadcasts. A suitable radio, RCA Model BT42, battery type, is available at a cost of \$55.65 and I would recommend that the purchase be approved.

Gentlemen:

We herewith submit our tender in duplicate,
along with the Blue Print in respect to the heating of
a school at Agassiz.

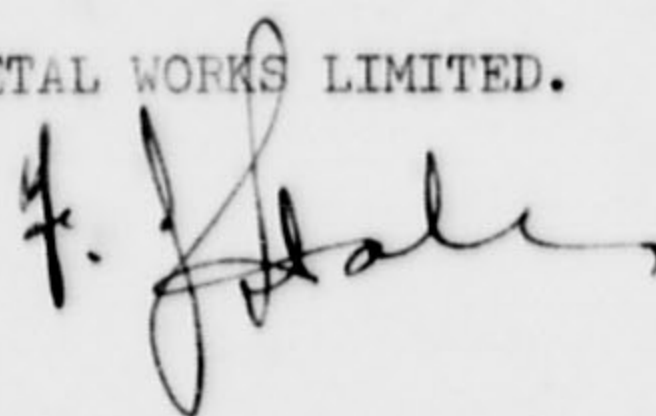

In going over these drawings, we notice that
there are only two 14 inch return air pipes shown. In
our estimation these pipes should be larger for this size
furnace, and we respectfully suggest that if these pipes
are enlarged there would be a small additional charge.

We might mention that in our quotation we are
including for a Hale-Co 24 inch all steel boiler plate
welded furnace.

Thanking you for your enquiry, and hoping we may
have the pleasure of serving you,

Yours very truly,

EMPIRE SHEET METAL WORKS LIMITED.

Re: Seabird Island Indian Day School

With reference to our exchange of army signal messages regarding the heating installation at the above mentioned school, the contract with Messrs. Laughington and Reynolds was entered into without reference to this office and we do not have a copy on file. Mr. Neary's message indicates, however, that in the absence of any reference to the contrary, the contractor's tender should include the provision of labour for the installation of the furnace, piping, etc., which should be supplied by the department.

The former Superintendent, Mr. Strang, and Mr. McGregor, who is presently acting as Superintendent at Lytton, are of the opinion that in as much as the contractors were unnecessarily delayed by our failure to make materials available when required with the result that they have lost money on the contract, the department should meet the cost of installing the heating system.

The attached tenders as listed below cover supply of the necessary materials and installation of the heating system, and you will note that each Company was requested to tender separately on material and labour so that if the department insisted on the installation being made by the general contractors, a separate order for materials could be readily placed.

CENTRAL SHEET METAL WORKS:	Material	\$447.00

Andrew Sheret Limited and Kirkland's "Metal Shop" were unable to quote. I would recommend that the tender of Whelen Heating and Sheet Metal Ltd. be accepted. They are in a position to proceed with the installation immediately, and if on receipt of this letter you will authorize me by wire to place separate orders with them for material and labour, they can have the installation by March 31st.

Re: Seabird Island Indian
Day School #840

We have just received your Voucher No. 378 in connection with the construction of the Seabird Island School. We had hoped that this school would be completed before the end of March, 1949, and consequently, when preparing our appropriation in the fall of 1948 for the fiscal year 1949-50, we did not include any funds for this school.

It will, therefore, be necessary for us to transfer funds from some other project. Please let me know by return mail the approximate expenditure that will be required to complete this school. A copy of this letter is being sent to Indian Commissioner Arneil.

Dear Sir:-

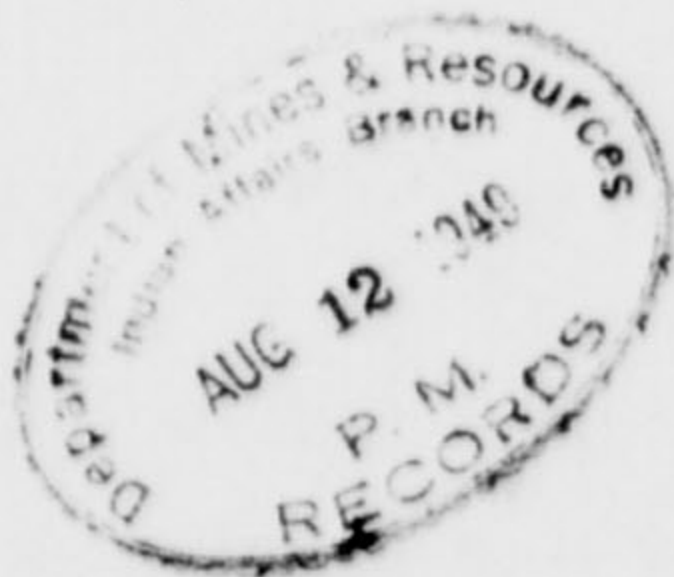

Reply to your letter June 8th Re explanation
of account.

The plans for the seabird Island school did not call
for overhauling or down pipe for same. They were
ordered put on by Mr Strang. Also the stair way head had
not enough clearance. We had to make a change there
passed by Mr Strang + Mr McGregor. Also had the go-
ahead to cover the metal doors. from some one, as they
could not be got in Vancouver.

I think Mr Strang or Mr McGregor can put you
right on this matter.

We are still waiting on final contract payment

Re: Seabird Island Day School

We are in receipt of a letter from the Lytton Indian office indicating that the above-mentioned school has seating accommodation for 23 pupils, with an enrolment of 30. The school is unable to take in the beginners until several seats are available.

In view of these circumstances we have placed an order for the necessary school desks at a cost of \$91.00, and trust that the Department will approve of our action in this case.

Re: Seabird Island Indian Day School

Some time ago our teacher of the Seabird Island Indian Day School requested that we paint the basement floor in the school. This room is the only place the children have to play when it is raining and at the present time it is very dusty.

I have written to Marshall-Wells and they have recommended the material be used as shown on the enclosed quotation. I recommend an expenditure be authorized to cover the cost of the material and labour. The labour will be approximately \$10.00.

Re: Seabird Island Indian Day School

With reference to Supt. Hett's letter of January 30th and enclosures attached, as the basement is the only place the children have to play in at the above school when it is raining I would recommend that approval be given to an expenditure of approximately \$25.00 for painting the floor, which amount covers material and labour.

Sir,-

I beg to submit herewith a requisition for manual training tools and materials for the Seabird Island Indian Day School, together with a tender from the hardware merchant in Agassiz, B.C., close to the location of the school.

Inspector Coleman suggested that the boys of this school be taught manual training work and following up this suggestion, the teacher has submitted the requisition. I would respectfully recommend that the tools and materials be supplied as it would be of great assistance to the boys to be able to learn carpentry work.

Your obedient servant,

Sir,—

The Indians on the Seton Lake I.R.No.1, have made application to me to be allowed to join in with the white residents in getting a school there.

The following Indians have children of school age between 7 and 15, that they are anxious to send, and have no other means of having them educated.

Patrick Oleman	-	2 girls,	Caspar	-	2 girls
Joe Link	---	1 boy,	Dan Alexander	-	1 boy,
Shiel Alexander	-	1 boy,			
Shiel Paul	----	1 girl, 1 boy,			
John Tom	-----	1 girl,			

There are not sufficient white children to keep up a school alone and therefore they are relying upon the Indians in order to enable them to get the school.

I would strongly recommend that the Indians be given the opportunity of getting their children educated, and trust you will advise me to what extent the Department would be willing to contribute.

An early will oblige,

Yours obediently,

Sir: -

I have your No. 1-08-20/1 of the 20th instant, informing the Department of the request of certain Indians of the Seton Lake No. 1 Reserve Band. I have noted your recommendation that the Department assist the local school district if they will provide educational facilities for the ten Indian children in the vicinity.

In reply I wish to state that the Department's policy is to pay a proportionate share of the current expenses in the event of the establishment of a combined white and Indian school. The school district will have to provide for all the initial expense. This Department is not prepared to pay part of the costs of erecting a school building and equipping the same. When the school is in operation this Department will pay a proportionate share of the teacher's salary, fuel costs and other current expenses, as well as supply the books and other materials needed by the Indian pupils in attendance.

Sir,—

With further reference to departmental letter number 165-6-1 dated October 26th, on receipt of this letter I took the matter up again with the Provincial authorities, with a view of getting a combined white and Indian day school on Seton Lake No. 1 Reserve.

I am to-day in receipt of a letter from them stating that they are willing to open this school, and will pay half the teacher's salary, supply desks and maps for the school, and textbooks for the white children.

I have instructed the Indians to go ahead now and build the school in conjunction with the whites, as they promised to do, and get everything ready, if possible, for starting the school at the beginning of the new quarter in January..

I presume that the Indian Department will bear the other half of the teacher's salary, as we should have an average attendance of ten pupils.

Sir: -

I have to acknowledge the receipt of your letter of the 18th instant, regarding the establishment of a combined white and Indian day school on the Seton Lake No. 1 Reserve.

In reply I beg to say it is noted that the provincial authorities have agreed to the carrying on of a combined school at this point, and will pay half the teacher's salary, supply desks and maps for the school, and textbooks for the white children. This Department will be prepared to contribute its share - one-half - of the salary, and will also provide the textbooks required for the use of the Indian children.

I shall be pleased if, at a later date, you will state the name of the teacher engaged, the salary to be paid, and the date on which the school is opened. You should also give a brief description of the school building, and the facilities provided, also the attendance of Indian children. A requisition should be forwarded for any school material required for the Indian children.

I beg to acknowledge receipt of departmental letter number 165-6-1 dated December 27th, in regard to the opening of the combined white and Indian day school on Seton Lake Indian Reserve.

I beg to state that the school building which the Indians are erecting, and for which the white families are providing the requisite material, is being proceeded with at the present time, and we are in hopes of having it opened within the next few weeks.

As soon as the teacher is appointed by the Provincial authorities, I will advise the Department of her name and the salary called for, and a requisition for school material will be sent in immediately I am able to get this from the teacher.

There are ten Indian children in this school for which supplies are needed. These are all obtainable in Vancouver and are the same as supplied by the Provincial authorities.

The Department advised me that they would pay half the salary. I will be obliged if you will advise me whether I am to enter this teacher on the monthly payroll or make out a special voucher for her every month.

I will be obliged if the Department will rush this as the children have nothing to go on with.

Sir,-

I have to acknowledge the receipt of your letter of the 23rd ultimo, in which you state that the combined school for whites and Indians, on the Seton Lake Reserve, has been opened.

The requisition which you forwarded has also been received and the articles requested are being ordered from the Government Stationery Office. They are being requested to rush shipment of these supplies.

The teacher of this school should prepare, at the end of each quarter, a return on the form provided for that purpose, showing the names of the Indian children in attendance during the quarter also the other information requested by the return. On receipt of this return the amount which the Department has agreed to pay, namely, one-half of the teacher's salary, will be paid.

I might point out that you have not yet stated what salary this teacher is being paid. You might furnish this information when forwarding the return for the period this school was conducted during the quarter ending March 31, 1923.

In reply to departmental letter number 165-6-1, dated December 27th, I beg to advise that the Shalalth School on Seton Lake I.R.No.1, was opened in the middle of February, by Miss Katherine A. Appleby, a Provincial certificated teacher, who is being paid at the rate of \$960.00 per annum. A copy of the Provincial Superintendent's letter to this effect is being enclosed. She is paid monthly \$96.00, July and August being vacation months, are not paid for. Indian share, \$48.

The school is 20' x 16' built by the Indians of logs on the reserve, the white people supplying the necessary lumber, windows, doors, etc, the Provincial authorities the desks and requisite teaching material, excepting the blackboard which has been bought jointly.

There are now ten Indian children and five whites attending.

I have already sent in a requisition for Indian school material.

Trusting the Department will advise me what procedure to adopt in paying the Department's share of the teacher's salary, as she gets her pay monthly.

Sir,—

I beg to report the position I am in in regard to the proposed and also the existing schools in this Agency.

Yesterday I visited the Shalalth School, which is on the Seton Lake Reserve, and which is a joint Provincial and Indian Department school, and under the circumstances the teacher is supplied by the Provincial Government.

This school I am glad to report is progressing excellently, the children are making splendid headway and the parents are very well satisfied. The priest visited the reserve recently and told the Indians that they were to insist upon a Roman Catholic teacher, otherwise they were not to send their children. Naturally they were very concerned about this, and sent for me. I explained the whole thing to them and told them that we had no jurisdiction over the teacher, as she was appointed by the Provincial Government, and furthermore, as no religion was taught in the school, it would not make any difference anyway. My explanation apparently satisfied them for the time being. How long it will last remains to be seen.

Now in regard to the proposed schools for the Hope and Seabird Island Bands, I have applied to Father Welch for a Roman Catholic teacher for each of these, but can get no satisfaction from him. He just replies that he is taking the matter up with Ottawa. I have also taken the matter up with Mr. Cairns, who advises me that there are no Roman Catholic teachers that he knows of available. He further states that he met Father Welch at Mission school recently who told him that if we put in a Protestant teacher at Hope he would see that there were no children attending the school. Now they will attempt the same thing at Seabird Island School. I feel sure that they will not attempt to supply us with a teacher, as I do not think there are any available, which would mean that if we put in a Protestant teacher, we will have to prosecute the Indians in order to see that the children are sent. The Indians themselves tell me they want the schools very badly, and do not care of what denomination the teacher is, as they realize that religion is not being taught.

There is certainly not room at the Mission School for all these children, and yet they try to prevent us starting day schools.

Dear Colonel Pragnell:

I have to refer to that portion of your confidential report of the 6th instant, relative to the advisability of appointing a Roman Catholic teacher at the Seton Lake combined Indian and White School in the Lytton agency.

This question was the subject matter of a petition, signed by certain Indians on the reserve, and in reply I informed them that the Provincial Government, at the request of the white settlers, commenced this activity. The Department agreed to pay half the salary and the current expenses, if the Indian children in the vicinity were allowed to attend a combined school. Either the local white trustees or the Provincial Government appointed the teacher and she is responsible to them. It might be advisable, in view of your recommendation, to have the parents of the local white children take up this question with the Provincial Department of Education.

The Department is in receipt of a letter from Miss Winnie E. Larson, who has been teaching at Seton Lake for the past four months, with reference to her payment for the last quarter and we are furnishing her with the information she desires.

It would appear from her letter that she is no longer teaching at Seton Lake school, and I would be pleased if you would intimate whether a new teacher has been appointed. If so, you should state whether the new teacher was selected by the Provincial Department of Education or by the local trustees.

Please advise the Department also of the name of the teacher, if one has been appointed and, in future, I would request you to promptly advise the Department of any change in the teachers of this school.

A request for supplies for this school was received here on the 14th instant, and the articles requested have been ordered from the Government Stationery Office. They are being sent addressed to Miss Larson, Seton Lake, B. C. If she has left the school, you should communicate with the postmaster at this point and arrange for the delivery of these supplies to Miss Larson's successor.

Re Shalalth Joint School,
Seton Lake Band, Slocan I.R.

Sir,

I beg to advise you that I am just in receipt of a letter from the Provincial Government Educational Department, advising me, that owing to the fact that there are only two white children now available, and attending this school, the Provincial Department has decided not to contribute towards the teacher's salary any longer.

This means that unless the Indian Department is prepared to pay the full salary, the school will have to be closed. This is very much to be regretted, as the pupils have been making very good progress. There has been a regular attendance of eight Indian children, the full number. I would very strongly recommend that the Department keep this school open, for in another year there are three more white children that will be available, and I think that then the Provincial Government might again be persuaded to bear half the expense. The last teacher that we had, Miss Fox, was excellent, and got the children on very well, with the result that they were all moved up in their classes, and it seems too bad that now this school has been established, and doing good work, it should have to be closed.

The salary being paid was \$90.00 a month, but as it is in an out of the way place and living is difficult, it is really none too much.

Under the circumstances and taking everything into consideration, I would strongly recommend that the Department give this favorable consideration, and decide to carry it on themselves.

Would it be possible to have them reconsider their decision, in view of the fact that there are still two white children attending the school and that next year there will be three additional students? You might correspond with the Provincial Department and mention these facts, and refer also to the difficulty in which the Department of Indian Affairs will be placed if they withdraw their support. Sir ;

Mr. Agent Graham has sent me a copy of a letter forwarded to the Indian Department at Ottawa. I visited the Shalalth School June 5th. 1924. There were NINE Indian pupils present. The number enrolled was ten.

It appears from Mr. Graham's letter that the Provincial Government has withdrawn its support from this school and we are faced with the problem of ten Indian children who will be deprived of an opportunity of getting an education unless the Indian Department is prepared to pay the teacher's salary in full.

It will be remembered that there is a building, desks, and school requisites. So the matter of keeping the school open is simply to pay the teacher's salary for six months.

I have read the Agent's letter and would heartily recommend that the school be kept open at least till June 30, 1925.

Sir:-

In reply to departmental letter dated January 8th, I beg to state that I have taken the matter up with the Provincial Educational Department, re getting some assistance from them on behalf of the two white children attending the Shalalth School.

I am now in receipt of a reply from the Superintendent of Education, in which he states that this is impossible, as they have a correspondence course, and if the white children want it they can take this up.

I might state that I have been in communication with a Mrs. Burroughs, who lives in the vicinity of this school, who has offered to carry on this school on behalf of the Indian Department, for the sum of \$60.00 per month, up till the 30th of June.

Mrs. Burroughs, I might state, has had high school education, and taken a business course, so would be quite capable of taking charge of this school, as the highest class is the fourth reader.

I would like to strongly recommend that the Department give this matter favorable consideration, and continue the school on under these conditions, as it is too bad that eight Indians children, who are now attending regularly, should be barred from any education, as it will be impossible to send these children now out to the Boarding School. If the Department agrees to this, I will be glad if you will wire me, so that I can get the school started. I can get Mrs. Burroughs on the phone, whilst it takes several days to get a letter to her.

Hoping to have a favorable reply,

I have your letter of the 20th instant, relative to the continuing of the school for the benefit of the Indian children at Seton Lake (Shalalth).

In reply I beg to say it is noted that the Provincial Department of Education will be unable to continue their grant towards the salary of the teacher, and as you strongly urge that the school be continued and have nominated the services of a Mrs. Burroughs to carry on the work until the end of June, next, the Department will approve of her appointment. In this connection I beg to confirm the following night lettergram to you of today's date: -

"Engage Mrs. Burroughs as teacher Seton Lake School.
Total salary of \$60 per month will be allowed until
end of June, next."

Please arrange with Mrs. Burroughs to begin duties as soon as possible. The sum of \$60 per month is the total amount that we can pay her for her services. We note you consider that her qualifications would be satisfactory for the work at this school. Please inform the Department of the date on which she begins duties and also state her Christian name as this information is necessary in the drawing of cheques for her salary.

It may be that more white children will be available for the next school year beginning September 1st and that the Provincial Department of Education would then reconsider their decision and continue their grant towards the salary of the teacher. This question can, however, receive consideration in due time next summer.

Sir:-

I herewith beg to acknowledge receipt of your letter of January 27, authorizing the engagement of Mrs. Burroughs, and requesting her first name. She signs herself Jennie Burroughs. She opened the school on Thursday morning, the 28th of January.

I am now enclosing a requisition for school material from the Shalalth School which I trust will be found in order.

Dear Sir

In regards to the Shalalth School I wish to draw your attention that no body ever worried about a school here until I took the matter up I wrote to the Dominion Department but I had only five white children here I asked Mr Graham if I took Indian children to make up the no'g would he find out if the Indian Department would help he told me yes. we had a meeting here it was arranged that I would supply every thing for the school, except the logs the Indians got the few logs for the sides & they put the school up now because I had to go down to Vancouver for a few months through a sickness every thing goes on the Bum and the Indian Department takes the school and every thing puts a neighbour woman in to teach the children draws a salary of 60.00 per month and she knows no more about teaching than I do now if I Indian Department

"Give Mrs. Burrows one month's notice. She should not have been appointed teacher Seton Lake school. Letter follows."

When my night letter of January 27th, authorizing the engagement of Mrs. Burrows, was directed to you, it was taken for granted that you would secure a teacher for the Seton Lake Day School whose religion was that of the Indian children who attend. The Department wish to supply Roman Catholic teachers at day schools where only Roman Catholic pupils attend is well known to you, and I am surprised that you nominated for the Seton Lake School a Protestant teacher.

Please communicate with Mr. Inspector Cairns and arrange for the incumbency of a suitable teacher for this school when the month's notice to Mrs. Burrows is concluded.

Sir,

I beg to acknowledge receipt of departmental letter of March 9th, together with a copy of one from Mrs. J. Rebagliati, in regard to the Shalalth School.

The correspondence we had in regard to this school you are acquainted with.

When this school was first thought about Mrs. Rebagliati took the matter up with me with a view of getting a joint school started, as she had two children there who needed education, and there were three other whites. She asked me if I could get the Indian Department to join in as was done, and everything went along smoothly until the end of last year. For a very considerable time there were only the two white children attending, viz: Mrs. Rebagliati's, when the Provincial Government advised me that they had decided that they could not carry it on for only two children, and this is what I reported to you.

What Mrs. Rebagliati says about the building is quite true. She was so anxious to get the school started that she was quite willing, if the Indians would cut the logs and erect the building, to supply the other material, such as doors, shingles, windows, etc., which she did, hoping to get assistance from the other white man who had three children, but it was not long before these two parties were not on speaking terms, with the result that Mrs. Rebagliati had to bear the whole cost. I am not in a position to say what she did pay for the different articles supplied, but think that she is entitled to some compensation, if the Indian Department intend to carry this school on solely as an Indian School.

In regard to the teacher, I might add that Mrs. Rebagliati has not been living in the vicinity for some time as she was in Vancouver running a boardinghouse, and as you know Mrs. Burroughs just offered to carry the school on as a stopgap, which I recommended to the Department in order that the school might not be closed. The whole trouble is that Mrs. Rebagliati and Mrs. Burroughs are not on speaking terms, and she resents Mrs. Burroughs teaching and earning the sum of \$60.00 a month. Mrs. Rebagliati came to see me, and asked to see the correspondence, then apparently went away quite satisfied. I am very much afraid this is just a storm in a teapot for it would be quite impossible for Mrs. Rebagliati to teach the school, and it is only a case of jealousy, but I do think that Mrs. Rebagliati would be entitled to some compensation for the money she expended in fitting up the school. I might say the school under Mrs. Burroughs is doing very well at present.

Sir:

I have your letter of the 14th instant, regarding the request made by Mrs. J. Rebagliati to be re-imbursed for the expenditure incurred by her in the erection of a building now being used for Indian school purposes at Shalalth (Seton Lake).

In reply I beg to say we note that Mrs. Rebagliati supplied certain materials in the construction of the building. Until the future of this school is decided, as to whether it will be conducted solely as an Indian school or whether it will be conducted as a combined school for white and Indian children, assisted by a grant from the Provincial Department of Education, we are not in a position to decide as to whether any compensation can be made Mrs. Rebagliati towards the expense incurred by her or not. Should, later, there be a number of white children to attend, and the Department renew its grant, we could not consider re-imbursing Mrs. Rebagliati, and she should in that event look to the Provincial authorities. However, if the school is conducted after the end of the present year, solely for the benefit of the Indian Children, Mrs. Rebagliati's claim will be given consideration. I shall be pleased if you will inform her accordingly.

Sir,—

No answer

I have your letter of March 16th, confirming your telegram of the 14th inst., advising me to give Mrs. Burroughs one month's notice.

In reply I beg to state that on receipt of your wire I wired Mrs. Burroughs as instructed.

In regard to this appointment if you will refer back to my letter of January 20th, in which I stated that Mrs. Burroughs had offered to carry on the school until June, this was only as a stopgap as I was in hope that there would be more white children and we would be able to carry it on jointly with the Provincial Government as before, as an undenominational school. I was quite aware that as the reserve was a Roman Catholic one there should be a Roman Catholic teacher, but at a moment's notice it was impossible to obtain one, and I had taken the matter up with the Rev. John Duplanil, who is the head of the Oblate Order. I am enclosing copies of letters written to Father Duplanil on the subject which will speak for themselves, so you will see that they were given every opportunity of recommending a teacher of their faith, but I got no replies to these two letters.

The first one was written on December 22nd, 1924, nearly a month before I ever took the matter up with the Department re Mrs. Burroughs. You will see the copy of a letter from Father Duplanil dated Dec. 8/23, in which he states that he could not recommend a teacher for this school.

I am taking the matter up now with Mr. Cairns and hope that we may be successful in getting a teacher to suit, as I hate the thought of closing this school down, especially as Mrs. Burroughs was kind enough to step into the breach as a stopgap, and I have done all I can think of to get a Roman Catholic teacher.

Sir,

I have your letter of Dec. 3rd, (File No. 1-08-20) regarding the appointment of a Catholic Teacher for the Shalalth School. I am forwarding a copy of your letter to the Very Rev. J. Welch.

Personally I could not recommend Shalalth School to any of the Catholic Teachers I know in the Province. Moreover a School is not called Catholic School because the teacher belongs to the Catholic Church. A Catholic School is the School in which Catholic Prayers and Catholic Doctrine (in religious matters) are taught every day to the children for fifteen minutes. Shalalth School is a Provincial School and religious teaching there is out of question.

Yours sincerely

P.S. I wish we could gettle that Shalalth School question somehow, and I'll write you later on for the term Sept. 1924-1925.

Referring to my letter addressed to you dated Dec. 22nd., I beg to advise you that the Provincial Government has decided to have nothing more to do with the joint Shalalth School.

I am today in receipt of a letter from Mrs. Burroughs, whose husband has a small store at Shalalth, and she has offered her services as teacher until June, rather than see the School closed.

If you happen to know of a Teacher, who would undertake to teach this school, or perhaps you might take the matter up with Father Welch, and let me know, and I could recommend him to Ottawa.

It certainly would be a shame to close the school.

As Mrs. Burroughs's term, according to your decision, expires on the 15th of April, if there is no Roman Catholic teacher available, am I to close the school up indefinitely until the services of one is obtained, or can Mrs. Burroughs stay on?

Dear Sir:

Your wire regarding the Setonlake School, addressed to Father Mohr, Mission, B.C., could not be delivered personally as the Rev. Gentleman was visiting his Indian Missions and could not be located. Acting upon your instructions, the Company brought it to me. It came during the Holy Week, a very busy season for a Catholic Priest; I could not get a suitable teacher on such a short notice. Moreover I felt that a change of teacher in the middle of a term, was detrimental to the welfare of the children. On the other hand I am sure that these children are better off in school than in the woods of Seton Lake. Acting upon this opinion, I phoned to very Rev. J. Welch, the Provincial of the O.M.I. in B.C. I was authorized by him to call on Mr. Graham, your Agent of Lytton, and to consent to retaining the present teacher of Setonlake School for the term. Of course Mr. Graham agreed to consult the Church authorities before appointing another teacher in the future.

Of course you know that Setonlake school has nine pupils, three are 10 years old, the other ~~xargx~~ children are very small indeed.

I beg to inclose voucher for my transportation to Lytton. It is not fair that I should suffer financially when I am trying to repair the blunder of your Agent.

Sir:

I have your letter of the 18th instant, in further reference to the correspondence regarding the engaging of the services of Mrs. Burroughs as teacher of the Seton Lake Indian Day School. We note that you have explained the circumstances to the Catholic Church authorities who are interested in this school, and the Department is assured that you did everything in your power to have a teacher of the Roman Catholic faith appointed. As you have previously been informed, Mrs. Burroughs may remain as teacher for the balance of the present school year, viz. to June 30th.

You should, however, take up with the authorities of the Catholic Church the question of nominating a fully competent teacher for the next school year, to begin duties on or about September 1st, next. If a teacher with rather good qualifications is secured, the Department will be prepared to pay a salary at the rate of \$85 per month for the ten teaching months in the year. You should, in due time, forward the name, qualifications and experience of the teacher who is nominated by the Church authorities for this school for next year.

Sir:-

I beg to acknowledge receipt of your wire, which reads as follows:-

"Mrs. Burroughs may remain teacher Seton
"Lake School to June 30th."

I beg to state in connection with this that Father John Duplanil came to see me on the matter, and after going through all the correspondence, he stated that one letter apparently had gone astray as he had not received it, in which I had written to him, and asked him to nominate a teacher. I explained that I had done everything in my power to obtain the services of a Roman Catholic teacher, and as I had no reply to two letters I had written him, rather than let the school close I asked for the temporary appointment of Mrs. Burroughs. He agreed to this up to June 30th, and I have advised her accordingly.

I wish the Department would advise me exactly the salary is to be offered for a teacher for this school.

The Department is in receipt of another letter from Mrs. J. Rebagliati, 14 - 12th Ave. West, Vancouver, with reference to her claim for reimbursement for an outlay which she made in the erection of the building now used for school purposes at Seton Lake. In this connection I would refer you to your letter of March 14th and official letter of March 21st, last. As you are aware, the Seton Lake School has been under the full control of this Department since January, last, and I would request you to state if you consider any payment should be made to Mrs. Rebagliati. If so, you should furnish a detailed statement of the amount which you consider is due her.

I may say that if Mrs. Rebagliati's children have been attending the school since the Department assumed control, it is considered that some charge should be made, and we would, therefore, reduce the amount which you might state is due her for her outlay. In your reply, therefore, you should state whether this woman's children, or any other white children, have been attending the school since last January.

Sir,—

In reply to departmental letter dated September 1st, in connection with the claim made by Mrs. J. Rebagliati for reimbursement for an outlay that she made in the erection of the building now used for a school at Shalahth on Seton Lake I.R. Siosh No. 1, if you will refer to her letter addressed to you and dated February 28th, you will see that she admits that she took the matter up with me, with a view of getting a joint school. This was done, as with the consent of the Indian Department and the Provincial Education Department the school was opened as a joint school.

According to the Provincial Education Department's regulations, the parties, applying for one of these schools, have to provide the building. This the Indians and Mrs. Rebagliati agreed to do, and supplied one. The Indians supplied the logs, and built the building, and Mrs. Rebagliati the lumber, door, windows, etc., but she could not have spent the sum of \$150.00 on this, which she claims she did.

Mr. Inspector Cairns and myself went into this matter very carefully yesterday, and came to the conclusion that Mrs. Rebagliati only spent the money that she had to, in order to get the school started, and she had her two children educated in it whilst it was being run jointly, by the Provincial Government and the Indian Department. When the Provincial Department decided to withdraw their grant, and I applied to the Indian Department to keep it open on behalf of the Indians, Mrs. Rebagliati took one child out, but the other one has remained on, and is still attending. This child, of course, has been attending just through the goodwill of the teacher.

Taking everything into consideration, Mr. Cairns, and myself, came to the conclusion, that Mrs. Rebagliati has had her money's worth out of the building in the line of having her children educated, and as Mr. Finnigan, the present teacher, states that he has no objection to this one child remaining on, we consider that Mrs. Rebagliati has been well repaid, and that there is nothing due her.

I might add though that there is a table and a chair belonging to Mrs. Rebagliati, that the Department might purchase. The stove, which she put in there, was an old one, and is now completely worn out. This will have to be replaced. The door also, which was provided by Mrs. Rebagliati, was secondhand, and will also have to be replaced, as it will be absolutely useless for another wintertime.

Madam:

In further reference to official letter of the first instant regarding your claim for reimbursement for expenses incurred in the erection of the building now used as the Seton Lake Day School, I have to state that Mr. Agent Graham and Mr. Inspector Cairns have gone into the matter very carefully. They advise the Department that the Indians supplied the logs and erected the building and that, while you supplied some lumber, etc., they do not consider your expenditure was very large. On the other hand, your two children attended the school while it was being run jointly by the Provincial Government and the Department of Indian Affairs and since last January, the date on which this Department assumed full control of the school, one of your children has been attending and no charge has been made. Taking this into consideration, it is felt that there is nothing due you.

The Department is, however, prepared to pay you a reasonable amount for the table and chair that you placed in the school and Mr. Agent Graham is being instructed to see you regarding this. No payment can be made for the stove, as it was an old one and is now completely worn out. The door also, which you provided, was second hand and will have to be replaced as it would be absolutely useless for another winter. Therefore, no allowance can be made for the door.

The attendance on my visit was very small owing to the fact that some of the pupils had not got back from the horfields and others with their parents were away earning money digging and sorting potatoes. Dear Sir:-

Re- Quarterly Report:

Having reference to the marginally noted, I have the honor to forward same for the quarter ending March 31-1927.

Progress during the quarter has been very good as was attendance if we take into consideration that a portion of the winter was very severe and quite a depth of snow.

Health: During the month of January about 40 of the Indian of this camp were sick with influenza and the school was closed during the first two weeks of this month.

Maggie Patrick Oldman, it is feared, is suffering from tuberculosis, being in the first stage of the sickness.

Knitting: From the yarn supplied by the Department the children are busy knitting stockings and socks for the coming winter. During the past winter nearly all wore stocking knitted by themselves.

Banking: I am pleased to report that I have caused an account to be opened in the Royal Bank of Canada, Vancouver for the following pupils, viz.,

Maggie Patrick Oldman	\$2.00
Billy Alexander	1.65
Francis Shield Paul	1.85

The above is the amount that stands to their credit and I think that you should advise the Manager of the above Bank not to allow them to withdraw before they are at least twenty-one years old, however I leave this to your good judgment.

Yours very respectfully,

Sir:

I beg to acknowledge receipt of departmental letter dated November 16th, referring to my October report on Seton Lake Indian Day School.

When Mr. J. T. Kiernan took over this school as substitute I watched carefully, and thought he might possibly make good. On receipt of departmental letter of June 29th, I took the matter up with Mr. Cairns, as he always likes to be consulted in these matters, and take up with the church authorities any matters referring to the teachers. I discussed this personally with him, and he promised to come to inspect the school himself, but circumstances willed otherwise, and he was away on sick leave, but I have written him several times since he returned to his duties with a view of having him visit this school at as early a date as possible. On my last visit to the reserve I went round to see if there were no other children available, and did get one put in, so every child of school age now on the reserve is on the roll. There of these have to travella considerable distance, and, of course, in bad weather find it difficult to get there, especially as their parents are very poor.

I am writing Mr. Cairns again to see if he can spare the time to visit this school with me.

EXTRACT FROM REPORT OF MR. AGENT GRAHAM
for the Month of October, 1927, on the
Seton Lake Indian Day School. Report
dated October 31st, 1927.

Original on File 165-62-7.

[Handwritten signature]

I am not at all satisfied with this school. The present teacher does not seem to grasp teaching Indian children, and the number has been reduced so, two of those on the roll being really transients the parents have left the district. I went around the reserve the day I was there and got another one enrolled. I have asked Mr. Inspector Cairns to come to visit and report on this school.

I have your letter of the 23rd instant, relative to the services of Mr. J. T. Kiernan, who is acting as substitute teacher at the Seton Lake Indian Day School.

In this connection it is noted that you have requested Mr. Inspector Cairns to inspect this school, and, if necessary, make arrangements for the obtaining of the services of a new teacher to begin duties when the school reopens after the summer holidays, which, in this case, will be on or about October 1st, next. It will be necessary to consult the Church authorities in the obtaining of the services of a teacher for this school, and if a new teacher is engaged, you should forward in due time the name, qualifications and experience of the teacher whom you recommend be appointed.

Sir:-

I have yours of June 17th, re the Seton Lake Indian Day School.

From what I could see on my visits to this school, and reports from the parents of the children, attending same, the services of Mr. J. T. Kiernan, who is substituting for Mr. Finnegan, whose resignation the Department has accepted, do not appear to be satisfactory.

I have written Mr. Inspector Cairns, pointing out this to him, and asking him to accompany me on a trip there, so as to inspect this school, and if necessary make arrangements for a new teacher. The school holidays in this school are not taken until the end of July, departmental letter numbered 165-62-1, dated November 10, 1925, as the children go off with their parents to the hopfields in September, so the services of a new teacher would not be required until school reopens after the summer holidays.

Sir:

I have your letter of the 11th instant, enclosing the resignation of Mr. S. T. Finnegan, teacher of the Seton Lake Indian Day School, and in reply have to inform you that the same is accepted.

We note that Mr. J. T. Kiernan was appointed to succeed Mr. Finnegan for the balance of the present school year, and that he began duties on April 21st, last. It is doubtful if his services would be satisfactory for the next school year, and in this connection I would refer you to your report on this school for the month of May, last, in which you stated that Mr. Kiernan was unable to control the children. I shall be pleased to be advised whether you consider his services would be satisfactory for the next school year, and, if not, if you could arrange for the nomination of a suitable teacher.

At the end of the present quarter, the usual quarterly report showing the attendance, days taught, etc., should be prepared and forwarded through your office. The number of days taught by Mr. Finnegan and Mr. Kiernan should be clearly stated thereon, in order that the proper adjustment of salaries can be made.

I have to acknowledge receipt of the letter which you forwarded from the teacher of the Seton Lake Indian Day School enclosing his quarterly report. It is noted that the progress during the quarter has been good, taking into account the sickness among the Indians during January.

It is noted that the teacher has caused accounts to be opened in the Royal Bank of Canada for three of the pupils, who have balances to their credit as mentioned by him. As these are the private funds of these pupils, the department could not advise the manager of the Bank to not allow them to withdraw their savings until they are twenty-one years of age, as suggested by the teacher. Sir:

This is to notify you that Mr. Joseph P. Kiernan, substitute teacher at the Shalalth Indian Day School, has resigned, handing his resignation to Mr. Agent Graham.

I would respectfully recommend that Miss Mary Wadel, who has taken her Matriculation examination and has served as teacher in the Osoyoos Indian Day School, be appointed to this position, duties to commence January 1st. 1928.

Miss Wadel has rendered faithful service. She has won the confidence and goodwill of both parents and pupils. The Osoyoos school is in an isolated part of the Province and Miss Wadel on account of the loneliness of the location is sending in her resignation. She would like, however, to transfer to another Indian school.

Mr. Agent Graham, in whose Agency the Shalalth Indian Day School is located, joined me in a conference regarding the schools of his Agency. He is acquainted with Miss Wadel and assured me that he would be able to work with her for the welfare of the pupils.

I might add that Miss Wadel has had two and a half years' experience in the Osoyoos school.

Inspector Indian Schools,

Dear Sir:

I now beg to make formal application for the position of teacher in any of the Indian Schools in which there may be a vacancy, and I attach references from religious and commercial sources.

As far as education goes I have had a very good groundwork in English, Latin, Greek and French in both private and public schools in the Old Country, having gone through Matric., 1st. and 2nd. University Courses, and I think, without boasting, I am capable of at least imparting elementary education to children.

I am also in a position of instructing them in handling tools, being a very good worker in wood and metal, construction and repairs of household furniture, repairing household utensils, soldering, glazing, and shoe repairing, besides patching and repairing men's clothes.

I am strictly sober, and the fact of my having been in a very responsible position with one firm for over twenty years speaks at least for my honesty.

I shall very much appreciate your kind consideration.

Very faithfully yours,

Mr:

Referring to previous correspondence regarding the appointment of a teacher for the Seton Lake Indian Day School, I beg to say that Mr. Agent Graham reports that Miss Wadell, whose transfer from the Osceyoos School was recently approved, has decided to remain at that point until the end of June, next.

Mr. Graham forwards the application of Jos. P. Kieran for the position as teacher at the Seton Lake School. He states that Mr. Kieran's appointment is approved by yourself and the Church authorities. The Department is approving of his appointment. His retention in the position will depend entirely upon the success with which he meets in the work. It is noted that he has no professional qualifications. We are informing Mr. Graham of the approval of Mr. Kieran's appointment, with rate of salary allowed.

In this connection I have to confirm the following telegram to you of today's date:

The following is a list of the transactions leading up to the appointment of Mr. J. P. Kieran as teacher of the Shalalth Indian Day School.

Miss Mary Wadel resigned her position as teacher of the Osoyoos Indian Day School, and asked for a transfer to another school.

As Mr. J. T. Kiernan, substitute teacher at Shalalth Indian Day School, resigned his position, Miss Wadel's appointment to this school was recommended to the Department.

This was approved by the Department, but in the meantime Mr. Ball persuaded Miss Wadel to stay on at Osoyoos until June 30th. 1928.

The application of Mr. J. P. Kieran, of Vancouver, for the position of teacher at Shalalth School has now been approved by Mr. Graham, and is awaiting confirmation by the Department.

The Department's attention is hereby drawn to the fact that these two men have names very much alike. Mr. J. P. Kieran is an applicant for the position left vacant by Mr. J. T. Kiernan.

Dear Sir;

I have the honour to forward herewith my report on the Shalalth Indian Day School (Seton Lake) in the Lytton Agency.

I regret that I have to recommend that the services of the present teacher, Mr. Joseph P. Kiernan be dispensed with as from the end of the present school year.

I have on my file of applicants a teacher who is a Roman Catholic, holds a First Class Certificate for Alberta, has twenty years experience, is at present employed as teacher of the Fort Babine Indian Day School, and whose wife is a registered trained nurse. I should like to have this teacher:- Mr. C.O. Daly, at the Shalalth Indian Day School. Should he be appointed to this position, I believe that the services of his wife as a Field Matron would be of the greatest possible advantage to the Indians on the adjacent Reserves.

Mr. C.O. Daly's address is Indian Day School, Fort Babine, Topley, B.C.

I have the honour to be,
Sir,

Your obedient servant,

EXTRACT from Report of G. H. Barry, Inspector of Schools for B. C., dated June 15th 1931, on his inspection of the SETON LAKE INDIAN DAY SCHOOL. - Original on File 165-62-6.

Joseph P. Kieran. Age 61. No qualifications; experience three and a half years in this school.

Mr. Kieran, in my opinion, knows nothing whatever about teaching. As far as educational work is concerned, the school is in a deplorable condition.

I have given the teacher a list of texts and work books which should be in the school. I have taught a number of "Demonstration Lessons" to indicate method in Number Work and Reading. I however feel that this was wasted time, as the teacher is too old to benefit by the observation of the above lessons. I asked the teacher not to shout at the children as he had been doing. I do not consider it a good plan to carry a stick round in one's hand, as this teacher was doing when I reached the school. This man is quite unfit to exercise the functions of a teacher in my opinion.

The teacher walks around with a stick in his hand and shouts at the children. The discipline is weak. The teacher appears to have no idea that teaching is a scientific profession. He has no knowledge of method. Please see special recommendation attached to this report.

XX

I do not believe that the services of Mr. Joseph P. Kieran are satisfactory. I consider that, for the sake of the children at Shalalth, a change should be made at the end of the present school year.

Though Mr. Kieran has now been the teacher of this school for over three years, the progress of the children is very unsatisfactory. He shows no signs of any training in teaching, being quite ignorant of method. He is not the type of man that should ever have been selected as a teacher for young Indian children. His personality and manner are in themselves enough to make a change in my opinion absolutely necessary.

I, of course, regret the necessity of this recommendation, but if I am to do my duty, no other course is open to me.

Mr. Indian Agent Strang was with me throughout my inspection of the school. I understand that he will also make a similar report to the Department of Indian Affairs. It was at his special request that I visited the Shalalth School at this time.

Dear Sir:

I am herewith submitting the report of School Inspector Barry on Shalalth Indian Day School in the Lytton Agency. It will be noted that a change of teachers is recommended owing to the unfitness for the position of Mr. Joseph P. Kiernan. I am of the opinion that Mr. C. O. Daly, who is at present teacher at the Fort Babine School in the Babine Agency, should be employed to teach the school at Shalalth and the services of his wife, who is a trained nurse, be utilized as a field matron to look after the Indians of the Seton Lake Band, in view of the fact that these reserves are a considerable distance from Lillooet where Dr. Stewart is located and there is no regular highway between Lillooet and the Indian Reserves, consequently these Indians are not visited by the doctor but on very rare occasions.

Sir:

I have your letter of the 24th instant, enclosing the report of Mr. Inspector Barry on his inspection of the Seton Lake (Shalalth) Indian Day School, and recommending that the services of the present teacher, Jos. P. Kiernan, be dispensed with. In this connection I have to say that Mr. Agent Strang will be requested to notify Mr. Kiernan that his services will not be required for the next school year.

Regarding your recommendation that Mr. C. O. Daly, who is at present teacher at Fort Babine, be employed to teach this school, and that the services of his wife be utilized as field matron for the Indians of the Seton Lake Band, I have to say that there is no position established for a field matron in the Lytton Agency. If Mr. Daly and his wife are transferred to Seton Lake, the only salary we could provide would be for teaching services. It is considered that this arrangement would not prove satisfactory to Mr. and Mrs. Daly, in which event it will be necessary to arrange to obtain a qualified teacher in time to begin duties when the school reopens after the present summer holidays.

I shall be pleased if you will take this matter up with Mr. Inspector Barry and Mr. Agent Strang, with a view to nominating the services of a teacher. As the school at Seton Lake is under the auspices of the Catholic Church, it will be necessary that the teacher appointed be of that faith. We are requesting Mr. Agent Strang that he act with Mr. Inspector Barry in obtaining the services of a teacher.

Dear Sir:

I beg to apply for position as teacher at Shalalth Indian Day School, at Seton Lake.

I was educated at St. Louis College (Irish Christian Bros.) afterwards spending two years at Victoria College and have passed Victoria Normal School, obtaining a first class Teacher's Certificate. I also hold the Licentiate of the Associated Board of the Royal Academy and the Royal College of Music, with Teacher's Certificate.

My best subjects for teaching, besides music, are arithmetic, literature, reading, nature, writing and geography; and am keenly interested in promoting games among the children.

I hold a St. John Ambulance Association First Aid Certificate and a certificate for Physical Training.

I enclose letter from the Rector of St. Andrew's Cathedral, where I have been an altar-boy for 8 years and Master of Ceremonies for the last 3 years, with charge of the altar boys.

Hoping for your favorable consideration

By reason of the shortness of time that remains before the reopening of school in September next, and, of the distance between here and Ottawa I am writing you at more length concerning my recent dismissal as teacher at the above mentioned Indian School with the hope that I shall be reinstated so as to carry on at the commencement of the school term.

My dismissal does not seem warranted. I wish to direct your attention to the instructions given me by the late Mr. Cairnes, the then inspector and by whom I was appointed; these you will find under the heading of Remarks in my first Annual Report dated 31st March 1928; namely, to teach the children, Reading, Writing and Arithmetic, and a little Geography, the map of Canada. told me that I could use my own judgment as regards the McLean system. In this regard I would ask you to look over the copy books that I sent you or to have them inspected by some of the Inspectors of Schools in your department who are experienced. You will note that I write the headlines and how I assist the children in this one matter.

During the whole three and a half years of my employment I have never missed a minute away from the school; I have done many things for the children outside the curriculum; giving them candies every week; frequently bread and butter for their lunch when they hadn't any. I have kept their shoes in repair at no cost to them and at Christmas time I gave them clothes and shoes I got from Vancouver friends apart from and irrespective of the grant from the department.

Apparently, Mr. Gerald Barry, your new inspector, came to the school on the 15th of June last with his mind made up to have me fired and so to make as bad a report as he could. I have been informed since, that before coming to the school he had lunch with Mr. Jones, Manager at Bridge River of the British Columbia Electric Company and that when in conversing, Mr. Jones praised my system of education, Mr. Barry was not well pleased and made remarks to Mr. Jones to the effect that I was

useless as a teacher. Mr. Barry's appearance when he came into the school, and his subsequent, gruff, dictatorial and seemingly insulting manner bore out his predetermination. He spent about an hour and a half in the school, an hour of which he devoted to showing the children all he knew, and the remaining time asking questions. He would not look at the exercise books. The children were intimidated, and he insisted in talking to an eleven year old girl who had been only a couple of weeks at school and who can speak only very little English. He was very impressive in expressing that it was wrong to say "2 and 1 is 3" that such should be "2 plus 1 is 3"; and that "4 from 5 and 1 remains" is also wrong but that it should be "5 take 4 away and 1 is left". He found fault with the children counting on their fingers; said it should be done with matches. But, children have fingers when they haven't matches. Etc.

I have no doubt that if some one else, a man experienced in such matters, were sent to examine this school and without preconcieved ideas, my Indian children will compare very favourably with the children of any other school-white or red---

I think I am entitled to better consideration. Certainly, it does not seem just that I should be dismissed apparently for carrying out the instructions received from the former inspector, the late Mr. Cairnes.

I am most anxious to continue as teacher at Shalalath School; as well, it is most disastrous in these times for me, a man of sixty two years, to be so relieved of my only employment and source of sustenance.

Be good enough to give this matter your present attention so that I may carry on in September.

Dear Miss Millar,-

I have to acknowledge your letter of October 19. I am glad to give you some information as regards the discharge from the Service of Mr. Joseph P. Kieran who was a teacher of the Indian Day School at Shalalth, B.C.

About a year ago we appointed a competent School Inspector to take the place of the former incumbent of the office who had died. He is an experienced educationalist. I am attaching hereto, an extract from his report on this school, which caused the dismissal of Mr. Kieran. As there are many unemployed teachers in British Columbia, we were able to engage an excellent teacher to take Mr. Kieran's place.

It may interest you to know that when I was in Vancouver in August last, someone called on me on Mr. Kieran's behalf. He was accompanied by Mr. Kieran and I had the advantage of having an interview with him. I may say that I was very unfavourably impressed and I felt that no injustice had been done to the Indians by his dismissal and I am quite sure that there is no position in our Department to which he would be eligible for appointment.

I must get something to do, as I can not bear to be idle, quite irrespective of the fact that one has got to live.

I care not what the work is, subject, of course, to my physical limitations, nor what the hours are, nor very much what the remuneration may be, as long as I can get along fairly respectably.

I cannot refrain from remarking that some one still takes enough interest in me, to continue writing untruths about me to the Dept.

lumber, and in the usual inefficient
way of an amateur. It is a lean-to
against the School. He bequeathed it
to his successor, Mr Kieran, from
whom I inherited it. It was then
not in a habitable condition - the
rain was coming down almost everywhere,
the roof being merely covered with tar
paper. The entrance steps were broken
down. I have added to it an extension
of six or seven feet, and put in two
windows, remodelled the entrance, and
shingled the roof. The shingles cost me
nothing, as there was enough remaining

These shingles were ordered before I came
here, so that I had nothing to do
with there being some over. The
extension I added at my own expense,
and I must say that it is now good
enough for a not very fastidious
single person. I don't mind
any expense I went to about it, as
I had three and half very happy
years in it, and consider I got very
good value. Mr. H. Graham knows
in what condition it was when I
came here.

Dear Sir,

I understand that the position
of Policeman in the Lytton Indian Agency
is vacant.

Since losing the position of
Teacher in Shalalth Indian Day School
I have found it impossible to find any
kind of a berth. As the salary
did not admit of saving much money,
I am in a very awkward situation, and
I assure you that you would be doing

I trust that you will take into

The "Secretary"

Dear Sir:—

On my return to Bridge River after the holidays I find that my board has been advanced five dollars (\$5.00) a month.

This is a new mining district, and the cost of living etc. is very high in proportion to other Indian districts. It is most difficult in a place this small with only one hundred inhabitants to get proper boarding accommodations - and the hotel where I reside appears to be my only solution for the problem.

In view of the fact

that rates for room and

Dear Sir:-

With reference to your 165-62-1 of the 3rd instant I am forwarding herewith a letter of nomination received from His Excellency Archbishop Duke of Vancouver in which he requests that Miss Florence A Roussel of Box 162 Agassiz, B.C. be appointed teacher of the Seton Lake Indian Day School.

Miss Roussel is a Roman Catholic girl of 22 years of age. She was educated at Agassiz, B.C. her home town and at the University of B.C. where she obtained her B.A. degree. She then took the Teacher Training Course at the University and now holds an Interim Academic Certificate as a teacher in this Province. Such a certificate entitles her to teach in any High or Elementary School in the Province.

Miss Roussel's practical teaching experience is as yet limited though she had the usual five weeks in Vancouver schools while in training.

Inspector Barry, who has just returned from his vacation, informs me that Miss Roussel is the best qualified candidate available for a Catholic school.

I would recommend that the Archbishop's nomination be accepted and that Miss Florence Appoline Roussel be appointed teacher of the Seton Lake Indian Day School, Lytton Agency, as from September 1st next. As the time is limited I would request that the Department's decision be forwarded by night letter to enable me to get into touch with all concerned at the earliest date.

Dear Sir:-

I am forwarding herewith, on behalf of the Commissioner, a copy of a letter of resignation dated June 30th which the teacher of the Seton Lake Indian School addressed to Indian Agent Strang. I did not receive a copy of this letter till this morning and it is possible that you have by now heard of Miss MacLennan's resignation from some other source.

His Excellency Archbishop Duke has suggested as a candidate for the position left vacant at Seton Lake School a Mr. Harold Weeks. Under the circumstances I have requested the Archbishop to make his nomination direct to the Indian Affairs Branch in Ottawa.

Harold Weeks is 26 years of age and holds the degree of B. Com. from the University of B.C. For some time he was Private Secretary to the Archbishop. After receiving his degree Mr. Weeks attended the Vancouver Normal School and now holds a B.C. First Class Interim Certificate. He is of course a Catholic and is anxious to teach in an Indian Day School.

Some days ago Mr. Weeks called on me, as advised by His Excellency the Archbishop, and I introduced him to the Commissioner who agrees with me that Mr. Weeks is an excellent type of young man who, with his fine training at the University and Normal School, might later be worthy of a position under the Department in a capacity other than that of a teacher.

Should the Department accept the Archbishop's nomination in due course, I shall arrange to give Mr. Weeks some help before he leaves for his school. His present address is 1240 Haro Street, Vancouver, B.C.

Dear Madam:-

In reply to your letter of the 3rd instant, regarding payment of your salary for January, 1941, by cheque No.E065948 for \$87.80; I have to advise that the following deductions were required to be made from your salary of \$90.00:-

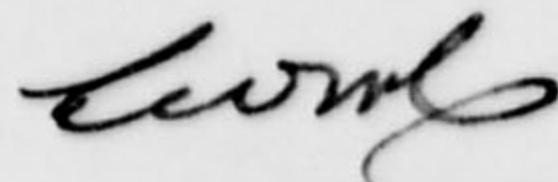

For National Defence Tax	- 2% of \$90	-	\$1.80
" B.C. Provincial Tax	- 1% of \$40	-	.40
			<u>\$2.20</u>

I may say in connection with the Provincial Tax, that your salary is exempt from taxation up to and including \$50 a month.

The Department will continue to deduct the above-noted amount (\$2.20) from your monthly salary on account of the taxes mentioned.

Regarding the Dominion Income Tax, you will have to arrange to pay same before the 30th April next to the Inspector of Income Tax for the district in which you reside. You were paid salary of \$900 in 1940. Single persons are exempt from payment of Dominion Income Tax up to \$750 per annum. Therefore the tax payable on the balance of your salary for that year would be \$9.00 (6% of \$150).

Sir,-

I beg to forward herewith a letter received from Miss Mary Winter, teacher at the Seton Lake Indian Day School, enclosing her cheque for the month of October, 1940. The cheque, No. D006190 for \$83.70 is also submitted herewith.

As I am unaware of deductions liable to be taken from this teacher's salary other than the National Defence Tax, I am at a loss to explain to her the reason for the excessive deduction and I would be pleased if the Department would inform me in that respect.

As I was notified from Ottawa

AIR MAIL

Dear Sir:

I desire to refer to your letters of the 4th and 5th instant, with regard to the teaching services at the Katzie, Seton Lake and Seabird Island Indian Day Schools.

With reference to the Seton Lake School, the Department approves the transfer to this school of Miss Mary Winter, who has been in charge of the Katzie Indian Day School. She will be allowed salary at the rate of \$90 a teaching month. It is understood that the school will be in operation from October 1, 1940, to June 30, 1941.

I am aware that the monthly salary rate is lower than Miss Winter received at Katzie, but at that school she was drawing a higher salary than the majority of the teachers in British Columbia. The reason for granting her this concession was that when she was appointed Indian Agent Daunt wrote to the Department in a letter dated April 5, 1930, stating that in view of the higher board rate she would have to pay at Hammond, where the school was located, he considered she should be allowed \$105 a teaching month.

It is noted that you will forward nominations later for teachers for Seabird Island and Katzie.

EX'D.

With reference to your 165-62-1 of August 3rd I wish to acknowledge the receipt of your telegram of to-day's date informing me that approval has been given for the appointment of Miss Florence A. Roussel, B.A. as teacher of the Seton Lake Indian Day School.

When Miss Roussel called on Inspector Barry a few days ago she was given several hours instruction in the adaption of the B.C. Programme of Studies to the work she would be called on to do in an Indian school.

Miss Roussel has been informed of her appointment and advised to call on Indian Agent Strang when passing through Lytton on her way to Shalalth.

Mr. Strang has been informed of the appointment also and requested to give Miss Roussel any necessary assistance.

Captain Barry on my behalf has thanked His Excellency Archbishop Duke for the assistance which he gave in the selection of such a well qualified teacher for the vacant position at the Seton Lake Indian Day School.

Dear Sir,

I hereby make application for the position of teacher at the Seton Lake Indian Day School at Shalath, B.C. if there is a vacancy for this position.

I wrote to Mr. A. Strange but he suggested sending my application to you. I telephoned to your office but when I was told that you were out of the city I thought it better to write you.

I taught at the above school during the years of 1935, 1936 and 1937 - 1938. For references regarding my ability as a teacher I can gladly recommend Mr. Barry or Mr. Strang both whom I know will be pleased to give you any references you desire.

I resigned from my school at Shalath to be married. Now I find that it is only a matter of a short time until my husband will be in the Services and it will be necessary for me to find employment. Since I have no home ties and as Teaching is my profession I am anxious to return to it for the duration.

I hope you will give my application your very kind consideration.

Sir,

I beg to acknowledge receipt of departmental cheque number 434, for \$60.00 in favor of Miss K.A. Appleby, teacher at Shalalth School on Seton Lake I.R.No.1.

This is \$4.80 short. I had the voucher made out for \$64.80, the same as the Provincial Department of Education made out the salary, \$48.00 for March and \$16.80 for February. They evidently calculated her salary for February as follows:

Number of prescribed school days	20
Number of days school was in session	7
Salary 7/20 of \$48	- \$16.80

Miss Appleby would be pleased if the Department will forward a cheque for the \$4.80 due her on the February salary.

Ottawa, January 27, 1925.

Sir:

I have your letter of the 20th instant, relative to the continuing of the school for the benefit of the Indian children at Seton Lake (Shalalth).

In reply I beg to say it is noted that the Provincial Department of Education will be unable to continue their grant towards the salary of the teacher, and as you strongly urge that the school be continued and have nominated the services of a Mrs. Burroughs to carry on the work until the end of June, next, the Department will approve of her appointment. In this connection I beg to confirm the following night lettergram to you of today's date: -

"Engage Mrs. Burroughs as teacher Seton Lake School.
Total salary of \$60 per month will be allowed until
end of June, next."

Please arrange with Mrs. Burroughs to begin duties as soon as possible. The sum of \$60 per month is the total amount that we can pay her for her services. We note you consider that her qualifications would be satisfactory for the work at this school. Please inform the Department of the date on which she begins duties and also state her Christian name as this information is necessary in the drawing of cheques for her salary.

It may be that more white children will be available for the next school year beginning September 1st and that the Provincial Department of Education would then reconsider their decision and continue their grant towards the salary of the teacher. This question can, however, receive consideration in due time next summer.

Sir:

I beg to inform you that Mr. R. H. Cairns, Inspector of Indian Schools for British Columbia, has recommended the appointment of Mr. S. Thos. Finnegan as teacher of the Seton Lake (Shalalth) Indian Day School, to begin duties September 1st, next. He states that the appointment of Mr. Finnegan is endorsed by Rev. Father Welch.

While Mr. Finnegan has no professional qualifications, he has had 18 years' teaching experience. The salary allowed him will be at the rate of \$30 per month for the ten teaching months in the year. We have informed Mr. Inspector Cairns that his appointment is approved, to take effect on the date mentioned. Please give him every assistance you can in his work at this school.

Sir:

I have to refer to that portion of your report on the Seton Lake Indian Day School for the month of October, last, in which you recommend that the summer holiday period be taken during August and September instead of in July and August. In view of the reasons given by you, the Department will approve of this change in holiday period. Next summer, this school is to be continued in operation during July and the summer holiday period taken during the months of August and September. You will be good enough to instruct the teacher accordingly.

Ottawa, June 17th, 1927.

Sir:

I have your letter of the 11th instant, enclosing the resignation of Mr. S. T. Finnegan, teacher of the Seton Lake Indian Day School, and in reply have to inform you that the same is accepted.

We note that Mr. J. T. Kiernan was appointed to succeed Mr. Finnegan for the balance of the present school year, and that he began duties on April 21st, last. It is doubtful if his services would be satisfactory for the next school year, and in this connection I would refer you to your report on this school for the month of May, last, in which you stated that Mr. Kiernan was unable to control the children. I shall be pleased to be advised whether you consider his services would be satisfactory for the next school year, and, if not, if you could arrange for the nomination of a suitable teacher.

At the end of the present quarter, the usual quarterly report showing the attendance, days taught, etc., should be prepared and forwarded through your office. The number of days taught by Mr. Finnegan and Mr. Kiernan should be clearly stated thereon, in order that the proper adjustment of salaries can be made.

Sir:

I have your letter of the 30th ultimo, informing the Department that Mr. S. T. Finnegan, teacher of the Seton Lake Indian Day School, has, on account of illness, been ordered by his doctor to give up duties temporarily, and that a substitute has been engaged to teach until he is able to resume work.

In reply I beg to say that the department will approve of the leave of absence granted, and I have to request that you will forward full information as to the name of the substitute teacher, and also the date the substitute began duties. If you have the information, you should also state the date it is expected Mr. Finnegan will be able to resume duties. When forwarding the quarterly return for the current quarter, Mr. Finnegan should enclose a certificate from his doctor.

Sir:

I have to acknowledge receipt of your letter of the 21st instant, enclosing an application from Jos. P. Kieran for the position of teacher at the Seton Lake Indian Day School, together with copies of testimonials, etc., regarding his ability, character, etc. It is noted that Miss Wadell will remain at the Osoyoos Indian Day School and that her services will, therefore, not be available for the Seton Lake School.

In view of your recommendation and that of Mr. Inspector Cairns, the Department will approve of the temporary appointment of Mr. Jos. P. Kieran. It is noted that he has no professional qualifications. His retention in the position will depend entirely upon the success with which he meets in his work. The salary allowed him will be at the rate of \$80 per teaching month. Please inform Mr. Kieran of his appointment and arrange with him to take up duties as soon as possible.

Your telegram of the 28th received. We are informing Mr. Inspector Cairns by wire that the appointment of Mr. Kieran is approved.

Ottawa, July 29th, 1931.

Sir,-

I have your letter of the 22nd instant, nominating the services of Mr. Desmond Barden-Murphy as teacher of the Seton Lake (Shalalth) Indian Day School for the coming school year and enclosing a communication which you received from Mr. Inspector Barry, recommending the appointment.

In reply I have to say that the Department will approve of the appointment of Mr. Barden-Murphy to begin duties on or about September 1st, next. The salary allowed him will be at the rate of \$90 per teaching month. The qualifications which he possesses have been noted and the Department looks forward to his making a success of the work at this school. Please notify him of his appointment and arrange with him to take up duties when the school reopens after the present summer holidays.

Your obedient servant,

A. F. MacKenzie

Sir:-

I herewith beg to enclose a letter from Mr. Frank Grist, the teacher at the Shalalth Indian Day School, on the Slosk Indian Reserve Seton Lake No. 1, which will speak for itself.

In regard to the account which Mr. Grist tells me to destroy, this is for hot drinks for luncheon at this school in September. It seems that my letter advising Mr. Grist that this was discontinued during September and October did not reach him in time.

In regard to the children having very little besides what they receive at the noon day meal that is supplied by Mr. Grist, I beg to say that this is quite true, as these Indians are a poor lot.

Under these circumstances I would like to recommend that if at all possible the usual \$3.00 be allowed for September and October.

Your obedient servant,

Dear Sir,

I am in receipt of your letter re the lunches for the children, and I think the best thing will be for you to destroy the account which you have received from Mr Allen and I will settle with him. The amount received from the Department has never covered the account and as in some cases I feel confident the lunch is almost the only meal the children receive I have always paid the difference. I was intending writing to you to ask for an increased allowance this year, but under the circumstances I suppose that this is useless.

This is from the Shalalth Indian Day School.

In regard to this I am also enclosing a copy of a letter from Mr. Frank Grist, the teacher of this school, in regard to the desks. The attendance at this school has increased two thirds and is still increasing, so that there are not enough desks for all the children. I would like to recommend that the desks requested by Mr. Grist be supplied as soon as possible.

You will notice that I have made applica-
tion for six desks. These are needed as there now six teen
pupils in attendance and I expect three more when the parents
return to this Reserve. I have at present one girl sitting
at a homemade desk and two small ones at desks which are
far too large for them.

Dear Sir,

Do you think there is any possibility of obtaining a flag for this school? I have been making application for the last eighteen months but so far have not been able to get one.

My reason for applying now is that I heard another teacher had just received a flag from Ottawa, so I thought perhaps we could get one here.

If the Department does supply the flag I would also need 60 feet of rope and a pulley.

Sir:-

Mr. Frank Grist has asked for two panes
of glass, price \$2.00, to replace two that were
broken when they dropped out of the sash at the
Shalalth Indian Day School.

He also wishes to know if the Department
will supply him with a soft ball for the children.
He gave them one himself, but it is now worn out.
He says that this would cost \$1.75.

Mr. Frank Grist, teacher of the Shalalth Indian Day School, has again reminded me that he asked for a flag.

By Department's letter dated February 26, I was instructed to request this flag about the 1st of May, so herewith make request for same, together 50 feet of rope, and a pulley.

Trusting that the Department is now in a position to supply this flag, as this school is in quite a conspicuous position and should fly a flag, as well as for patriotic reasons.

Sir:

I have to acknowledge receipt of the requisition which you forwarded, from the teacher of the Seton Lake (Shalalth) Indian Day School, to be supplied with a number of desks, stove pipe, etc.

In reply I have to say that you may arrange for the purchase and delivery of the quantity of stove pipe required, with damper; two brooms, one galvanized pail, 12 cakes Lifebuoy soap, two gallons of paint. Please obtain an itemized account covering the cost, which you should attach to proper voucher forms and forward for payment.

Regarding the extra desks, I would request that you inform the Department of the name of the manufacturer of the desks at present in use. You should state, also, whether they are single or double desks. If these desks are supplied, it is necessary that they be of the same type as those at present in use, in order to have uniformity in the seating equipment. When we have full information, as requested, consideration will be given as to whether the desks can be supplied.

EXTRACT FROM INSPECTOR G. H. BARRY'S
REPORT DATED SEPT. 24, 1934, ON HIS
INSPECTION OF THE SETON LAKE INDIAN
DAY SCHOOL.

Barry
165/62/5'

Original on 165-62-6.

*See letter to Agent
May 14/36*

The school is a small log building located on P.G.E. Railway Lands. A small rent is now being paid to the P.G.E. Railway for this land. When this was arranged a couple of years ago this school was a considerable distance from any other building. It was in fact in the Brush. Now owing to great activity in the Bridge River Gold Mines, the B. C. Electric town of Bridge River and the P.G.E. village of Shalalth have grown greatly. There are P.G.E. buildings right up to the edge of the school ground. This in addition to the increase of attendance would indicate that it would be much better to have a new school building located on the Indian Reserve and situated much nearer to the homes of the children. The Indian Agent has asked for a new school building for some years; but I would not recommend it previously. Conditions have so greatly changed that I am now willing to support the recommendation of the Indian Agent. The schoolhouse contains a schoolroom about 20' by 16', far too small for the 18 to 20 children who will be attending there this year, and a small badly lighted room attached in which some teachers have lived in the past. The present teacher rents a cottage near the school.

The Department provides \$3.00 per month for the six months November to April for the provision of noon lunches for the children, some of whom come a long way to school. I wish to recommend the increase of this sum to \$5.00 per month for the above months, and the sum of \$3.00 per month for the months of September, October, May and June. Dr. MacQuarrie who visited the school shortly before I did asked me to make this recommendation, and I am very glad to be able to recommend this increase as the money is very badly required and the food given to the children is of great help to them.

In his report regarding his visit to the Seton Lake Indian Day School on September 24th, last, Inspector Barry refers to the hot drink supplied the pupils at noon.

You have not previously requested any authority to supply this hot drink during the academic year 1934-35 and, consequently, it is presumed that it has not yet been served.

If you consider it necessary, you may expend an amount not to exceed \$4.00 a month, in providing a hot drink for the children at the Seton Lake Indian Day School for the period December 1st, 1934, to March 31st, 1935.

Sir,-

Mr. Inspector Barry, in reporting on his visit to the Seton Lake Indian Day School on September 24th, last, states that there is a considerable increase in the attendance and recommends the erection of a new school located on the Indian reserve.

You will remember that, in the latter part of December, 1931, the Department leased a plot of land from the Pacific Great Eastern Railway Company. The building on this land, which is, at present, used for school purposes, was erected by Indians and White residents and has been repaired and added to by the Department. It must be considered Department owned.

Please let me know how far the reserve is from the present school. While we are not aware what amount will be available for building purposes next year, the Department desires you to state if, in the event of a new school being erected, you consider it should be erected on the reserve.

In the event of establishing a school on the reserve, would you consider it advisable to move the building at present used for school purposes to the reserve?

I herewith beg to acknowledge receipt of
Departmental Letter #165-62-5 dated the 14th., inst.,
with reference to the Seton Lake Indian Day School.

In this connection I beg to inform you that
the location of the above mentioned school is within
the P.G.E. Right of Way through the Slosch Indian Reserve
Seton Lake #1, and is therefore, only a few yards from
the Reserve. The Indian Village is approximately one
half mile distant from the school location, so in the
event of a new school I would recommend it be erected
on the Reserve. I would not consider it advisable to
move the present school building as it is poorly
constructed of logs and would, therefore, be difficult
to enlarge to accomodate the increase in attendance.

Any benefits that may be gained would not
justify the expenditure entailed in moving this building
owing to its location and the contour of the land
adjacent.

Sir:

Mr. Frank Grist, teacher of the Shalalth Indian Day School, has asked that the Department continue providing the school lunches after the end of March allowing \$3.00 per month in place of \$5.00 he has been having during the Winter. He states that Doctors Wall and McQuarrie, on the occasion of their visit to the school, said they would recommend that the lunch allowance be \$5.00 during the winter and \$3.00 during the rest of the year.

In this connection I may add that the Seton Lake Indians are a Band financially poor, have very little land that is cultivated or able to be cultivated, I would therefore respectfully suggest that the Department allow these lunches as asked for by the teacher.

Sir:-

I will be much obliged if you will let me know if I am authorized to supply the children of the Shalalth Indian Day School, at Seton Lake I.R.No. 1, with hot drinks at luncheon, amounting to not more than \$3.00 per month beginning with September.

OK
In regard to this I beg to say that these children are all underfed, owing to the lack of funds of their parents, whose land is not much good for agriculture and work outside the reserve is very scarce. Owing to this I would strongly recommend that they be allowed this help in September and October, as well as the rest of the year.

Sir:-

I herewith beg to petition the Department to supply the Shalalth Indian Day School with the following:

Desks for Beginners No. 54 - 6.

In regard to this these desks are very badly needed. Some of the children having to double up in single seats now, when there are eighteen on the roll as there are only fifteen single seats. In October there will be two more children enrolled and no desks for them.

Trusting that the Department will allow the desks to be purchased at an early date,

Sir:

I have your letter of the 2nd instant, recommending that 6 desks be supplied for the use of the beginners at the Seton Lake (Shalalth) Indian Day School.

In this connection I have to say that the Department will approve of you arranging for the purchase and delivery of the above number of desks, of the size and type considered necessary. For your information, I may say that the Tait Pipe & Foundry Company, Limited, Vancouver, are manufacturers of school desks and are on the approved list. However, it would be advisable to purchase the desks from the same manufacturer as the type at present in use in the school.

Please obtain an account, in triplicate, covering the cost, with receipts for any freight charges. These accounts, you should attach to proper voucher forms, certify in the usual manner and forward for payment.

Sir -

I herewith beg to acknowledge receipt of departmental letter dated December 3rd, authorizing only \$5.00 for helping with the Christmas tree at Shalalth Indian Day School.

Don't do you
I have also received authority to expend \$6.00 apiece for the Boothroyd and Seabird Island Indian Day Schools.

As the Shalalth School has twenty-three pupils and the other two only eighteen, I think the Department must have made an error in what has been granted that school. Please let me know as soon as possible, if this school is to have only a grant of \$5.00.

Dear Sir:

With reference to your letter of the 10th instant, the amount allowed for Christmas prizes at the Seton Lake Indian Day School was the same as last year. This was due to the fact that if at all possible the Department does not wish to increase the expenditure for any one school. If, however, you believe it necessary to purchase Christmas gifts to the value of \$6 at this school, you may do so.

Yours truly,

Dear Sir:

The Department is in receipt of your letter of the 8th instant, enclosing letter received from the teacher of the Seton Lake Indian Day School with reference to the necessity for the erection of a new building.

It is not possible to secure funds for this purpose in the Appropriation for Indian Education for the current fiscal year. However, it may be possible to secure funds later in the year, but the Department is not in a position to make a definite promise in this regard at the present time. If funds for the purpose are made available at a later date you will be advised.

Sir:-

I herewith beg to enclose a letter from Miss Christene MacLennan, the teacher at the Shalalth Indian Day School, regarding the school.

In regard to this school I wish to corroborate all that Miss MacLennan says in regard to the condition of the building. It certainly is a very poor place to hold school, and I sincerely trust that provision is being made for a new building at this point.

Trusting that a new school will soon be supplied,

Dear Sir:—

May I suggest to you the fact - that the immediate need of a new school building here, is a dire necessity.

An old log building - built in 1923 is long overdue for the discard - and has been repeatedly condemned by Doctors. The school building - which is nineteen feet by fifteen - houses twenty - one pupils - and hence is not in accordance with regulations that nine cubic feet should be allotted for each pupil. I have now an enrollment of twenty - one

pupils, and April 1st. the enrollment will be increased to twenty six. Your Department has been very generous in the distribution of medicine - cod liver oil etc. but were you here to see for yourself - the dilapidated school building - in which my poor pupils are forced to inhabit five hours of the day - you would readily agree - that more comfortable quarters - properly lighted - and properly ventilated - would do infinitely more - to further the good health of the pupils - as well as the happy environment in which to study.

I am sure if you refer this matter to our school Inspector, Mr. Barry, or, our Indian Agent, Mr. Strang they will be glad - to testify to the immediate need of a new school building.

Sir:-

Miss MacLennan, the teacher at the Shalalth Indian Day School, has advised me that \$3.00 is not enough for the hot drinks at luncheon for the pupils, as she has twenty attending the school now.

She says she would like to have at least \$4.00 per month, and I would respectfully recommend that beginning with November 1st, this be raised to \$4.00, if at all possible, until the end of March.

Trusting that the Department will be able to approve of this raise,

I have the honor to be,
Sir,
Your obedient servant,

Dear Sir,-

With reference to your letter of the 7th instant, the Department approves of an allowance of \$4.00 a month, from November 1st, 1936, to April 30th, 1937, for the purchase of supplies required to serve a hot drink to the pupils at the Seton Lake Indian Day School. The serving of this hot drink should be discontinued after April 30th, next.

Yours truly,

Sir:-

I herewith beg to make application for permission to purchase presents for the Christmas tree at Shalalth Indian Day School, at the end of the present term, to cost \$7.50.

In regard to the amount \$7.50, the teacher has asked for this amount, owing to the fact that there are twenty pupils attending the school which is more than the other day schools have. Six dollars has not been found adequate in the past few years for the number of children.

Trusting to have a favorable reply,

Dear Sir:

[Handwritten 'R' stamp]
The teacher of the Shalalth Indian Day School has requested a sum of \$4.00 per month to be granted by the Department with which she may purchase food and a hot drink for the Indian Children that attend school.

As the families in the district around Shalalth are underfed due to poor financial standing of the Indians I would strongly recommend this amount be authorized.

Your obedient servant

Dear Sir:

With your letter of November 5, 1938, you forwarded a copy of Inspector Barry's report regarding his inspection of the Seton Lake Indian day school. The Inspector wrote in part as follows:

"The Seton Lake Indian Day School is carried on in a very old log shack. As previously reported you will find that the school building is located on the lands of the P.G.E. Railway Co., and that we pay a certain rent.

"Should it be decided to build a small modern school here such a school would of course not be located on the railway property, but on the Indian Reserve. A new school to accommodate at least thirty children is required just as soon as the Department can find the funds for its erection."

It is hoped to be able to provide funds in the supplementary estimates for the erection of a new school at this point and I should, therefore, appreciate your completing the enclosed data form.

You will note that Inspector Barry suggests a school to accommodate 30 pupils. Do you consider that the school should be built large enough for this number? Should teacher's living quarters be also provided?

The Surveys & Engineering Branch prepare the plans for our Indian schools and while definite answers should be given to all questions on the form particular

attention should be given to furnishing explicit information under the headings -- "Description of site and conditions; etc." and "Water supply: system required; source of water, etc.". When replying you might let me have an estimate of the cost for which you consider a school could be erected on the Seton Lake Reserve. It would be appreciated if you would give this matter your early attention.

Yours truly,

Sir:-

I beg to forward herewith, a letter from Miss F.A. Roussel, teacher at Seton Lake Indian Day School, in regard to the condition of the school building.

I would respectfully recommend that if at all possible a new school house be built for this area of Seton Lake. The present building is in extremely poor condition, it is in a poor environment, the window lighting is insufficient, the desk seating inadequate, and the ventilation in the school room is poor.

Dear Sir:

I would like to suggest to you that the immediate need of a new school building here is a dire necessity.

The school, an old log building, is long overdue for the discard and has been repeatedly condemned by Doctors.

The school building, which is twenty feet long by sixteen feet wide and nine feet ^{high}, houses seventeen pupils. After September the enrolment will probably be increased to twenty. Hence the school is not in accordance with regulations that each person should have 3000 cubic feet per hour.

Your Department has been so very generous in the distribution of medicine that if were you

here to see for yourself the dilapidated school in which my poor pupils are forced to inhabit five hours of the day, you would readily agree that more comfortable quarters, properly lighted and ventilated, would do infinitely more to further the children's good health as well as ^{to create} a happy environment in which to study and play.

I am sure if you refer this important matter to the school inspector, Captain Barry, or to our Agent, Mr. Strang, they will be glad to testify to the immediate need of a new school building.

Thanking you for your kind consideration in the matter, I am hoping for a favorable reply.

Yours very sincerely,

PROPOSED BUILDING DATA

NAME OF BUILDING Seton Lake (Shalalth) Indian Day School

LOCATION Seton Lake I.R. No. 1

PROVINCE British Columbia

BRANCH Indian Affairs DATE June 6, 1939.

APPROPRIATION \$ VOTE

RECOMMEND CONSTRUCTION BY: ~~DAY LABOUR~~ CONTRACT

REASON: CLASS OF INDIAN DAY LABOUR AVAILABLE.

Indians unskilled labourers. Contract should require their employment as far as possible.

BUILDING REQUIREMENTS: ROOMS AND ACCOMMODATION; NUMBER OF PUPILS; TYPE OF CONSTRUCTION.

Frame building consisting of one schoolroom to accommodate up to thirty pupils, the usual cloak rooms, and two small rooms, one to be used as a room for vocational training of girls and one for the storage of drugs and as a dispensary.

DESCRIPTION OF SITE AND CONDITIONS; SUBMIT PLAN; NORTH POINT; NATURE OF SOIL, DRAINAGE REQUIREMENTS AND ANY OTHER PARTICULARS.
On a hill side within about one hundred yards of Seton Lake but not on P.G.E. property. The soil is rocky with natural drainage.

WATER SUPPLY: SYSTEM REQUIRED; SOURCE OF WATER, ETC.
Present supply is from Seton Lake by bucket, about one hundred yards from and a hundred feet below school.

Indian Affairs. (RG 10, Volume 6411, file 841-5, part 3)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

TOILET FACILITIES: SEWAGE DISPOSAL; SYSTEM REQUIRED; LOCATION.
Two outdoor toilets. Pits would have to be dug or excavated.

HEATING SYSTEM: TYPE OF FURNACE OR BOILER; FUEL.
Hot air furnace to take wood and with two pipes to schoolroom and one to each of other rooms.

LIGHTING SYSTEM: SOURCE OF POWER; SPECIAL REQUIREMENTS.
B.C. Electric lines are available near site but electric light is perhaps not essential although present school is very dark. Owing to high mountains, winter lighting is poor and very large windows will be necessary.

BUILT-IN EQUIPMENT REQUIRED: BLACKBOARD AREA; CUPBOARDS, ETC.

Two large cupboards. Usual asbestoslate or equivalent blackboards four feet wide around two sides of schoolroom. Windows should occupy whole of one side and cupboards and doors the remaining end. Facing the end of the room with blackboard, windows should be on left and rest of blackboard on the right, doors and cupboards at rear. This is the standard arrangement as light must come over left shoulder of pupil.

SHIPPING INSTRUCTIONS FOR MATERIALS: NEAREST SHIPPING POINT
LOCAL TRANSPORTATION FACILITIES TO SITE, ETC.

Shalalth is on the Pacific Great Eastern Railway. There is no road for motor vehicles from Lillooet to Shalalth. Automobiles are freighted from Lillooet on flat cars to Shalalth when on their way to the Bridge River mining area. There is a poor road from the Shalalth P.G.E. Railway yards to the possible site of the new school, but motor trucks could manage this short haul quite well.

REMARKS:

The site for this school should be carefully selected, with care to secure satisfactory recreation ground.
No accommodation necessary for teachers.

Would suggest full concrete basement, with windows to provide light for manual training.

Basement should provide room for hot air furnace, manual training shop and wood storage.

Dear Sir:

Re your File 165-62-5.

With reference to the proposed construction of an Indian Day School replacing the existing structure at Seton Lake I.R. No. 1 (Shalalth) and to your letter of March 23, 1939, I enclose herewith questionnaire submitted, duly completed, with rough sketch plan showing location in relation to the Pacific Great Eastern Railway, by which it will be observed that the building would be located entirely off railway property.

I would prefer a school similar to that erected at Bella Coola and am of the opinion that \$4000.00 should cover the cost of same.

Yours faithfully,

Dr. McGill

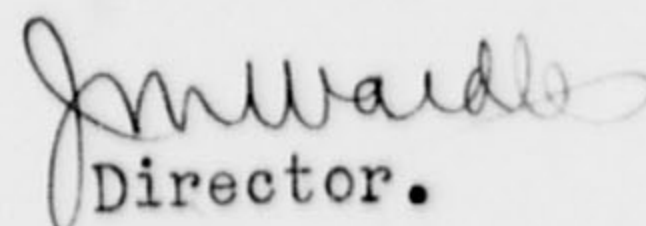

Re: Indian Day School,
Seton Lake, B.C.

I am forwarding herewith two sets of sketch plans prepared by our Architects showing schemes "A" and "B", alternative types of buildings, proposed for the Seton Lake school. The main difference between the two schemes is the entrance motif and the provision for the teacher's room in scheme "B".

Based on the unit cubic foot costs of the Pemberton and Bella Bella schools erected last year by contract, estimated costs of schemes "A" and "B" are \$4,900 and \$5,350 respectively.

It is requested that you have your officers examine these sketch plans and advise if either is satisfactory indicating which scheme is preferable. When this information is received drawings and specifications will be prepared.

AIR MAIL.

Dear Sir:-

With reference to the construction of the new Indian Day School at Seton Lake I. R. No. 1, I would advise that investigation of this Reserve showed that there were no unoccupied building sites, the Pacific Great Eastern Railway for some reason having been permitted to take a right-of-way obviously in excess of railway requirements, thereby taking nearly all the fairly level land on the Reserve.

The most suitable site from the point of exposure, drainage, general accessibility, and offering the most suitable recreation ground facilities on the Reserve, had been partly cleared, fenced and a house erected by the occupant, Sandy Shields, an Indian of the Band. In order to take advantage of this site, it would be necessary to move his house on to a piece of adjoining land, which is not large enough for the School and exposed to the prevailing winds. This property was thoroughly inspected by Messrs. Inspectors Coleman and Barry and Mr. Agent Strang, and it was considered that the minimum valuation of same was, as follows:-

Clearing.....	\$50.00
Fencing.....	50.00
Interest in good site.....	150.00
Cost moving and re- erecting house...	100.00
	<u>\$350.00</u>

The Secretary:

24th Nov., 1939.

But the Indian has expressed willingness to accept \$300.00 for his interest in the land and cost of moving his dwelling, which is considered most reasonable under the circumstances, and I enclose herewith resolution by the Band setting the site aside for School purposes, and acceptance of \$300.00 compensation by the Indian occupant, Sandy Shields, which I would recommend for approval, with the request that I be advised in the matter as soon as possible as the contractors are anxious to proceed with the work before the advent of winter weather.

I would request that at least \$200.00 of this compensation be met from the School Vote and, if necessary, I could purchase lumber, etc. required for the re-erection of the Indian's house from the funds set aside for new buildings and repairs to Indian houses, and would request authorization to proceed to expend whatever is necessary in this connection owing to the lateness of the season and the necessity of housing the Indian's large family without undue delay. If the full compensation is paid in cash, this authorization will not be required.

I would appreciate your instructions by return airmail.

Yours faithfully,

D.M. MacKay.
Indian Commissioner for B.C.

Sir,-

I beg to forward herewith a requisition from the teacher at Seton Lake Indian day school for a kerosene stove, a desk and a chair.

The kerosene stove is required for heating the pupils drinks for their mid-day meals. There is no outlet in the domestic science room of the new school for a stove pipe and it is felt that anyway, a kerosene stove would be much more convenient.

The teacher is at present using a very old and worn out table for her desk and the chair she uses is broken and needs replacing. I would respectfully recommend that the school be supplied with a desk with drawers that can be locked and a good chair to match.

Dear Sir:

Indian Agent Strang has forwarded a request for 1 two-burner kerosene stove, 1 teacher's desk and 1 teacher's chair for use at the Seton Lake School. In forwarding this request the Agent writes:

"The kerosene stove is required for heating the pupils' drinks for their midday meals. There is no outlet in the domestic science room of the new school for a stove pipe and it is felt that anyway, a kerosene stove would be much more convenient.

"The teacher is at present using a very old and worn out table for her desk and the chair she uses is broken and needs replacing. I would respectfully recommend that the school be supplied with a desk with drawers that can be locked and a good chair to match."

If you concur in the Agent's recommendation you may arrange for the purchase of the three articles mentioned above immediately after April 1 as we have no funds at the present time to pay for them.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Dr. McGill

I am forwarding you herewith a set of four photographs showing the Indian Day School at Seton Lake Indian Reserve No. 1, British Columbia, which was completed in January.

At the time these photographs were taken the grading required around the foundation of the School had not been completed, nor had the premises been cleaned up.

The total cost of this project was \$5,362.39, of which \$5,247.42 represented payments to the contractor, the balance being for engineering and other expenses.

Lytton, B.C.,
April 10, 1940.

Sir,-

I beg to submit herewith my voucher No. 1121Y covering an account from Mr. Ira C. Jones, building contractor of Vancouver, B. C., in connection with an extra toilet which he constructed at the new Seton Lake day school. Mr. Jones had the contract to build the new school.

Last December it was thought that if funds were available an extra toilet for the use of the teacher might be provided at the school. Tenders were asked from Mr. Jones and another contractor and the matter was submitted to Major MacKay, Indian Commissioner for B.C. who later advised that no funds were then available for such an expenditure. The matter was then dropped. However, at the end of January this year, Mr. Jones submitted his account for \$40.00 for the cost of constructing a third toilet at the school and I notified him the account could not be forwarded for payment as the expenditure had not been authorized. Mr. Jones admitted in his letter accompanying the account that he had not been instructed to build this toilet but that as there were three built at the Creekside school, he would take the chance of building the extra one at Seton Lake.

It would seem that provision in the beginning for an extra toilet for the use of the teacher would have been desirable and I would therefore respectfully recommend the account be approved if funds are available. Mr. Jones' tender on the construction of the building was the lower of the two received.

Dear Sir:

Mr. Indian Agent Strang has made application for authority to expend \$20.00 for certain improvements at the Seton Lake Indian Day School, Shalalth, B.C. The tender submitted by Mr. Owen, a copy of which is attached, includes the cost of labor.

If funds are available, the expenditure is recommended for favorable consideration, and I should appreciate the Department's decision at an early date.

Yours faithfully,
